A. DEFINITIONS

Page 3 of the Master Prospectus

(i) The following definitions are hereby inserted after “Business Day”:

- Class NR** refers to a Class of Units of KLF which is denominated in Ringgit Malaysia and is offered to non-individual investors such as institutional or corporate investors.
- Class RI** refers to a Class of Units of KLF which is denominated in Ringgit Malaysia and is offered to individual investors.
- Class(es) of Units** means any class of Units of KLF representing similar interests in the assets of the Fund although a class of Units of the Fund may have different features from another class of Units of the Fund.

Page 5 of the Master Prospectus

(ii) The definitions of “Net Asset Value (NAV)” and “Net Asset Value (NAV) per Unit” are hereby deleted in their entirety and replaced with the following:

- Net Asset Value (NAV)** Net asset value of the Fund is the total value of the Fund’s assets minus its liabilities at the valuation point.

For KLF, there shall be a net asset value of the Fund attributable to each Class of Units.
- Net Asset Value (NAV) per Unit** Net asset value per Unit of the Fund is the NAV divided by its total number of Units in circulation.

For KLF, the net asset value per Unit of a Class of Units is the NAV of the Fund attributable to a Class of Units of the Fund at a particular

This Fourth Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020, the Second Supplemental Master Prospectus dated 28 June 2021 and the Third Supplemental Master Prospectus dated 15 September 2023.

valuation point divided by the number of Units in circulation of that Class of Units at the same valuation point.

Page 6 of the Master Prospectus

(iii) The definitions of “Special Resolution” and “Unit” are hereby deleted in its entirety and replaced with the following:

Special Resolution means a resolution passed at a meeting of Unit Holders duly convened in accordance with the Deed and carried by a majority of not less than three-fourths (3/4) of Unit Holders present and voting at the meeting in person or by proxy.

For the purpose of terminating a Fund or a Class of Units, a special resolution is passed by a majority in number representing at least three-fourths (3/4) of the value of the Units held by the Unit Holders in that Fund or in that Class of Units, as the case may be, present and voting at the meeting in person or by proxy.

Unit means an undivided share in the beneficial interest and/or right in the Fund and a measurement of the interest and/or right of a Unit Holder in the Fund and means a Unit of the Fund; if the Fund has more than one Class of Units, means a unit issued for each Class of Units.

B. THE FUNDS

Page 30 of the Master Prospectus

The following new information in relation to the Classes of Units for KLF is hereby inserted after Inception Date under Section 3.8 – Kenanga Liquidity Fund (KLF) (*formerly known as Libra Liquidity Fund*):

- (ii) The information in relation to KLF in Transaction Details under Section 7.4 – Application and Redemption of Units is hereby deleted in its entirety and replaced with the following:

Fund name	Minimum initial investment	Minimum additional investment		Minimum redemption	Minimum transfer	Minimum holdings
	(RM)	Regular (RM)	Non-regular (RM)	(Units)	(Units)	(Units)
KLF – Class RI	5,000.00	200.00	1,000.00	2,000	5,000	5,000
KLF – Class NR	100,000.00	Not applicable		10,000	5,000	5,000

This Fourth Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020, the Second Supplemental Master Prospectus dated 28 June 2021 and the Third Supplemental Master Prospectus dated 15 September 2023.

- (iii) The first paragraph of redeeming your investment under Section 7.4 – Application and Redemption of Units is hereby deleted in its entirety and replaced with the following:

The Funds do not have any restriction on the frequency of redemption. You may request the Manager to repurchase all or a minimum of 2,000 Units per transaction, except for Class NR of KLF where the minimum redemption amount is 10,000 Units per transaction (*a minimum of 5,000 Units to remain in account at any time*) by simply completing the repurchase form and returning it to the Manager through our appointed agents or direct to our business office.

Page 65 of the Master Prospectus

- (iv) The first paragraph of switching facility under Section 7.4 – Application and Redemption of Units is hereby deleted in its entirety and replaced with the following:

You may move your investments between equity Funds and non-equity Funds, whereby a movement from a non-equity Fund into an equity Fund will attract a switching fee of up to 5% of the NAV per Unit. All switches are subject to the availability of Units. Switching between Classes of Units is not allowed for KLF.

Switching from Islamic Funds to a conventional Fund is not encouraged especially for Muslim Unit Holders.

E. SALIENT TERMS OF THE DEEDS

Page 80 of the Master Prospectus

- (i) Item (k) under Permitted Expenses Payable by the Funds is hereby deleted in its entirety and replaced with the following:

(k) costs, fees and expenses incurred in the termination of the Fund or Class of Units or the removal of the Trustee or the Management Company and the appointment of a new trustee or management company;

Pages 81-82 of the Master Prospectus

- (ii) The following information in relation to termination of a Class of Units of the Fund is hereby inserted after Termination of the Fund:

Termination of a Class of Unit of the Fund (*applicable to KLF only*)

The Management Company may terminate a particular Class of Units if a Special Resolution is passed at a meeting of Unit Holders of that Class of Units to terminate that Class of Units. The Management Company may only terminate that Class of Units if the termination of that Class of Units does not prejudice the interests of Unit Holders or any other Class of Units. For the avoidance of doubt, the termination of a Class of Units shall not affect the continuity of any other Class of Units of the Fund.

The Management Company also may, without having to obtain the prior approval of the Unit Holders terminate a particular Class of Units if such termination is in the best interests of the Unit Holders of a particular Class of Units and the Management Company in consultation with the Trustee deems it to be uneconomical for the Management Company to continue managing the Class of Units.

This Fourth Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020, the Second Supplemental Master Prospectus dated 28 June 2021 and the Third Supplemental Master Prospectus dated 15 September 2023.

- (iii) The information in relation to provisions governing Unit Holders' meetings is hereby deleted in its entirety and replaced with the following:

The quorum required for a meeting of the Unit Holders of the Fund or a Class of Units, as the case may be, shall be five (5) Unit Holders, whether present in person or by proxy; however, if the Fund or a Class of Units, as the case may be, has five (5) or less Unit Holders, the quorum required for a meeting of the Unit Holders of the Fund or a Class of Units, as the case may be, shall be two (2) Unit Holders, whether present in person or by proxy. If the meeting has been convened for the purpose of voting on a Special Resolution, the Unit Holders present in person or by proxy must hold in aggregate at least twenty-five per centum (25%) of the Units in circulation of the Fund or a particular Class of Units, as the case may be, at the time of the meeting. If the Fund or a Class of Units, as the case may be, has only one (1) remaining Unit Holder, such Unit Holder, whether present in person or by proxy, shall constitute the quorum required for the meeting of the Unit Holders of the Fund or a Class of Units, as the case may be.

- (iv) The information in relation to meetings directed by Unit Holders is hereby deleted in its entirety and replaced with the following:

Unless otherwise required or allowed by the relevant laws, the Management Company shall, within twenty-one (21) days of receiving a direction from not less than fifty (50) or one-tenth (1/10), whichever is less, of all the Unit Holders of the Fund or of a particular Class of Units, as the case may be, at the registered office of the Management Company summon a meeting of the Unit Holders of the Fund or of that Class of Units by:

- (a) sending by post at least seven (7) days before the date of the proposed meeting a notice of the proposed meeting to all the Unit Holders at his last known address or, in the case of jointholders, to the jointholder whose name stands first in the records of the Management Company at the jointholder's last known address;
- (b) publishing at least fourteen (14) days before the date of the proposed meeting an advertisement giving notice of the proposed meeting in a national language newspaper published daily and another newspaper approved by the relevant authorities; and
- (c) specifying in the notice the place and time of the meeting and the terms of the resolutions to be proposed at the meeting.

The Unit Holders may direct the Management Company to summon a meeting for any purpose including, without limitation, for the purpose of:

- (a) requiring the retirement or removal of the Management Company;
- (b) requiring the retirement or removal of the Trustee;
- (c) considering the most recent financial statements of the Fund;
- (d) giving to the Trustee such directions as the meeting thinks proper; or
- (e) considering any matter in relation to the Deed,

provided always that the Management Company shall not be obliged to summon such a meeting unless a direction has been received from not less than fifty (50) or one-tenth (1/10), whichever is less, of all the Unit Holders of the Fund or all the Unit Holders of a particular Class of Units.

- (v) Item (e) under Unit Holders meeting convened by the Trustee is hereby deleted in its entirety and replaced with the following:

- (e) deciding on the reasonableness of the annual management fee charged to the Fund or each Class of Units.

D. THE FUNDS

Pages 10 – 11 of the Master Prospectus

- (i) The information on permitted investments under section 3.1 – Kenanga IncomeEXTRA Fund is hereby deleted in its entirety and replaced with the following:

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

- Securities traded on the Bursa Malaysia or any other market considered as an Eligible Market;
- Securities not listed in or traded under the rules of an Eligible Market (“Unlisted Securities”);
- Fixed income securities;
- Money market instruments;
- Collective investment schemes;
- Derivatives for hedging purposes only;
- Liquid assets; and
- Any other kind of investments as permitted by the relevant authorities from time to time.

- (ii) The information on the investment restrictions under Section 3.1 – Kenanga IncomeEXTRA Fund (KIEF) is hereby deleted in its entirety and replaced with the following:

The investment limits or restrictions for KIEF shall be as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

1. The aggregate value of the Fund’s investments in unlisted securities and L&I funds must not exceed 15% of the Fund’s NAV, subject to a maximum limit of 10% of the Fund’s NAV in a single issuer or single L&I fund, as the case may be.

Investment Spread Limits:

1. The value of the Fund’s investments in ordinary shares issued by any single issuer must not exceed 10% of the Fund’s NAV.
2. The value of the Fund’s investments in transferable securities and money market instruments, issued by any single issuer must not exceed 15% of the Fund’s NAV (“single issuer limit”). In determining the single issuer limit, the value of the Fund’s investments in instruments in item 1 under “Exposure Limit” issued by the same issuer must be included in the calculation.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

3. The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV. This single financial institution limit does not apply to placements of deposits arising from:
 - (a) subscription monies received prior to the commencement of investment by the Fund;
 - (b) liquidation of investments prior to the termination of the Fund, where the placement of deposits with various financial institutions would not be in the best interests of Unit Holders; or
 - (c) monies held for the settlement of redemption or other payment obligations, where the placement of deposits with various financial institutions would not be in the best interest of Unit Holders.
4. For investment in derivatives, the Fund's global exposure from derivatives position must not exceed the Fund's NAV at all times. The Fund's exposure to derivatives will be calculated based on commitment approach and the Fund's exposure to counterparty of OTC derivatives will be calculated in the manner as disclosed in the section below under the heading "Use of derivatives".
5. The aggregate value of the Fund's investments in, or exposure to, a single issuer through transferable securities, money market instruments, deposits, underlying assets of derivatives and counterparty exposure arising from the use of OTC derivatives, must not exceed 25% of the Fund's NAV ("single issuer aggregate limit"). In determining the single issuer aggregate limit, the value of the Fund's investments in instruments in item 1 under "Exposure Limit" issued by the same issuer must be included in the calculation.
6. The value of the Fund's investments in units or shares of collective investment schemes that comply with the Guidelines must not exceed 20% of the Fund's NAV.
7. The value of the Fund's investments in transferable securities and money market instruments issued by any group of companies must not exceed 20% of the Fund's NAV ("group limit"). In determining the group limit, the value of the Fund's investments in instruments in item 1 under "Exposure Limit" issued by the issuers within the same group of companies must be included in the calculation.
8. The single issuer limit in item 2 may be raised to 35% of the Fund's NAV if the issuing entity is, or the issue is guaranteed by, either a foreign government, foreign government agency, foreign central bank or supranational, that has a minimum long-term credit rating of investment grade (including gradation and subcategories) by an international rating agency. Where the single issuer limit is increased to 35% of the Fund's NAV, the single issuer aggregate limit in item 5 may be raised, subject to the group limit in item 7 not exceeding 35% of the Fund's NAV.

Investment Concentration Limits:

1. The Fund's investments in shares or securities equivalent to shares must not exceed 10% of the shares or securities equivalent to shares, as the case may be, issued by a single issuer.
2. The Fund's investments in debentures must not exceed 20% of the debentures issued by any single issuer. This limit may be disregarded at the time of acquisition if at that time of acquisition the gross amount of debentures in issue cannot be determined.
3. The Fund's investments in money market instruments must not exceed 10% of the instruments issued by any single issuer. However, this limit does not apply to money market instruments that do not have a pre-determined issue size.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

4. The Fund's investments in collective investment scheme must not exceed 25% of the units or shares in the collective investment scheme.

