FUND OVERVIEW

The Fund aims to achieve long-term[^] capital appreciation through an investment that is linked to the global energy sector.

Note:[^]"long-term" in this context refers to a period of between 5 to 7 years.

The Fund's asset allocation is as follows:

- 90% to 100% of Net Asset Value (NAV): Investments in Malaysian bonds, money market instruments and deposits with financial institutions;
- up to 10% of NAV: As capital payment for exposure to a derivative instrument in the form of a swap agreement that will provide the Fund with exposure to the global energy sector. With this capital payment, the Fund can have a notional amount of up to 100% of its NAV exposed to the Underlying which are linked to the global energy sector.

The Fund is suitable for investors who:

- Seek investment opportunities in the global energy sector;
- seek capital growth;
- have a long-term investment horizon; and
- have an appetite for risk to gain higher returns.

DISCLAIMER

Based on the fund's portfolio returns as at 10 April 2025, the Volatility Factor (VF) for this fund is 5.8 and is classified as "Low" (source: Lipper). "Low" includes funds with VF that are above 5.0 but not more than 9.2 (source: Lipper). The VF means there is a possibility for the fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by Lipper based on quintile ranks of VF for qualified funds. VF is subject to monthly revision. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and its VC.

A Product Highlights Sheet ("PHS") highlighting the key features and risks of the Fund is available and investors have the right to request for a PHS. Investors are advised to obtain, read and understand the contents of the PHS and Prospectus dated 3 September 2017 and its supplementary(ies) (if any) ("collectively known as the Prospectus") before investing. The Prospectus has been registered with the Securities Commission Malaysia ("SC") who takes no responsibility for its contents. The SC's approval or authorization, or the registration of the Prospectus should not be taken to indicate that the SC has recommended or endorsed the fund. Amongst others, investors should consider the fees and charges involved. Investors should also note that the price of units and distributions payable, if any, may go down as well as up. Where a distribution is declared, investors are advised that following the issue of additional units/distribution, the NAV per unit will be reduced from cum-distribution NAV to ex-distribution NAV. Any issue of units to which the Prospectus relates will only be made on receipt of a form of application referred to in the Prospectus. For more details, please call 1-800-88-3175 for a copy of the PHS and the Prospectus or collect one from any of our branches or authorised distributors. Investors are advised that investments are subject to investment risk and that there can be no guarantee that any investment objectives will be achieved. Investors should conduct their own assessment before investing and seek professional advice, where necessary and should not make an investment decision solely based on this Fund Factsheet.

The Manager wishes to highlight the specific risks of the Fund are credit and default risk, interest rate risk, counterparty credit risk associated with derivatives, derivative risk, legal/regulatory risk, returns are not guaranteed, sector risk, currency risk, management risk, risk linked to the MSCI World Energy Index and specific risks relating to both the JPMCCI Energy Excess Return Index and the Contag Indices (collectively, the "Indices"). These risks and other general risks are elaborated in the Prospectus.

This Fund Factsheet is prepared for information purposes only. It does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person who may receive it. Past performance is not necessarily a guide to future performance. Returns may vary from year to year.
