A copy of the Prospectus and Product Highlights Sheet ("PHS") can be obtained at AHAM Asset Management's ("AHAM Capital") sales offices or at www.aham.com.my. Investors are advised to read and understand the contents of Prospectus and the corresponding PHS before investing. There are fees and charges involved when investing in the Fund. Investors are advised to consider and compare the fees and charges as well of the risks carefully before investing. Investors should make their own assessment of the risks involved in investing and should seek professional advice, where necessary. The price of units and distribution pays not as well as up and past performance of the fund should not be taken as indicative of its future performance. The Securities Commission Malaysia has not reviewed this marketing/promotional material and taken as indicative of its future performance. The Securities Commission Malaysia has not reviewed this marketing/promotional material and taken as indicative of its future performance. expressly disclaims all liability, however arising from this marketing/promotional material

The data provided above is that of the Fund and is a percentage of NAV as at March 28 2025. All figures are subject to frequent changes on a daily basis and the percentages might not add up to 100% due to rounding.

To invest in a Class other than MYR Class and/or MYR-Hedged Class, investors are required to have a foreign currency account with any Financial Institution as all transactions relating to the particular foreign currency will ONLY be made via telegraphic transfer.

The Mominostar Rating is an assessment of a Fund's past performance-based on both return and risk-which shows how similar investments compare with their competitors. A high rating alone is insufficient basis for an investment decision Where a distribution is declared, investors are advised that following the issue of additional Units/distribution, the NAV per Unit will be reduced from cum-distribution NAV to ex-distribution NAV.

Rased on the Fund's portfolio returns as at February 28 2025, the Volatility Factor (VF) for this Fund is 9.6 for MYR Class (Moderate) (source: Lipper). Very Low includes Funds with VF that are not more than 4.915. Low includes Funds with VF that are above 9.075 but not more than 11.955.