Pages 12 - 14 of the Master Prospectus

- (iii) The information on the asset allocation under section 3.2 – Kenanga EquityEXTRA Fund (KEEF) is hereby deleted in its entirety and replaced with the following:

The Fund will invest a minimum of 70% of its NAV in equities and equity-related securities. Liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

However, during temporary defensive position, the Fund may invest up to 50% of its NAV in unlisted bonds and fixed income securities as well as commercial papers traded in the money market.

- (iv) The information on the investment restrictions under section 3.2 – Kenanga EquityEXTRA Fund is hereby deleted in its entirety and replaced with the following:

The investment limits or restrictions for KEEF shall be as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

1. The value of the Fund's investments in unlisted bonds and fixed income securities as well as commercial papers traded in the money market must not exceed 50% of the Fund's NAV.
2. The aggregate value of the Fund's investments in L&I funds must not exceed 10% of the Fund's NAV, subject to a maximum limit of 10% of the Fund's NAV in a single L&I fund.

Investment Spread Limits:

1. The value of the Fund's investments in ordinary shares issued by any single issuer must not exceed 10% of the Fund's NAV.
2. The value of the Fund's investments in transferable securities and money market instruments, issued by any single issuer must not exceed 15% of the Fund's NAV ("single issuer limit"). In determining the single issuer limit, the value of the Fund's investments in instruments in item 2 under "Exposure Limit" issued by the same issuer must be included in the calculation.
3. The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV. This single financial institution limit does not apply to placements of deposits arising from:
 - (a) subscription monies received prior to the commencement of investment by the Fund;
 - (b) liquidation of investments prior to the termination of the Fund, where the placement of deposits with various financial institutions would not be in the best interests of Unit Holders; or
 - (c) monies held for the settlement of redemption or other payment obligations, where the placement of deposits with various financial institutions would not be in the best interest of Unit Holders.
4. For investment in derivatives, the Fund's global exposure from derivatives position must not exceed the Fund's NAV at all times. The Fund's exposure to derivatives will be calculated based on commitment approach and the Fund's exposure to counterparty of OTC derivatives will be calculated in the manner as disclosed in the section below under the heading "Use of derivatives".

5. The aggregate value of the Fund's investments in, or exposure to, a single issuer through transferable securities, money market instruments, deposits, underlying assets of derivatives and counterparty exposure arising from the use of OTC derivatives, must not exceed 25% of the Fund's NAV ("single issuer aggregate limit"). In determining the single issuer aggregate limit, the value of the Fund's investments in instruments in item 2 under "Exposure Limit" issued by the same issuer must be included in the calculation.
6. The value of the Fund's investments in units or shares of collective investment schemes that comply with the Guidelines must not exceed 20% of the Fund's NAV.
7. The value of the Fund's investments in transferable securities and money market instruments issued by any group of companies must not exceed 20% of the Fund's NAV ("group limit"). In determining the group limit, the value of the Fund's investments in instruments in item 2 under "Exposure Limit" issued by the issuers within the same group of companies must be included in the calculation.

Investment Concentration Limits:

1. The Fund's investments in shares or securities equivalent to shares must not exceed 10% of the shares or securities equivalent to shares, as the case may be, issued by a single issuer.
2. The Fund's investments in debentures must not exceed 20% of the debentures issued by any single issuer. This limit may be disregarded at the time of acquisition if at that time of acquisition the gross amount of debentures in issue cannot be determined.
3. The Fund's investments in money market instruments must not exceed 10% of the instruments issued by any single issuer. However, this limit does not apply to money market instruments that do not have a pre-determined issue size.
4. The Fund's investments in collective investment scheme must not exceed 25% of the units or shares in the collective investment scheme.

Pages 16 – 17 of the Master Prospectus

- (v) The information on the investment restrictions under section 3.3 – Kenanga BondEXTRA Fund (KBEF) is hereby deleted in its entirety and replaced with the following:

The investment limits or restrictions for KBEF shall be as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

1. The aggregate value of the Fund's investments in unlisted securities must not exceed 15% of the Fund's NAV, subject to a maximum limit of 10% of the Fund's NAV in a single issuer.

Investment Spread Limits:

1. The value of the Fund's investments in transferable securities and money market instruments issued by any single issuer must not exceed 20% of the Fund's NAV ("single issuer limit"). In determining the single issuer limit, the value of the Fund's investments in instruments in item 1 under "Exposure Limit" issued by the same issuer must be included in the calculation. The single issuer limit may be increased to 30% of the Fund's NAV if the debentures is rated by any Malaysian or global rating agency to have the highest long-term credit rating.

7. Where the single issuer limit in item 1 under "Investment spread limits" is increased to 30%, the single issuer aggregate limit in item 5 under "Investment spread limits" may be raised to 30% of the Fund's NAV.

Investment Concentration Limits:

1. The Fund's investment in debentures must not exceed 20% of the debentures issued by any single issuer. This limit may be disregarded at the time of acquisition if at the time of acquisition the gross amount of debentures in issue cannot be determined.
2. No maximum limit is imposed if the issuer is the Malaysian government or BNM or the issue is an issue guaranteed by any of the aforementioned institutions.
3. The Fund's investments in money market instruments must not exceed 10% of the instruments issued by any single issuer. However, the limit does not apply to money market instruments that do not have a pre-determined issue size.
4. The Fund's investments in collective investment scheme must not exceed 25% of the units or shares in the collective investment scheme.

If a rated corporate issue is downgraded to below the minimum credit rating of local short term rating of P3 by RAM or MARC-3 by MARC, or local long term rating of BBB3 by RAM or equivalent rating by other rating agencies, and it causes the investment limit to be breached, the fund manager would use their best efforts to dispose the holdings before maturity, failing which, it shall be held to maturity.

2. The value of the Fund's investments in transferable securities and money market instruments issued by any one group of companies must not exceed 30% of the Fund's NAV ("group limit"). In determining the group limit, the value of the Fund's investments in instruments in item 1 under "Exposure Limit" issued by the issuers within the same group of companies must be included in the calculation.
3. The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV. This single financial institution limit does not apply to placements of deposits arising from:
 - (a) subscription monies received prior to the commencement of investment by the Fund;
 - (b) liquidation of investments prior to the termination of the Fund, where the placement of deposits with various financial institutions would not be in the best interests of Unit Holders; or
 - (c) monies held for the settlement of redemption or other payment obligations, where the placement of deposits with various financial institutions would not be in the best interest of Unit Holders.
4. For investment in derivatives, the Fund's global exposure from derivatives position must not exceed the Fund's NAV at all times. The Fund's exposure to derivatives will be calculated based on commitment approach and the Fund's exposure to counterparty of OTC derivatives will be calculated in the manner as disclosed in the section below under the heading "Use of derivatives".
5. The aggregate value of the Fund's investments in or exposure to, a single issuer through transferable securities, money market instruments, deposits, underlying assets of derivatives and counterparty exposure arising from the use of OTC derivatives, must not exceed 25% of the Fund's NAV ("single issuer aggregate limit"). In determining the single issuer aggregate limit, the value of the Fund's investments in instruments in item 1 under "Exposure Limit" issued by the same issuer must be included in the calculation.
6. The value of the Fund's investments in units or shares of collective investment schemes that comply with the Guidelines must not exceed 20% of the Fund's NAV.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

7. Where the single issuer limit in item 1 under “Investment spread limits” is increased to 30%, the single issuer aggregate limit in item 5 under “Investment spread limits” may be raised to 30% of the Fund’s NAV.

If a short-term money market instrument (including commercial papers) is downgraded to below the credit rating of P1 by RAM or equivalent rating by other rating agencies, such investment will be subject to the asset allocation of up to 30% of the Fund’s NAV. However, if a money market instrument or a fixed income security is downgraded to below the minimum credit rating of P2 or A3 by RAM or equivalent rating by other rating agencies, the fund manager will assess the downgraded credit to determine the viability of the securities’ issuer. A decision is then made on whether to dispose of the securities or to hold it until maturity.

For a defaulted corporate bond, meetings are held with the securities’ issuer, trustees and other holders of the defaulted securities to discuss restructuring and/or repayment plans with a view towards recovery and settlement of the securities.

Investment Concentration Limits:

1. The Fund’s investment in debentures must not exceed 20% of the debentures issued by any single issuer. This limit may be disregarded at the time of acquisition if at the time of acquisition the gross amount of debentures in issue cannot be determined.
2. No maximum limit is imposed if the issuer is the Malaysian government or BNM or the issue is an issue guaranteed by any of the aforementioned institutions;
3. The Fund’s investments in money market instruments must not exceed 10% of the instruments issued by any single issuer. However, the limit does not apply to money market instruments that do not have a pre-determined issue size.
4. The Fund’s investments in collective investment scheme must not exceed 25% of the units or shares in the collective investment scheme.

Investment Concentration Limits:

1. The Fund's investments in Shariah-compliant shares or Shariah-compliant securities equivalent to shares must not exceed 10% of the Shariah-compliant shares or Shariah-compliant securities equivalent to shares, as the case may be, issued by a single issuer.
2. The Fund's investments in sukuk must not exceed 20% of the sukuk issued by any single issuer. This limit may be disregarded at the time of acquisition if at that time of acquisition the gross amount of sukuk in issue cannot be determined.
3. The Fund's investments in Islamic money market instruments must not exceed 10% of the instruments issued by any single issuer. However, this limit does not apply to Islamic money market instruments that do not have a pre-determined issue size.
4. The Fund's investments in Islamic collective investment scheme must not exceed 25% of the units or shares in the Islamic collective investment scheme.

- (xiv) The information on the investment restrictions under section 3.12 – Kenanga ASnitaBOND Fund (KABF) is hereby deleted in its entirety and replaced with the following:

The investment limits/restrictions for KABF shall be as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

1. The aggregate value of the Fund's investments in unlisted Shariah-compliant securities must not exceed 15% of the Fund's NAV, subject to a maximum limit of 10% of the Fund's NAV in a single issuer.

Investment Spread Limits:

1. The value of the Fund's investments in sukuk and Islamic money market instruments issued by any single issuer must not exceed 20% of the Fund's NAV ("single issuer limit"). In determining the single issuer limit, the value of the Fund's

investments in instruments in item 1 under “Exposure Limit” issued by the same issuer must be included in the calculation. The single issuer limit may be increased to 30% of the Fund’s NAV if the sukuk is rated by any Malaysian or global rating agency to have the highest long-term credit rating.

2. The value of the Fund’s investments in sukuk and Islamic money market instruments issued by any group of companies must not exceed 30% of the Fund’s NAV (“group limit”). In determining the group limit, the value of the Fund’s investments in instruments in item 1 under “Exposure Limit” issued by the issuers within the same group of companies must be included in the calculation.
3. The value of the Fund’s placement in Islamic deposits with any single financial institution must not exceed 20% of the Fund’s NAV. This single financial institution limit does not apply to placements of Islamic deposits arising from:
 - (a) subscription monies received prior to the commencement of investment by the Fund;
 - (b) liquidation of investments prior to the termination of the Fund, where the placement of Islamic deposits with various financial institutions would not be in the best interests of Unit Holders; or
 - (c) monies held for the settlement of redemption or other payment obligations, where the placement of Islamic deposits with various financial institutions would not be in the best interest of Unit Holders.
4. For investment in Islamic derivatives, the Fund’s global exposure from Islamic derivatives position must not exceed the Fund’s NAV at all times. The Fund’s exposure to Islamic derivatives will be calculated based on commitment approach and the Fund’s exposure to counterparty of OTC Islamic derivatives will be calculated in the manner as disclosed in the section below under the heading “Use of Islamic derivatives”.
5. The aggregate value of the Fund’s investments in, or exposure to, a single issuer through Shariah-compliant transferable securities, Islamic money market instruments, Islamic deposits, underlying assets of Islamic derivatives and counterparty exposure arising from the use of OTC Islamic derivatives, must not exceed 25% of the Fund’s NAV (“single issuer aggregate limit”). In determining the single issuer aggregate limit, the value of the Fund’s investments in instruments in item 1 under “Exposure Limit” issued by the same issuer must be included in the calculation.
6. Where the single issuer limit in item 1 under “Investment spread limits” is increased to 30%, the single issuer aggregate limit in item 5 under “Investment spread limits” may be raised to 30% of the Fund’s NAV.
7. The single issuer limit in item 1 may be raised to 35% of the Fund’s NAV if the issuing entity is, or the issue is guaranteed by, either a foreign government, foreign government agency, foreign central bank or supranational, that has a minimum long-term credit rating of investment grade (including gradation and subcategories) by an international rating agency. Where the single issuer limit is increased to 35% of the Fund’s NAV, the single issuer aggregate limit in item 5 may be raised, subject to the group limit in item 2 not exceeding 35% of the Fund’s NAV.
8. No maximum limit is imposed if the issuer is the Malaysian government or BNM or the issue is an issue guaranteed by any of the aforementioned institutions.
9. The value of the Fund’s investments in units or shares of Islamic collective investment schemes that comply with the Guidelines must not exceed 20% of the Fund’s NAV.

- (xv) The first and second paragraphs under section 3.13 – Policy on Application of Investment Restrictions of the Funds is hereby deleted in its entirety and replaced with the following:

First paragraph

Any entitlement accruing on the investment held may be excluded when determining compliance with the investment restrictions. However, the entitlement should not be exercised if the exercise results in the breach of any restrictions specified.

Second paragraph

Where the breach of any investment limits or restrictions occurred through an appreciation or depreciation in the value of the investments of the Fund, repurchase of Units or payments made from the Fund, change in capital of a corporation in which the Fund has invested in or downgrade in or cessation of a credit rating, the Management Company should not make any further acquisitions and will take necessary steps and actions to rectify the breach within a reasonable period of not more than three (3) months from the date of the breach. The three (3) month period may be extended if it is in the best interest of Unit Holders and the Trustee's consent is obtained. Such extension will be subject to at least a monthly review by the Trustee. Such limits and restrictions, however, do not apply to securities that are issued or guaranteed by the government of Malaysia or BNM.

E. RISK FACTORS

Page 47 of the Master Prospectus

- (i) The following new information in relation to suspension of repurchase risk is hereby inserted under Section 4 – Risk Factors, General Risks:

g) Suspension of Repurchase Risk

The repurchase of Units of a Fund may be suspended under exceptional circumstances, where the fair value of a material portion of the Fund's assets cannot be reasonably determined. Upon suspension, the Fund will not be able to pay Unit Holders' repurchase proceeds in a timely manner and Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated repurchase timeline. Hence, Unit Holder's investments will continue to be subjected to the risk factors inherent to the Fund. Please refer to Section 7.8 of this Master Prospectus for more information on suspension of dealing in Units.

- (ii) The information in relation to liquidity risk under Specific Risks in Equity Funds is hereby deleted in its entirety and replaced with the following:

c) Liquidity Risk

In a weak and thinly traded market where the transaction volume is low, the investments in the Fund may not be liquidated in the desired amounts without causing the market price of the securities to fall sharply which may negatively affect the value

of the Fund and consequently the value of Unit Holders' investments in the Fund. The fund manager aims to reduce liquidity risk by investing mainly in companies with large market capitalisation of not less than RM200 million, and are fairly liquid.

Page 50 of the Master Prospectus

- (iii) The following new information in relation to Liquidity Risk Management is hereby inserted at the end of Section 4 – Risk Factors:

Liquidity Risk Management

The Manager has established liquidity risk management policy to enable the Manager to identify, monitor and manage the liquidity risk of the Fund in order to meet the repurchase requests from the Unit Holders as well as to safeguard the interests of the remaining Unit Holders. In managing the Fund's liquidity, the Manager will:

- a. ensure the Fund maintains sufficient liquid assets / Islamic liquid assets to meet repurchase requests from Unit Holders;
- b. regularly review the Fund's investment portfolio including its liquidity profile;
- c. monitor the Fund's net flows against repurchase requests during normal and adverse market conditions to ensure the Fund has sufficient cash holdings to mitigate any potential risk in not being able to meet the repurchase requests from Unit Holders; and
- d. where available, obtain cash borrowing / financing on a temporary basis for the purpose of meeting repurchase requests for Units and for short-term bridging requirements.

However, if the Manager has exhausted the above avenue, the Manager will, in consultation with the Trustee and having considered the interests of the Unit Holders, resort to suspend the repurchase of Units to manage the liquidity of the Fund under exceptional circumstances, where the fair value of a material portion of the Fund's assets cannot be reasonably determined. Any repurchase request received by the Manager during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. Please refer to Section 7.8 of this Master Prospectus for more information on suspension of dealing in Units.

5. ADDITIONAL INFORMATION IN RELATION TO ISLAMIC FUNDS

5.1 Shariah Investment Guidelines Adopted by BIMB Securities Sdn Bhd ("BIMB Securities")

The following guidelines are adopted by BIMB Securities in determining the Shariah status of investments of the Funds:

- The Funds must at all times and all stages of its operation comply with Shariah requirements as resolved by the SACSC or in cases where no specific rulings are made by the SACSC, the decisions of the Shariah Adviser.
- The Funds must be established and operated by the Manager, and finally redeemed by the investors on the basis of contracts which are acceptable in Shariah. The banking facilities and short-term money market instruments used for the Funds have

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

to be Shariah-compliant. Similarly, all the other investment instruments must be Shariah-compliant.

- For Shariah-compliant securities listed on Bursa Malaysia, the Funds' investments must be strictly confined to those Shariah-compliant securities on the List of Shariah-Compliant Securities by the SACSC.
- For Islamic money market instruments, sukuk and Islamic deposits, they shall be based on the data readily available on Bank Negara Malaysia, the SC and the financial institutions' websites respectively.
- The SACSC has adopted a standard methodology to determine the Shariah compliance for the securities of companies listed on Bursa Malaysia. This methodology takes into consideration both the quantitative and qualitative aspects of the listed companies.

(a) Quantitative Analysis

The quantitative part is a two-tier benchmark applied to the business activities of the companies and to the financial ratios of the companies. The business activity benchmarks consist of a 5% benchmark and a 20% benchmark.

(i) Business activity benchmarks

For the business activity benchmarks, the revenue or income contribution of Shariah non-compliant business activities to the group revenue or group profit before taxation of the listed companies will be computed and compared against the relevant business activity benchmarks, and must be less than the 5% or the 20% benchmarks.

The 5% benchmark would be applicable to the following business activities:

- Conventional banking and lending;
- Conventional insurance;
- Gambling;
- Liquor and liquor-related activities;
- Pork and pork-related activities;
- Non-halal food and beverages;
- Shariah non-compliant entertainment;
- Interest income¹ from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitration);
- Dividends¹ from Shariah non-compliant investments;
- Tobacco and tobacco-related activities; and
- Other activities deemed non-compliant according to Shariah principles as determined by the SACSC.

¹Interest income and dividends from Shariah non-compliant investments will be compared against the group revenue. However, if the main activity of the company is holding of investment, the dividends from Shariah non-compliant investments will be compared against the group revenue and group profit before taxation.

The 20% benchmark would be applicable to the following activities:

- Share trading in Shariah non-compliant securities;
- Stockbroking business other than Islamic stockbroking company;
- Rental received from Shariah non-compliant activities; and
- Other activities deemed non-compliant according to Shariah principles as determined by the SACSC.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

(ii) Financial Ratio Benchmarks

In addition, the financial ratios for cash in conventional accounts and instruments as well as interest bearing debts over the total assets of the listed companies are also considered in the analysis carried out by the SACSC to determine their Shariah compliance status.

The financial ratios applied are as follows:

- Ratio of cash over total assets
Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.
- Ratio of debt over total assets
Debt will only include interest-bearing debt whereas Islamic financing or sukuk will be excluded from the calculation.

Both benchmark ratios, which are intended to measure *riba and riba*-based elements within a company's balance sheet, must be less than 33%.

(b) Qualitative analysis:

As for qualitative aspect of the Shariah compliance analysis, an additional criterion will be considered namely the public perception or image of the listed company which must be acceptable from the Shariah perspective.

- The SACSC had considered the following criteria for a Special Purpose Acquisition Company to be classified as Shariah-compliant:
 - The proposed business activity should be Shariah-compliant;
 - The entire proceeds raised from the initial public offering should be placed in Islamic accounts; and
 - In the event that the proceeds are invested, the entire investment should be Shariah-compliant.
- Shariah-compliant securities include ordinary shares and warrants (issued by the companies themselves). This means that warrants are classified as Shariah-compliant securities provided the underlying shares are also Shariah-compliant. On the other hand, loan stocks and bonds are Shariah non-compliant securities unless they are structured based on SACSC's approved Shariah rulings, concepts and principles.
- For investment in foreign Shariah-compliant equities, the Funds are only allowed to invest in Shariah-compliant equities which are on the approved lists by the Shariah Adviser. In the event of reclassification of foreign Shariah-compliant equities to be Shariah non-compliant, the Funds are to abide by the rules as laid down by the SACSC and by this Shariah Investment Guidelines. In the event that the Funds wish to invest in foreign Shariah-compliant equities not covered by the approved lists by the Shariah Adviser, the Manager must submit to the Shariah Adviser the latest information pertaining to the issuer's business activities, its complete financial statements and other related information to enable the Shariah Adviser to carry out Shariah screening. The Shariah Adviser applies the screening methodology of the SACSC in this Shariah screening.
- For investments in unlisted Shariah-compliant equities, the Shariah Adviser also applies the screening methodology of the SACSC in its Shariah screening. As such, the Manager must submit to the Shariah Adviser the latest information pertaining to the issuer's business activities, its complete financial statements and other related information to enable the Shariah Adviser to carry out the Shariah screening.
- For investments in Islamic collective investment schemes, the Manager must submit to the Shariah Adviser all pertinent information including the prospectuses, its structures, investment avenues, Shariah investment guidelines, Shariah contracts and Shariah pronouncements by the relevant Shariah advisers advising the Islamic collective investment, for the Shariah Adviser to confirm the Shariah status of the said Islamic collective investment schemes.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

- As for investment in foreign sukuk or any foreign Shariah-compliant investment instruments, the Manager must submit to the Shariah Adviser all pertinent information including the memoranda and prospectuses, its structures, utilisation of the proceeds, Shariah contracts and Shariah pronouncements by the relevant Shariah advisers advising the sukuk issuance or instruments, for the Shariah Adviser to confirm the Shariah status of the sukuk or instruments.
- The Funds may only use derivatives for hedging purposes. Such derivatives must be Islamic derivatives. However, if Islamic derivatives are not available or are not commercially viable, the Funds may use conventional derivatives subject to prior approval from the Shariah Adviser being obtained.
- The decision of the Shariah Adviser shall be final.
- To facilitate the purchase and sale of foreign Shariah-compliant securities and Shariah-compliant investment instruments, there may be a need to have cash placement in a conventional bank account outside Malaysia. In such circumstances, the conventional account should be non-interest bearing and the sole purpose is only to facilitate purchase and sale of foreign Shariah-compliant securities and Shariah-compliant investment instruments. In the event that such a non-interest bearing account is unavailable, all interests earned shall be cleansed and that shall be undertaken annually if not earlier.

5.2 Cleansing Process for the Funds

(a) Wrong Investment

(i) Investment in Shariah non-compliant equity securities

The said investment shall be disposed of or withdrawn with immediate effect, if possible, or otherwise within one (1) calendar month of knowing the status of the investment. In the event that the investment resulted in any gain in the form of capital gain or dividend received before or after the disposal of the investment, it has to be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. The Fund has a right to retain only the investment cost. The Shariah Adviser advises that this cleansing process (namely, channelling of income from wrongful investment to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser) shall be carried out within two (2) calendar months from the said disposal or withdrawal date. If the disposal of the investment resulted in losses to the Funds, the losses are to be borne by the Manager.

(ii) Investment in other Shariah non-compliant instruments (namely, bonds or money market instruments or deposits or collective investment schemes)

The said investment shall be disposed of or withdrawn with immediate effect, if possible, or otherwise within one (1) calendar month of knowing the status of the investment. In the event that the investment resulted in Shariah non-compliant income received before or after the disposal of the investment, it has to be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. The Fund has a right to retain only the investment cost. The Shariah Adviser advises that this cleansing process (namely, channelling of income from wrongful investment to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser) shall be carried out within two (2) calendar months from the said disposal or withdrawal date. If the disposal of the investment resulted in losses to the Funds, the losses are to be borne by the Manager.

(b) Reclassification of Shariah Status of the Funds' Investments

(i) Shariah-compliant equity securities

Reclassification of Shariah status refers to securities which were earlier classified as Shariah-compliant securities but due to failure to meet the set benchmark criteria, are subsequently reclassified as Shariah non-compliant by the SACSC, the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. If on the reclassification effective date, the value of the securities held exceeds or is equal to the investment cost,

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

the Funds which hold such Shariah non-compliant securities must liquidate them. To determine the time frame to liquidate such securities, the Shariah Adviser advises that such securities should be disposed of within one (1) calendar month of reclassification.

Any dividends received up to the reclassification effective date and capital gains arising from the disposal of the said reclassified Shariah non-compliant securities made with respect to the closing price on the reclassification effective date can be kept by the Funds. However, any dividends received and excess capital gain derived from the disposal after the reclassification effective date at a market price that is higher than the closing price on the reclassification effective date shall be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. The Shariah Adviser advises that this cleansing process should be carried out within two (2) calendar months from the above disposal date.

The Funds are allowed to hold the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Funds to keep the dividends received during the holding period until such time when the total amount of the dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Funds are advised to dispose of their holdings. In addition, during the holding period, the Funds are allowed to subscribe to:

- any issue of new securities by a company whose Shariah non-compliant securities are held by the Funds such as rights issues, bonus issues, special issues and warrants [excluding securities whose nature is Shariah non-compliant such as irredeemable convertible unsecured loan stock (ICULS)]; and
- securities of other companies offered by the company whose Shariah non-compliant securities are held by the Funds,

on conditions that the Funds expedite the disposal of the Shariah non-compliant securities. For securities of other companies [as stated in the second bullet above], they must be Shariah-compliant securities.

(ii) Sukuk or Islamic money market instruments or Islamic deposits or Islamic collective investment schemes

This refers to the instruments which were earlier classified as sukuk or Islamic money market instruments or Islamic deposits or Islamic collective investment schemes but due to certain factors such as changes in the issuers' business direction and policy or failure to carry out proper Shariah contracts' transactions, which render the instruments Shariah non-compliant by the relevant authority or the Shariah Adviser. If this occurs, the Manager will take the necessary steps to dispose of or withdraw such bonds or money market instruments or deposits or collective investment schemes.

If on the reclassification effective date, the value of the Shariah non-compliant instruments held exceeds or is equal to the investment cost, the Funds which hold such Shariah non-compliant instruments must liquidate them. To determine the time frame to liquidate such instruments, the Shariah Adviser advises that such reclassified Shariah non-compliant instruments should be disposed of within one (1) calendar month of reclassification.

Any income received up to the reclassification effective date and capital gains arising from the disposal of the said reclassified Shariah non-compliant instruments made on the reclassification effective date can be kept by the Funds.

However, any income received and excess capital gain derived from the disposal after the reclassification effective date at a price that is higher than the price on the reclassification effective date shall be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. The Shariah Adviser advises that this cleansing process should be carried out within two (2) calendar months from the above disposal date.

5.3 Zakat for the Funds

The Funds do not pay zakat on behalf of both Muslim individuals and Islamic legal entities who are investors of the Funds. Thus, investors are advised to pay zakat on their own.

THE SHARIAH ADVISER CONFIRMS THAT THE INVESTMENT PORTFOLIO OF KENANGA SYARIAHEXTRA FUND, KENANGA AMANAH SAHAM WANITA AND KENANGA ASNITABOND FUND COMPRISE INSTRUMENTS THAT HAVE BEEN CLASSIFIED AS SHARIAH-COMPLIANT BY THE SACSC OR THE SHARIAH ADVISORY COUNCIL OF BNM. FOR INSTRUMENTS THAT ARE NOT CLASSIFIED AS SHARIAH-COMPLIANT BY THE SACSC OR THE SHARIAH ADVISORY COUNCIL OF BNM, THE SHARIAH STATUS OF THE INSTRUMENTS HAS BEEN REVIEWED AND DETERMINED IN ACCORDANCE WITH THE RULING ISSUED BY THE SHARIAH ADVISER.

- (ii) The second and third paragraphs, the illustration and note under Cooling-off Right is hereby deleted in its entirety and replaced with the following:

Within the cooling-off period, the refund to the investors, shall be as follow:

- (a) the NAV per Unit on the day the Units were purchased, or the prevailing NAV per Unit at the point of exercise of the cooling-off right (whichever is lower); and
- (b) the sales charge originally imposed on the day the Units were purchased.

The investors shall be refunded within seven (7) Business Days (from the date of receipt of the cooling-off notice by the investors). Any application for cooling-off must be made before the cut-off time of 4.00 p.m. on any Business Day.

For investors who invest via the EPF Member Investment Scheme ("EPF MIS"), the cooling-off period shall be subject to EPF's terms and conditions, and any refund pursuant to the exercise of the cooling-off right will be credited back into your EPF accounts.

- (iii) The following new information in relation to suspension of dealing in Units is hereby inserted after Section 7.7 Unclaimed Moneys Policy:

7.8 SUSPENSION OF DEALING IN UNITS

The Manager may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the dealing in Units due to exceptional circumstances, where there is good and sufficient reason to do so (e.g. where the market value or fair value of a material portion of a Fund's assets cannot be determined).

The Manager will cease the suspension as soon as practicable after the aforesaid circumstances has ceased, and in any event within 21 days of commencement of suspension. The period of suspension may be extended if the Manager satisfies the Trustee that it is in the best interest of Unit Holders for the dealing in Units to remain suspended. Such suspension will be subject to weekly review by the Trustee.

Any repurchase request received by the Manager during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. In such cases, Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated repurchase timeline. Hence, their investments will continue to be subjected to the risk factors inherent to the Fund.

Where such suspension is triggered, the Manager will inform all Unit Holders in a timely and appropriate manner of its decision to suspend the dealing in Units.

TAXATION OF THE FUNDS OFFERED UNDER THE THIRD SUPPLEMENTAL MASTER PROSPECTUS AND UNIT HOLDERS

Dear Sirs,

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

This letter has been prepared for inclusion in the Third Supplemental Master Prospectus in connection with the offer of Units in Kenanga IncomeEXTRA Fund, Kenanga EquityEXTRA Fund, Kenanga BondEXTRA Fund, Kenanga MoneyEXTRA Fund, Kenanga DividendEXTRA Fund, Kenanga TacticalEXTRA Fund, Kenanga Consumer and Leisure Asia Fund, Kenanga Liquidity Fund, Kenanga Global Growth Fund, Kenanga SyariahEXTRA Fund, Kenanga Amanah Saham Wanita and Kenanga ASnitaBOND Fund (“Funds”).

The taxation of income for both the Funds and the Unit Holders are subject to the provisions of the Malaysian Income Tax Act 1967 (“the Act”). The applicable provisions are contained in Section 61 of the Act, which deals specifically with the taxation of trust bodies in Malaysia.

TAXATION OF THE FUNDS

The Funds will be regarded as resident for Malaysian tax purposes since the Trustee of the Funds is resident in Malaysia.

(1) Domestic Investments

(i) General Taxation

Subject to certain exemptions, the income of the Funds consisting of dividends or interest or profit¹ (other than interest or profit¹ which is exempt from tax) and other investment income derived from or accruing in Malaysia, after deducting tax allowable expenses, is liable to Malaysian income tax at the rate of 24 per cent.

Gains on disposal of investments in Malaysia by the Funds will not be subject to Malaysian income tax.

(ii) Dividends and Other Exempt Income

Effective 1 January 2014, all companies would adopt the single-tier system. Hence, dividends received would be exempted from tax and the deductibility of expenses incurred against such dividend income would be disregarded. There will no longer be any tax refund available for single-tier dividends received. Dividends received from companies under the single-tier system would be exempted.

The Funds may receive Malaysian dividends which are tax exempt. The exempt dividends may be received from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Funds will not be taxable on such exempt income.

Interest or profit¹ or discount income derived from the following investments is exempt from tax:

- (a) Securities or bonds issued or guaranteed by the government of Malaysia;
- (b) Debenture² other than convertible loan stocks, approved or authorized by, or lodged with, the Securities Commission Malaysia; and
- (c) Bon Simpanan Malaysia issued by Bank Negara Malaysia.

Interest or profit¹ derived from the following investments is exempt from tax:

- (a) Interest or profit¹ paid or credited by any bank or financial institution licensed under the Financial Services Act 2013 and Islamic Financial Services Act 2013;
- (b) Interest or profit¹ paid or credited by any development financial institution regulated under the Development Financial Institutions Act 2002;
- (c) Bonds, other than convertible loan stocks, paid or credited by any company listed in Bursa Malaysia Securities Berhad ACE Market; and
- (d) Interest or profit¹ paid or credited by Malaysia Building Society Berhad³.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

The interest or profit¹ or discount income exempted from tax at the Fund's level will also be exempted from tax upon distribution to the Unit holders.

Exception: -

i. Wholesale money market fund

With effect from 1 January 2019, the exemption shall not apply to interest income or profit¹ credited to a unit trust that is a wholesale money market fund.

ii. Retail money market fund ("RMMF")

Based on the Finance Act 2021, the interest or profit¹ income of a RMMF will remain tax exempted under Paragraph 35A, Schedule 6 of the Act. However, resident and non-resident Unit Holders (other than individual Unit Holders), who receive income distributed from interest or profit¹ income of the RMMF which are exempted under Paragraph 35A of Schedule 6, will be subject to withholding tax ("WHT") at the rate of 24 per cent. This new WHT will be effective from 1 January 2022 onwards.

The WHT is to be withheld and remitted by the RMMF to the tax authorities within 30 days upon distribution of the income to the Unit Holders.

(2) Foreign Investments

With effect from 1 January 2022, the exemption of foreign-sourced income received in Malaysia is only applicable to a person who is a non-resident.

The Ministry of Finance subsequently announced on 30 December 2021 that subject to conditions, which will be set out in guidelines to be issued by the Inland Revenue Board ("IRB"), the following foreign-sourced income received from 1 January 2022 to 31 December 2026 (5 years) will continue to be exempted from Malaysian income tax:

- Dividend income received by resident companies and limited liability partnerships.
- All classes of income received by resident individuals, except for resident individuals which carry on business through a partnership.

In addition to the conditions already spelt out previously, resident companies, LLPs and individuals (in relation to a partnership business in Malaysia) are required to comply with economic substance requirements in order to qualify for the tax exemption on foreign-sourced dividend income received in Malaysia from outside Malaysia.

Based on clarifications from the IRB, foreign-sourced income (e.g. dividends, interest or profit¹, etc.) of a resident Fund which is received in Malaysia will be subject to tax. There will be a transitional period from 1 January 2022 to 30 June 2022 where foreign-sourced income remitted to Malaysia will be taxed at the rate of 3 per cent on gross income. From 1 July 2022 onwards, any foreign-sourced income remitted to Malaysia will be subject to Malaysian income tax at the rate of 24 per cent for a resident Fund.

Such income from foreign investments may be subject to taxes or withholding taxes in the specific foreign country. Subject to meeting the relevant prescribed requirements, the Funds in Malaysia are entitled for double taxation relief on any foreign tax suffered on the income in respect of overseas investment.

Gains on disposal of foreign investments by the Funds will not be subject to Malaysian income tax.

The foreign income subjected to Malaysian tax at the Funds level will also be taxable upon distribution to the Unit Holders. However, the income distribution from the Funds will carry a tax

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

credit in respect of the Malaysian tax paid by the Funds. Unit Holders will be entitled to utilise the tax credit against the tax payable on the income distribution received by them.

(3) Tax Deductible Expenses

Expenses wholly and exclusively incurred in the production of gross income are allowable as deductions under Section 33(1) of the Act. In addition, Section 63B of the Act provides for tax deduction in respect of managers' remuneration, expenses on maintenance of the register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postages based on a formula subject to a minimum of 10 per cent and a maximum of 25 per cent of the expenses.

(4) Real Property Gains Tax ("RPGT")

With effect from 1 January 2019, any gains on disposal of real properties or shares in real property companies⁴ "chargeable asset" would be subject to RPGT as follows:-

Disposal time frame	RPGT rates (Companies incorporated in Malaysia and Trustee of a trust)
Within 3 years	30%
In the 4 th year	20%
In the 5 th year	15%
In the 6 th year and subsequent years	10%

(5) Sales and Service Tax ("SST")

Effective from 1 September 2018, SST has been reintroduced to replace the Goods and Services Tax ("GST"). Both the Sales Tax Act 2018 and Services Tax Act 2018 have been gazetted on 28 August 2018. The rates for sales tax are nil, 5 per cent, 10 per cent or a specific rate whereas the rate for service tax is at 6 per cent.

Sales tax will be chargeable on taxable goods manufactured in or imported into Malaysia, unless specifically exempted by the Minister. Whereas, only specific taxable services provided by specific taxable persons will be subject to service tax. Sales tax and service tax are single stage taxes. As such, SST incurred would generally form an irrecoverable cost to the business.

In general, the Funds, being collective investment vehicle, will not be caught under the service tax regime.

Certain brokerage, professional, consultancy or management services obtained by the Funds may be subject to service tax at 6 percent. However, fund management services and trust services are excluded from service tax. With effect from 1 January 2019, service tax will apply to any taxable service that is acquired by any business in Malaysia from a non-Malaysian service provider. In this connection, the Funds, being non-taxable person who acquire imported taxable services (if any) will need to declare its imported taxable services through the submission of prescribed declaration, i.e. Form SST-02A to the Royal Malaysian Customs Department ("RMCD").

With effect from 1 January 2020, service tax on digital services was implemented at the rate of 6 per cent. Under the service tax on digital services, foreign service providers selling digital services to Malaysian consumers are required to register for and charge service tax. Digital services are defined as services which are delivered or subscribed over the internet or other electronic network, cannot be delivered without the use of IT and the delivery of the service is substantially automated.

Furthermore, the provision of digital services has also been prescribed as a taxable service when provided by a local service provider with effect from 1 January 2020. Hence, where the

Funds obtain any of the prescribed digital services, those services may be subject to service tax at 6 percent.

TAXATION OF UNIT HOLDERS

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Funds to the extent of the distributions received from the Funds. The income distribution from the Funds will carry a tax credit in respect of the tax paid by the Funds. Unit Holders will be entitled to utilise the tax credit against the tax payable on the income distribution received by them. Generally, no additional withholding tax will be imposed on the income distribution from the Funds; unless the Funds is an RMMF, in which case there is a WHT on distribution from interest or profit¹ income of a RMMF which are exempted under Paragraph 35A of Schedule 6 and distributed to non-individual unitholders.

Corporate Unit Holders, resident⁵ and non-resident, will generally be liable to income tax at 24 per cent on distribution of income received from the Funds. The tax credits attributable to the distribution of income can be utilised against the tax liabilities of these Unit Holders.

Individuals and other non-corporate Unit Holders who are tax resident in Malaysia will be subject to income tax at graduated rates ranging from 1 per cent to 30 per cent. Individuals and other non-corporate Unit Holders who are not resident in Malaysia will be subject to income tax at 30 per cent. The tax credits attributable to the distribution of income will be utilised against the tax liabilities of these Unit Holders.

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions. Depending on the provisions of the relevant country's tax legislation and any double tax treaty with Malaysia, the Malaysian tax suffered may be creditable against the relevant foreign tax.

Effective from 1 January 2022, in respect of distribution from a RMMF, resident and non-resident corporate Unit Holders (other than individual Unit Holders), who receive income distributed from interest or profit¹ income of the RMMF which are exempted under Paragraph 35A of Schedule 6, will be subject to WHT at the rate of 24 per cent, effective from 1 January 2022.

For resident corporate Unit Holders, the WHT is not a final tax. The resident corporate Unit Holders will need to subject the income distributed from interest or profit¹ income of a RMMF which are exempted under Paragraph 35A of Schedule 6 to tax in its income tax returns and the attached tax credit i.e. the 24 per cent WHT suffered will be available for set-off against the tax chargeable on the resident corporate Unit Holders.

For non-resident Corporate Unit Holders, the 24 per cent WHT on income distributed from interest or profit¹ income of a RMMF which are exempted under Paragraph 35A of Schedule 6, is a final tax.

The distribution of exempt income and gains arising from the disposal of investments by the Funds will be exempted from tax in the hands of the Unit Holders.

Any gains realised by Unit Holders (other than those in the business of dealing in securities, insurance companies or financial institutions) on the sale or redemption of the units are treated as capital gains and will not be subject to income tax. This tax treatment will include in the form of cash or residual distribution in the event of the winding up of the Funds.

Based on the Budget 2023 retabled and announced on 24 February 2023, the Government will study the introduction of a Capital Gains Tax for the disposal of unlisted shares by companies beginning 2024 at a lower rate. It is currently unclear whether such Capital Gains Tax, if introduced, will apply to disposal of units in Unit Trust Funds by corporate investors.

Unit Holders electing to receive their income distribution by way of investment in the form of new units will be regarded as having purchased the new units out of their income distribution after tax.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 28 June 2021.

Unit splits issued by the Funds are not taxable in the hands of Unit Holders.

We hereby confirm that the statements made in this report correctly reflect our understanding of the tax position under current Malaysian tax legislation. Our comments above are general in nature and cover taxation in the context of Malaysian tax legislation only and do not cover foreign tax legislation. The comments do not represent specific tax advice to any investors and we recommend that investors obtain independent advice on the tax issues associated with their investments in the Funds.

Yours faithfully,

D. THE FUNDS

Pages 24 to 26 of the Master Prospectus

- (i) The information in relation to investment policy and strategy under Section 3.6 – Kenanga Islamic Fund (KIF) is hereby deleted in its entirety and replaced with the following:

KGIF seeks to maximise total returns by providing investors with a combination of capital appreciation and income distribution, if any, while reducing risk through diversified investments in Shariah-compliant equities which are broadly summarised as follows:

1. to invest in any combination of Shariah-compliant equity and Shariah-compliant equity-related securities globally; and
2. to invest in Shariah-compliant securities globally, which are readily marketable, although a proportion of KGIF may consist of investments in Shariah-compliant equities of smaller quoted companies.

In selecting investments, emphasis is placed on prospects for significant growth in the long term and in particular, companies which have strong fundamentals and sound management.

These give opportunities for investors to opt for capital gains and income in accordance with Shariah requirements.

The Fund's investments will be limited to markets where the regulatory authority is an ordinary or associate member of the International Organization of Securities Commissions.

The investment committee will work closely with the appointed Shariah Adviser to ensure that the investments of the Fund comply with Shariah requirements.

The Fund will be managed on an active investment strategy that will depend on the market conditions and the market outlook, combining a top-down asset and sector allocation process with a bottom-up stock selection process. The asset allocation decision is made after a review of macroeconomic trends in global economies. In particular, we analyse the direction of gross domestic product growth, interest rates, inflation, currencies and government policies. We then assess their impact on corporate earnings and determine if there are any predictable trends, which form the basis for sector selection.

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 29 March 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 18 December 2020.

Asset allocation is actively managed to commensurate with the expected risk/reward ratio of the market. The minimum percentage of investment in Shariah-compliant equities is at least 70% of the NAV at any time.

We adopt an active investment management approach that is not a “frequent-trading” strategy; however, the frequency of our trading strategy will be very much determined by the prevailing market opportunities.

We may employ hedging to reduce the Fund’s exposure to foreign exchange fluctuations as the Fund’s investments may be denominated in foreign currencies. The Fund will limit the use of Islamic derivatives such as Islamic foreign exchange forwards to hedge the foreign currency movements only.

Types and Characteristics of Instruments

The Fund invests in growth Shariah-compliant securities globally irrespective of market capitalisation; however, smaller market capitalised companies may run higher liquidity risk than normal.

Temporary Defensive Measures

These can be undertaken upon consultation with the investment committee and can include high level of cash and/or sukuk over Shariah-compliant equities. The cash will be placed out into Islamic money market instruments and/or Islamic deposits.

- (ii) The information in relation to asset allocation under Section 3.6 – Kenanga Islamic Fund (KIF) is hereby deleted in its entirety and replaced with the following:
- 70% - 98% of the Fund’s NAV - Shariah-compliant equities & Shariah-compliant equity-related securities globally
 - Minimum 2% of the Fund’s NAV - Islamic liquid assets

- (iii) The information in relation to performance benchmark under Section 3.6 – Kenanga Islamic Fund (KIF) is hereby deleted in its entirety and replaced with the following:

Dow Jones Islamic Market World Index.

(Information on performance benchmark can be obtained from www.spglobal.com/spdji/en/indices/equity/dow-jones-islamic-market-world-index/#overview)

Note: The performance benchmark of the Fund will be changed from FTSE-Bursa Malaysia Emas Shariah Index to Dow Jones Islamic Market World Index with effect from the date of this Third Supplemental Master Prospectus.

- (iv) The information in relation to permitted investment under Section 3.6 – Kenanga Islamic Fund (KIF) is hereby deleted in its entirety and replaced with the following:

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there is no inconsistency with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

1. Shariah-compliant securities of companies listed on Bursa Malaysia or traded in or listed on any other Eligible Market (including foreign market);

This Third Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 29 March 2019, the Supplemental Master Prospectus dated 15 April 2020 and the Second Supplemental Master Prospectus dated 18 December 2020.

2. Unlisted Shariah-compliant securities that have been approved by the relevant authorities for listing and quotation on Bursa Malaysia or any other Eligible Market (including foreign market), which are offered directly by the company approved for listing by way of a private placement or a tender basis and as approved by the SACSC and/or Shariah Adviser;
 3. Government investment issue (GII), Islamic accepted bills, Bank Negara monetary notes-i, Cagamas sukuk and other obligation issued or guaranteed by the Malaysian government, BNM and other government-related agencies that comply with Shariah requirements;
 4. Islamic money market instruments;
 5. Islamic deposits with financial institutions;
 6. Islamic derivatives for hedging purposes as approved by the Shariah Adviser; and
 7. Any other form of Shariah-compliant investments as may be agreed upon by the Manager and the Trustee from time to time and approved by the SACSC and/or Shariah Adviser.
- (v) The information in relation to investors' profile under Section 3.6 – Kenanga Islamic Fund (KIF) is hereby deleted in its entirety and replaced with the following:

KGIF is suitable for investors who want a portfolio of global investments that complies with Shariah requirements and at the same time are willing to accept moderate to high risk in order to achieve a reasonable return on their capital over the medium to long term period. This enables the investors to withstand extended periods of market highs and lows in the pursuit of capital growth with KGIF.

- (iii) The following information is hereby inserted immediately after “Country-Specific Risk” under Section 4 – Specific Risks Associated when investing in Fixed Income / Bond Funds:

Derivatives Risk

The Fund may from time to time use derivatives for hedging. Derivatives are financial contracts whose value depend on, or are derived from, the value of an underlying asset, reference rate or index. Such assets may include shares, interest rates, currency exchange rates and stock indices. The use of derivatives may result in a lower NAV price. Some of the risks associated with derivatives are market risk, management risk, credit risk, liquidity risk and counterparty risk. While the hedging strategy will assist in mitigating the potential losses by the Fund, any potential gains from the hedging strategy will be capped as well.

A. DEFINITIONS

Page 4 of the Master Prospectus

The following definition has been inserted after the definition of “IUTA”:

L&I funds refer to leveraged and inverse exchange-traded funds.

B. THE FUNDS

Page 9 of the Master Prospectus

The following paragraph is hereby inserted after the first paragraph of the investment strategy under Section 3.1 – Kenanga IncomeEXTRA Fund (KIEF) (*formerly known as Libra IncomeEXTRA Fund*):

Other Investment Strategies

In addition to the investment strategies discussed above, the Manager may invest up to 10% of the Fund’s NAV in L&I funds. Through the L&I funds, the Manager would be able to hedge against a bearish market or mitigate a panic market sell-down by investing in an inverse exchange-traded fund. On the other note, the Manager may take advantage of a market uptrend by investing in a leveraged exchange-traded fund to enhance the performance of the Fund.

Utilizing L&I funds like all investments involves a certain degree of risk. Though L&I funds is supposedly designed to track the performance of the index, there are bound to have tracking error between the performances of the L&I funds and the tracked index. The market price of L&I funds will generally fluctuate in accordance with the supply of and demand for the units of the L&I funds; whereby the trading price of L&I funds may also differ from the L&I funds’ net asset value. Therefore, the ease with L&I funds can be sold at or near its fair value depending very much on the volume traded on the market. In essence, investing into widely recognized and tradable L&I funds will eventually lead to portfolio management in a more efficient manner. If the fund manager inadvertently makes a wrong investment decision to invest in a leveraged exchange-traded fund during a market downtrend or if the fund manager inadvertently makes a wrong investment decision to invest in an inverse exchange-traded fund during a market uptrend, the NAV of the Fund will be adversely affected. As such, taking a position in L&I funds pose a risk if markets move in an opposite direction, or an opportunity if the positions are correct. However, any gains or losses in the portfolio is limited to the nominal exposure of the L&I funds it partakes in.

As part of KIB’s risk management strategy and policy, KIB will be managing the investments into L&I funds in accordance with its in-house investment rules. In addition, KIB’s risk management team monitors and has oversight over the investment activities undertaken by the Fund. Risk management reports are submitted to the Investment Committee on a quarterly basis.

This Supplemental Master Prospectus is supplementary to and has to be read in conjunction with the Master Prospectus dated 30 November 2019.

This Master Prospectus has been reviewed and approved by the directors of the Manager and they collectively and individually accept full responsibility for the accuracy of the information. Having made all reasonable enquiries, they confirm to the best of their knowledge and belief, that there are no false or misleading statements, or omission of other facts which would make any statement in the Master Prospectus false or misleading.

STATEMENTS OF DISCLAIMER

The Securities Commission Malaysia has authorised the Funds and a copy of this Master Prospectus has been registered with the Securities Commission Malaysia.

The authorisation of the Funds, and registration of this Master Prospectus, should not be taken to indicate that Securities Commission Malaysia recommends the said Funds or assumes responsibility for the correctness of any statement made, opinion expressed or report contained in this Master Prospectus.

The Securities Commission Malaysia is not liable for any non-disclosure on the part of the Manager responsible for the said Funds and takes no responsibility for the contents in this Master Prospectus. The Securities Commission Malaysia makes no representation on the accuracy or completeness of this Master Prospectus, and expressly disclaims any liability whatsoever arising from, or in reliance upon, the whole or any part of its contents.

INVESTORS SHOULD RELY ON THEIR OWN EVALUATION TO ASSESS THE MERITS AND RISKS OF THE INVESTMENT. IF INVESTORS ARE UNABLE TO MAKE THEIR OWN EVALUATION, THEY ARE ADVISED TO CONSULT PROFESSIONAL ADVISERS.

ADDITIONAL STATEMENTS

Investors should note that they may seek recourse under the Capital Markets and Services Act 2007 for breaches of securities laws including any statement in the Master Prospectus that is false, misleading, or from which there is a material omission; or for any misleading or deceptive act in relation to the Master Prospectus or the conduct of any other person in relation to the Funds.

The application of the word “EXTRA” to the Funds’ names does not guaranteed any return on investment.

The word “Dividend” in “DividendEXTRA” is referring to the dividend that the Fund earns from the investment made by the fund manager. Investors are reminded that the dividend earned by the Fund is not a distribution declared by the Fund to its investors.

Kenanga ASnitaBOND Fund (formerly known as Libra ASnitaBOND Fund), Kenanga Amanah Saham Wanita (formerly known as Libra Amanah Saham Wanita) and Kenanga SyariahEXTRA Fund (Libra SyariahEXTRA Fund) have been certified as Shariah-compliant by the Shariah Adviser appointed for those Funds.

This Master Prospectus is not intended to and will not be issued and distributed in any country or jurisdiction other than Malaysia (“Foreign Jurisdiction”). Consequently, no representation has been and will be made as to its compliance with the laws of any Foreign Jurisdiction. Accordingly, no offer or invitation to subscribe or purchase Units of any of the Funds to which this Master Prospectus relates may be made in any Foreign Jurisdiction or under any circumstances where such action is unauthorised.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

3. THE FUNDS

3.1 Kenanga IncomeEXTRA Fund (KIEF) (formerly known as Libra IncomeEXTRA Fund)

KIEF is an open-ended unit trust fund, investing in fixed income securities (including money market instruments) and equities.

FUND CATEGORY

Balanced

FUND TYPE

Income and Growth

INCEPTION DATE

10 September 1999

INVESTMENT OBJECTIVE

The principal objective of the Fund is to provide income* and capital appreciation over a medium to long term investment horizon by investing in a balanced portfolio of fixed income instruments and equities.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

** Distribution of income will primarily be done by way of reinvestment into additional Units. Kindly refer to the distribution policy at page 66 of this Master Prospectus for full details.*

INVESTMENT STRATEGY

The Fund will invest primarily in income-generating securities from both fixed income and equity asset classes. The Fund will be anchored by a relatively stable portfolio of fixed income securities which would be held for their regular income yield. Concurrently, the Fund will also invest in equities that offer high dividend yields. Growth will be the secondary objective of the Fund, which the Manager expects to derive from the gradual capital appreciation of the high-dividend yielding stocks, as well as from selected picks of fundamentally undervalued stocks. While the fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.

ASSET ALLOCATION

The Fund will invest 40% to 60% in equities, and 40% to 60% in fixed income securities (including money market instruments and liquid assets). Liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

Please refer to page 46-52 for detailed explanation of risk management strategies employed by the fund manager.

TEMPORARY DEFENSIVE POSITIONS

During adverse equity market conditions, the Fund may hold a significantly lower amount of equities than the prescribed minimum of 40% and invest instead in liquid and defensive assets*.

** Lower-risk assets such as fixed income securities and/or deposits.*

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

PERFORMANCE BENCHMARK

The composite benchmark consists of 50% MSCI AC Asia Pacific ex-Japan¹ and 50% Maybank 12-months fixed deposit rate².

¹ Source: www.bloomberg.com, ² Source: www.maybank2u.com.my

The Fund has a flexible asset allocation between equities and fixed income securities with a bias for absolute returns. This means that the Fund is focused on achieving a positive return, albeit in a downtrend market rather than beating the benchmark. A composite benchmark comprising indices for the two major assets classes (equity and fixed income securities) is used to provide investors with a reference point for their investments.

Over the long term, equity asset allocation would range between 40% – 60% of the Fund's NAV, and fixed income securities and cash would range between 40% – 60% of the Fund's NAV. Therefore, the composite benchmark is a reflection of the Fund's average asset allocation over the long term of 50% of the Fund's NAV in equity and 50% of the Fund's NAV in fixed income securities and cash.

By definition, absolute returns are the static measure of the actual return an asset achieves over a period of time. Essentially, the Fund seeks to deliver positive returns independent of how the fixed income securities, cash and equity markets perform.

The risk profile of the Fund is not the same as the risk profile of the performance benchmark. There is no guarantee that the Fund will always outperform its benchmark.

PERMITTED INVESTMENTS

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

- Securities traded on the Bursa Malaysia or any other market considered as an Eligible Market;
- Securities not listed in or traded under the rules of an Eligible Market ("Unlisted Securities");
- Securities or instruments listed or traded on foreign markets where the regulatory authority is a member of the International Organization of Securities Commissions (IOSCO);
- Fixed income securities;
- Money market instruments;
- Collective Investment Schemes;
- Derivatives for hedging purposes only;
- Liquid assets; and
- Any other kind of investments as permitted by the relevant authorities from time to time.

INVESTMENT RESTRICTIONS

The investment limits or restrictions for KIEF shall be as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

- The value of the Fund's investments in unlisted securities must not exceed 10% of the Fund's NAV.
- The above exposure limit of unlisted securities does not apply to "unlisted securities" that are:
 - (a) Equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing and quotation, and are offered directly to the Fund by the issuer;
 - (b) Debentures traded on an organised OTC market; and
 - (c) Structured products

Investment Spread Limits:

- The value of the Fund's investments in ordinary shares issued by any single issuer must not exceed 10% of the Fund's NAV;
- The value of the Fund's investments in transferable securities and money market instruments issued by any single issuer must not exceed 15% of the Fund's NAV;

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

- The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV;
- For investments in derivatives:
 - (a) the exposure to the underlying assets must not exceed the investment spread limits stipulated in the Guidelines;
 - (b) the value of the Fund's OTC derivative transaction with any single counter-party must not exceed 10% of the Fund's NAV; and
 - (c) the Fund's exposure from its derivatives position should not exceed the Fund's NAV at all times.
- The aggregate value of the Fund's investments in transferable securities, money market instruments, deposits, and OTC derivatives issued by or placed with (as the case may be) any single issuer/financial institution must not exceed 25% of the Fund's NAV.
- The value of the Fund's investments in units/shares of any collective investment scheme must not exceed 20% of the Fund's NAV; and
- The value of the Fund's investments in transferable securities and money markets instruments issued by any group of companies must not exceed 20% of the Fund's NAV.

Investment Concentration Limits:

- The Fund's investments in transferable securities (other than debentures) must not exceed 10% of the securities issued by single issuer;
- The Fund's investments in debentures must not exceed 20% of the debentures issued by any single issuer.
- The Fund's investments in money market instruments must not exceed 10% of the instruments issued by any single issuer. However, the limit does not apply to money market instruments that do not have a pre-determined issue size; and
- The Fund's investments in collective investment schemes must not exceed 25% of the units/shares in any one collective investment scheme.

INVESTMENT ABROAD

The Fund may invest in the following foreign markets: Hong Kong, Singapore, Indonesia, Thailand, Philippines, Taiwan and Korea.

Details of the policy on the application of the investment restrictions are set out on page 45.

DISTRIBUTION POLICY

Half yearly (if any).

3.2 Kenanga EquityEXTRA Fund (KEEF) (formerly known as Libra EquityEXTRA Fund)

KEEF is an open-ended unit trust fund with a medium to long term investment horizon, which invests primarily in equities and equity-related securities.

FUND CATEGORY

Equity

FUND TYPE

Growth

INCEPTION DATE

10 September 1999

INVESTMENT OBJECTIVE

The primary objective of the Fund is to maximise capital returns over a medium to long term period by investing in an actively-managed, diversified portfolio of equities and equity-related securities.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

INVESTMENT STRATEGY

The fund manager for KEEF shall generally adopt an active investment strategy for different market conditions to enhance risk-adjusted returns through riding market cycles, situational opportunities, value emergence and trend reversal plays.

The fund manager's strategy is to identify key sectors or groups of stocks that the fund manager believes should perform well under an anticipated economic condition. Individual stock selection will then focus on well-managed, financially sound companies with attractive relative valuations and potential for high earnings growth over the medium to long term time frame. The analysis includes ratio analysis on the financial performance of companies, trend analysis to forecast future performance, and stock valuation methods. Occasionally, when market trading is skewed towards index-linked stocks with large market capitalisation, the Fund will attempt to track the performance of the FBM100 by adjusting its portfolio composition accordingly. While the fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.

ASSET ALLOCATION

The Fund will invest a minimum of 70% of its NAV in equities and equity-related securities. Liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

Please refer to page 46-52 for detailed explanation of risk management strategies employed by the Manager.

TEMPORARY DEFENSIVE POSITIONS

During adverse market conditions, or when the fund manager anticipates a downturn in market conditions, the Fund may hold a significantly higher amount of liquid and defensive assets*. The fund manager would be expected to re-align the Fund with the principal strategies when market conditions turn for the better.

* Lower-risk assets such as fixed income securities and/or deposits.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

PERFORMANCE BENCHMARK

The benchmark of the Fund is FBM100¹. The risk profile of the Fund is similar to the risk profile of the performance benchmark. However, there is no guarantee that the Fund will always outperform its benchmark.

PERMITTED INVESTMENTS

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

- Ordinary shares and other equity-related securities such as convertible securities, preference shares, warrants listed on Bursa Malaysia or other public exchanges in Malaysia;
- Liquid assets, unlisted fixed income securities and commercial papers traded in money market;
- Futures contracts traded in futures market, for hedging purposes only;
- The securities that the Fund would deem appropriate for investment should, in general, be issued by companies that exhibit good management track record whereby in addition to strong corporate governance, management is transparent and look after minority interests, a sound history of long term profitability and earning resilience, a strong balance sheet which indicates that balance sheet is not 'over geared'* when compared to peers in the respective industry (since each industry is slightly different), and have a good competitive position whereby the company should be among the top 5 companies in their respective industry, in terms of market share; and
- Any other kind of investment or investments as permitted by the relevant authorities from time to time.

Note:

*The term not 'over geared' is defined as net gearing ratio $\{(total\ debt-cash) / total\ equity\}$ of the company should not be more than 2 times.

INVESTMENT RESTRICTIONS

The investment limits/restrictions for KEEF shall be as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

- The value of the Fund's investments in unlisted bonds and fixed income securities as well as commercial papers traded in the money market must not exceed 50% of the Fund's NAV.

Investment Spread Limits:

- The value of the Fund's investments in ordinary shares issued by any single issuer must not exceed 10% of the Fund's NAV;
- The value of the Fund's investments in transferable securities and money market instruments issued by any single issuer must not exceed 15% of the Fund's NAV;
- The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV;
- The Fund's exposure from its derivatives position should not exceed the Fund's NAV at all times;
- For investments in derivatives, the exposure to the underlying assets of that derivative must not exceed the investment spread limits stipulated in the Guidelines and the value of the Fund's OTC derivative transaction with any single counter-party must not exceed 10% of the Fund's NAV;
- The value of the Fund's investments in structured products issued by a single counter-party must not exceed 15% of the Fund's NAV;
- The aggregate value of the Fund's investments in transferable securities, money market instruments, deposits, OTC derivatives and structured products issued by or placed with (as the case may be) any single issuer/ financial institution must not exceed 25% of the Fund's NAV;
- The value of the Fund's investments in units/shares of any collective investment scheme must not exceed 20% of the Fund's NAV; and
- The value of the Fund's investments in transferable securities and money market instruments issued by any group of companies must not exceed 20% of the Fund's NAV.

3.3 Kenanga BondEXTRA Fund (KBEF) (formerly known as Libra BondEXTRA Fund)

KBEF is an open-ended unit trust fund, investing primarily in high yield*, long term fixed income securities. Its key performance is entirely in search of consistent absolute returns over the long term investment horizon. The Fund expects to maintain a weighted average portfolio maturity appropriate to its stated investment objective. Under normal circumstances, the weighted average term to maturity of investments is expected to be approximately 4 to 8 years.

INCEPTION DATE

8 October 2002

INVESTMENT OBJECTIVE

The primary objective of the Fund is to provide investors with aggressive long term capital growth through investment in high yielding* fixed income securities with a relatively high level of market and financial risks.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

** Relative to Malaysian Government Securities.*

INVESTMENT STRATEGY

Before constructing the Fund's portfolio, the fund manager will analyse the macro environment to enhance risk-adjusted returns by identifying market cycles, situational opportunities, value emergence and trend reversal plays.

With respect to fixed income instruments, the fund manager will focus on consistent, above-average returns (relative to the Fund's performance benchmark) from fundamental research. Emphasis is placed on credit-worthy issuers of debt and investment-grade fixed income instruments. A disciplined application of the 'top-down' investment process is therefore applied, with due consideration given to the credit standing of individual issuers. The fund manager will seek to diversify the investments of the Fund across sectors and individual securities in order to mitigate the risk profile of the portfolio. The frequency of its trading strategy will depend on market opportunities.

ASSET ALLOCATION

The Fund will invest a minimum of 70% of its NAV in fixed income instruments with a minimum credit rating of P3 or BBB3 by RAM or equivalent rating by other rating agencies. Liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

Please refer to page 46-52 for detailed explanation of risk management strategies employed by the fund manager.

TEMPORARY DEFENSIVE POSITIONS

During adverse market conditions, or when the fund manager anticipates a downturn in market conditions, the Fund may lower its fixed income securities exposure below 70% and increase its investments in liquid assets. The fund manager would be expected to re-align the Fund with the principal strategies when market conditions turn for the better.

PERFORMANCE BENCHMARK

The benchmark of the Fund is the Maybank 12-months fixed deposit rate¹. The risk profile of the Fund is not the same as the risk profile of the performance benchmark. There is no guarantee that the Fund will always outperform its benchmark.

PERMITTED INVESTMENTS

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

- Fixed income securities issued by the Malaysian government or BNM or any other government related bodies. Such instruments include Malaysian Government Securities, treasury bills and Bank Negara bills;
- Issues guaranteed by the government of Malaysia or BNM or any state government in Malaysia;
- Issues by banks or financial institutions such as banker's acceptances and negotiable certificates of deposit;
- Corporate bonds. These issues are usually approved by BNM and/or the SC, and/or are rated by RAM or MARC. The credit rating of an issue may also be enhanced through bank guarantees or corporate guarantees;
- Futures contracts traded in futures market, for hedging purposes only; and
- Any other kind of investment or investments as permitted by the relevant authorities from time to time.

INVESTMENT RESTRICTIONS

The investment limits/restrictions for KBEF are as follows, or any other limits as may prescribed by the SC from time to time:

Investment Spread Limits:

- The value of the Fund's investments in debentures issued by any single issuer must not exceed 20% of the Fund's NAV. The single issuer limit may be increased to 30% of the Fund's NAV if the debentures are rated by any domestic or global rating agency to be of the best quality and offer highest safety for timely payment of interest and principal;
- The value of the Fund's investments in debentures issued by any one group of companies must not exceed 30% of the Fund's NAV;
- The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV;

- The value of the Fund's investments in units/shares of any collective investment scheme must not exceed 20% of the Fund's NAV.

Investment Concentration Limits:

- The Fund's investment in debentures must not exceed 20% of the debentures issued by any single issuer;
- No maximum limit is imposed if the issuer is the Malaysian government or BNM or the issue is an issue guaranteed by any of the aforementioned institutions;
- The Fund's investments in money market instruments must not exceed 10% of the instruments issued by any single issuer. However, the limit does not apply to money market instruments that do not have a pre-determined issue size; and

INVESTMENT OBJECTIVE

The Fund seeks to achieve relatively stable returns via income and capital appreciation over the medium to long term by investing principally in high dividend yield* stocks.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

* *Above market average.*

INVESTMENT STRATEGY

The fund manager for KDEF shall generally adopt an active investment strategy for different market conditions to enhance risk-adjusted returns through riding market cycles, situational opportunities, value emergence and trend reversal plays.

The fund manager's strategy is to identify key sectors or groups of stocks that the fund manager believes should perform well under an anticipated economic condition. Individual stock selection will focus on dividend stocks but may occasionally target on high growth or value stocks in which could potentially translate to higher dividend payouts in the future, over the medium to long term time frame. The analysis includes ratio analysis on the financial performance of companies, trend analysis to forecast future performance, and stock valuation methods. Occasionally, when market trading is skewed towards index-linked stocks with large market capitalisation, the Fund will attempt to track the performance of the FBM100 by adjusting its portfolio composition accordingly. Nonetheless, the Fund will focus on dividend paying stocks as per the Investment Objective. While the Fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.

ASSET ALLOCATION

The Fund will invest a minimum of 70% of its NAV in equities and equity-related securities. Liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

3.7 Kenanga Consumer and Leisure Asia Fund (KCLAF) (formerly known as Libra Consumer and Leisure Asia Fund)

KCLAF is an open-ended regional unit trust fund, which seeks to offer investors a wider investment universe of quality growth stocks by investing primarily in those that offer exposure to the consumer and leisure sector in Asia. The Fund will be a proxy to the growth prospects of this burgeoning sector which is expected to be a major beneficiary of rising disposable income in the region. In turn, investors will earn potentially attractive returns. The Fund's key performance is to search for positive absolute returns over the medium to long term (3-5 years) investment horizon.

As one of the world's most dynamic economic zones, Asia is seeing a rapid expansion of its middle class population who, in turn, have increasingly more disposable income to spend. Sectors related to consumer consumption and leisure are expected to be major beneficiaries of this trend and the Fund will target investments in such sectors which would include gaming, hotels, airlines, retail outlets, restaurant chains, consumer electronics and other supporting industries.

FUND CATEGORY

Equity

FUND TYPE

Growth

INCEPTION DATE

18 July 2007

INVESTMENT OBJECTIVE

The Fund seeks to provide capital appreciation over the medium to long term by investing in a diversified portfolio comprising stocks of companies in Asia which are considered to have strong growth prospects and are able to benefit from the rising wealth effect of the region's middle class population.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

INVESTMENT STRATEGY

The fund manager will look for the latest trends and themes reflective of the consumer and leisure focus of the Fund. This would involve an analysis of diverse but relevant sectors and sub-sectors ranging from tourism, hotels, airlines, gaming, general retail, consumer electronics and premium real estate (such as shopping malls or commercial real estate) to the more economically inelastic brewing and tobacco sectors. This list is not exhaustive and the fund manager believes that there are ample areas to invest in within this theme to enable an adequate diversification for different market conditions.

The Fund's investment universe will primarily comprise of companies with a well-established track record, a strong business franchise, professionally run management and proven business models that give them a good competitive edge. Many of these companies will have products and services with brand names that are well known in the region, and in some cases, recognisable worldwide. The quality of these companies should be reflected in their financial track record, for example, a history of steady sales growth, firm profit margins, sustained profitability and prudent balance sheet management.

The fund manager will use an appropriate investment valuation framework to invest in only the stock counters in which the fund manager believes the stock price has yet to fully reflect the company's growth potential or underlying fair value. This framework will include techniques such as measuring a company's prospective price-to-earnings ratio, price-to-book ratio or enterprise value per unit against sector and regional peers, or a discounted cash flow valuation model. While the fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

ASSET ALLOCATION

Generally, the Fund will invest at least 70% of its NAV in equities and equity-related securities, while maintaining a minimum of 50% in non-Malaysian equity (Hong Kong, India, Indonesia, Japan, Korea, Philippines, Singapore, Taiwan, and Thailand markets). Liquid assets shall be maintained at a minimum of 2% of the Fund's NAV and fixed income securities within Malaysia shall be maintained at a minimum of 10% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

Please refer to page 46-52 for detailed explanation of risk management strategies employed by the fund manager.

TEMPORARY DEFENSIVE POSITIONS

In response to adverse economic or market conditions, or when the fund manager anticipates a severe downturn in the market, the Fund as part of its risk management strategy may increase its cash exposure or hold a significantly higher amount of defensive assets, that include short term fixed income securities. This would mean reducing the equity allocation to levels below 70%. The Fund may, when deemed appropriate, utilise futures and/or option contracts but for purposes of hedging currency movements only.

PERFORMANCE BENCHMARK

The benchmark of the Fund is the MSCI AC Asia¹.

¹ Source: www.bloomberg.com.

The risk profile of the Fund is similar to the risk profile of the performance benchmark. However, there is no guarantee that the Fund will always outperform its benchmark.

PERMITTED INVESTMENTS

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

- Securities of Malaysian companies listed on Bursa Malaysia;
- Securities in foreign markets, which markets are permitted by the relevant authorities from time to time;
- Fixed income securities issued by the Malaysian government or BNM or any other government related bodies. Such instruments include Malaysian Government Securities, treasury bills and Bank Negara Malaysia bills;
- Corporate bonds. These issues are usually approved by BNM and/or the SC, and/or are rated by RAM or MARC. The credit rating of an issue may also be enhanced through bank guarantees or corporate guarantees;
- Issues guaranteed by the government of Malaysia or BNM or any state government in Malaysia;
- Issues by financial institution such as banker's acceptances and negotiable certificates of deposit;
- Liquid assets;
- Futures market and options, for purposes of hedging currency movements only;
- Units or shares in other collective investment schemes; and
- Any other kind of investment as may be agreed upon by the Manager and Trustee from time to time, and permitted by the relevant authority.

INVESTMENT RESTRICTIONS

The investment limits/restrictions for KCLAF shall be as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

- The value of the Fund's investments in unlisted securities must not exceed 10% of the Fund's NAV.

- The above exposure limit of unlisted securities does not apply to unlisted securities that are equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing and quotation, and are offered directly to the Fund by the issuer.

Investment Spread Limits:

- The value of the Fund's investments in ordinary shares issued by any single issuer must not exceed 10% of the Fund's NAV;
- The value of the Fund's investments in transferable securities and money market instruments issued by any single issuer must not exceed 15% of the Fund's NAV;
- The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV;
- The Fund's exposure from its derivatives position should not exceed the Fund's NAV at all times;
- For investments in derivatives, the exposure to the underlying assets of that derivative must not exceed the investment spread limits stipulated in the Guidelines and the value of the Fund's OTC transaction with any single counter-party must not exceed 10% of the Fund's NAV;
- The value of the Fund's investments in structured products issued by a single counter-party must not exceed 15% of the Fund's NAV;
- The aggregate value of the Fund's investments in transferable securities, money market instruments, deposits, OTC derivatives and structured products issued or placed with (as the case may be) any single issuer/ financial institution must not exceed 25% of the Fund's NAV;
- The value of the Fund's investments in units/shares of any collective investment scheme must not exceed 20% of the Fund's NAV; and
- The value of the Fund's investments in transferable securities and money market instruments issued by any group of companies must not exceed 20% of the Fund's NAV.

Investment Concentration Limits:

- The Fund's investments in transferable securities (other than debentures) must not exceed 10% of the securities issued by any single issuer;
- The Fund's investments in debentures must not exceed 20% of the debentures issued by any single issuer;
- The Fund's investments in money market instruments must not exceed 10% of the instruments issued by any single issuer. However, the limit does not apply to money market instruments that do not have a pre-determined issue size; and
- The Fund's investments in collective investment schemes must not exceed 25% of the units/shares in any one collective investment scheme.

INVESTMENT OBJECTIVE

The Fund seeks to preserve capital¹ and maintain a high degree of liquidity while providing steady income² with minimal risk by investing primarily in short term deposits.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

Note:

¹ Unit Holders are to note that this is not a capital guaranteed nor protected Fund. Unit Holders' capital is neither guaranteed nor protected.

² All income distribution will be automatically reinvested into additional Units.

INVESTMENT STRATEGY

The Fund shall generally adopt an active investment strategy by monitoring short term interest rates offered by licensed financial institutions on a daily basis. The Fund will invest 100% of its NAV in Ringgit-denominated short term deposits with licensed financial institutions.

ASSET ALLOCATION

The Fund will invest 100% of the Fund's NAV in Ringgit-denominated short term deposits.

RISK MANAGEMENT STRATEGIES

To mitigate financial institution risks, the Fund will diversify its deposit placements with different financial institutions regulated by BNM.

TEMPORARY DEFENSIVE POSITIONS

No temporary defensive positions will be taken as the Fund will not be investing in any securities or fixed income instruments.

PERFORMANCE BENCHMARK

The benchmark of the Fund is the Maybank Islamic Overnight Deposit Rate.

INCEPTION DATE

18 March 2011

INVESTMENT OBJECTIVE

The Fund seeks to achieve capital growth over a medium to long term period by investing primarily in equities and equity-related securities traded globally. The Fund may also invest in fixed income securities, structured products and money market instruments.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

INVESTMENT STRATEGY

The Fund aims to achieve its investment objective through a diversified investment portfolio of equity and equity-related securities which are listed on the stock exchanges of countries listed in the MSCI ACWI (except for the excluded countries mentioned in the investment strategy of the KREF). The fund will invest at least 70% of its NAV in equities and equity-related securities of companies that are involved in the exploration for and the development, production and marketing of resource products such as energy, minerals, agriculture and related industries. The Fund may also invest in other investments depending on the market outlook and economic conditions.

The Manager will employ a multi-step investment process, combining a bottom-up investment analysis of companies with a top-down macro-analysis asset allocation at country and sector levels. Sector allocation is derived after analysing macroeconomic trends and country dynamics. The Manager believes that investment performance can be achieved by employing a rigorous research process that enables them to identify sound and profitable companies that generate excess return above the MSCI ACWI, being the benchmark's return as well as by identifying companies that are undervalued.

An active investment strategy which emphasises on appropriate asset allocation, for different market conditions to enhance risk-adjusted returns through riding market cycles, situational opportunities, value emergence and trend reversal plays will be adopted.

As of 30 September 2019, the countries within the MSCI ACWI consist of the following:

- Argentina
- Australia
- Austria
- Belgium
- Brazil
- Canada
- Chile
- China
- Colombia
- Czech Republic
- Denmark
- Egypt
- Finland
- France
- Germany
- Greece

This list of countries may be reviewed by MSCI from time to time.

For the avoidance of doubt, the Manager may invest in all the countries mentioned above except Egypt, Israel, Turkey, Colombia, Mexico, Peru and Chile. While the Fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.

In addition to equities and equity-related securities, the other types of investments that the Fund may, amongst others, invest in are fixed income securities and structured products. Structured products are financial instruments designed to facilitate highly customised risk-return objectives by taking a traditional securities (such as stocks and bonds), and replacing the usual payment features with non-traditional payoffs derived not from the issuer's own cash flow, but from the performance of one or more underlying asset. These structured products are equity-linked notes (ELNs), which are principal protected instruments and a form of debt instrument where the final payout is based on the return of the underlying equity, which can be a single stock, basket of stocks or an equity index.

ASSET ALLOCATION

The Fund will invest a minimum of 70% of its NAV in equity and equity-related securities of companies engaged in the exploration for and the development, production and marketing of resource products such as energy, minerals, agriculture and related industries globally which are listed on the stock exchange of countries listed in the MSCI ACWI (except for the excluded countries mentioned above in the investment strategy of the Fund). The Fund may invest a maximum of 28% of the Fund's NAV in fixed income securities and a maximum of 15% of the Fund's NAV in structured products. Cash or liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

An internal allocation for cash and other liquid assets will be maintained to ensure that the Fund is able to meet repurchase requests without jeopardising the Fund's performance. However, this does not preclude the Manager (after consultation with Trustee) from lowering or raising the liquid assets level beyond the stipulated level to allow the Manager to react to the prevailing market conditions and to manage investment risk when circumstances warrant it.

PERFORMANCE BENCHMARK

The benchmark of the Fund is MSCI ACWI¹.

TEMPORARY DEFENSIVE POSITIONS

During adverse market conditions, or when the Manager anticipates a downturn in market conditions, the Fund may hold up to 100% in liquid assets, which are defensive in nature. The Manager would be expected to realign the Fund with principal strategies when market conditions turn for the better.

PERMITTED INVESTMENTS

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

- Securities traded on the Bursa Malaysia or any other market considered as an Eligible Market;
- Securities not listed in or traded under the rules of an Eligible Market ("Unlisted Securities");
- Fixed income securities;
- Money market instruments;
- Structured products;
- Derivatives instruments in Malaysia or any country globally include futures contracts traded in futures market, for hedging purposes only;
- Securities or instruments listed or traded on foreign markets where the regulatory authority is a member of the International Organization of Securities Commissions (IOSCO);
- Cash/Liquid assets; and
- Any other form of investments permitted by the SC which are in line with the Fund's objective.

INVESTMENT RESTRICTIONS

The investment limits/restrictions for KREF are as follows, or any other limits as may be prescribed by the SC from time to time:

Exposure Limit:

- The value of the Fund's investments in unlisted securities must not exceed 10% of the Fund's NAV.
- The above exposure limit of unlisted securities does not apply to unlisted securities that are:
 - (a) Equities not listed or quoted on a stock exchange but have been approved by the relevant regulatory authority for such listing and quotation, and are offered directly to the Fund by the issuer; and
 - (b) Structured products.

Investment Spread Limits:

- The value of the Fund's investments in ordinary shares issued by any single issuer must not exceed 10% of the Fund's NAV;
- The value of the Fund's investments in transferable securities and money market instruments issued by any single issuer must not exceed 15% of the Fund's NAV;
- The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV;
- For investments in derivatives:
 - the exposure to the underlying assets must not exceed the investment spread limits stipulated in the Guidelines;
 - the Fund's exposure from its derivatives position should not exceed the Fund's NAV at all times.
- The value of the Fund's investments in structured products issued by a single counter-party must not exceed 15% of the Fund's NAV. The single counter-party limit may be exceeded if the counter-party has a minimum long term rating that indicates very strong capacity for timely payment of financial obligations provided by any domestic or global rating agency and the structured product has a capital protection feature;

3.10 Kenanga SyariahEXTRA Fund (KSEF) (formerly known as Libra SyariahEXTRA Fund)

KSEF is an open-ended unit trust fund investing in a blend of quoted Shariah-compliant equities, sukuk and other Islamic money market instruments and Islamic futures contracts for hedging purpose only (the Islamic futures contracts are used to manage one's exposure to unexpected price fluctuations in the Shariah-compliant equity and sukuk markets). Its key performance is entirely in search of consistent absolute returns over the medium to long term investment horizon.

FUND CATEGORY

Balanced (Islamic)

FUND TYPE

Growth and to a lesser extent income

INCEPTION DATE

12 March 1996

INVESTMENT OBJECTIVE

The Fund aims to provide investors with medium to long term capital appreciation through investments in specified asset classes by adopting a relatively balanced approach towards Shariah-compliant equities and Islamic fixed income exposures. The Fund aims to achieve capital growth with lower short term volatility than is normally associated with a pure equity fund.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

SHARIAH ADVISER

The Shariah Adviser for this Fund is BIMB Securities Sdn Bhd. Please refer to page 70-71 for details of their roles and responsibilities.

INVESTMENT STRATEGY

The fund manager for KSEF shall generally adopt an active investment strategy for different market conditions to enhance risk-adjusted returns through riding market cycles, situational opportunities, value emergence and trend reversal plays.

The fund manager's strategy is to identify key sectors or groups of Shariah-compliant securities that the fund manager believes should perform well under an anticipated economic condition. Individual Shariah-compliant securities selection will then focus on well-managed, financially sound companies with attractive relative valuations and potential for high earnings growth over the medium to long term time frame. The analysis includes ratio analysis on the financial performance of companies, trend analysis to forecast future performance, and stock valuation methods. Occasionally, when market trading is skewed towards index-linked large capitalised Shariah-compliant securities, the Fund will attempt to track the performance of the FBM EMAS Shariah Index by adjusting its portfolio composition accordingly. While the fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.

With respect to sukuk, the fund manager will focus on consistent, above-average returns (relative to the Fund's performance benchmark) from fundamental research. Emphasis is placed on credit-worthy issuers of sukuk and investment-grade sukuk. A disciplined application of the 'top-down' investment process is therefore applied, with due consideration given to the credit standing of individual issuers. The fund manager will seek to diversify the investments of the Fund across sectors and individual sukuk in order to mitigate the risk profile of the portfolio.

ASSET ALLOCATION

The Fund will invest between 40% to 60% of its NAV in quoted Shariah-compliant equities and Shariah-compliant equity-related securities. The Fund will also invest between 40% to 60% of its NAV in sukuk with a minimum

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

credit rating of P3 or BBB3 by RAM or equivalent rating by other rating agencies and Islamic liquid assets. Islamic liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

Please refer to page 46-52 for detailed explanation of risk management strategies employed by the Manager.

TEMPORARY DEFENSIVE POSITIONS

During adverse market conditions, or when the fund manager anticipates a downturn in market conditions, the Fund may hold a significantly higher amount of Islamic liquid and defensive assets*. The fund manager would be expected to re-align the Fund with the principal strategies when market conditions turn for the better.

* *Lower-risk assets such as sukuk and/or Islamic deposits.*

PERFORMANCE BENCHMARK

The benchmark of the Fund is a composite benchmark comprising 50% of the FBM EMAS Shariah Index¹ and 50% of the Maybank 12 Months Islamic Fixed Deposit-i rate².

¹ Source: www.bursamalaysia.com, ² Source: www.maybank2u.com.my

The Fund has a flexible asset allocation between Shariah-compliant equities and sukuk with a bias for absolute (i.e. positive) returns. This means that the Fund is focused on achieving a positive return, albeit in a downtrend market rather than beating the benchmark. A composite benchmark of indices for the two major asset classes (Shariah-compliant equity and sukuk) is used to provide investors with a reference point for their investments.

Over the long term, Shariah-compliant equities asset allocation would range between 40% – 60% of the Fund's NAV, and sukuk and cash would range between 40% – 60% of the Fund's NAV. Therefore, the composite benchmark is a reflection of the Fund's average asset allocation over the long term of 50% of the Fund's NAV in Shariah-compliant equities and 50% of the Fund's NAV in sukuk and cash.

By definition, absolute returns are the static measure of the actual return an asset achieves over a period of time. The Fund seeks to deliver positive returns independent of how the sukuk, cash and Shariah-compliant equities market perform.

The risk profile of the Fund is not the same as the risk profile of the performance benchmark. There is no guarantee that the Fund will always outperform its benchmark.

PERMITTED INVESTMENTS

Unless otherwise prohibited by the relevant authorities or any relevant law and provided always that there are no inconsistencies with the objective of the Fund, the Fund is permitted under the Deed to invest in the following:

- Shariah-compliant securities of Malaysian companies listed on the recognised stock exchange;
- Units of unrelated Islamic property trust funds listed on Bursa Malaysia;
- Unlisted Shariah-compliant securities that are not traded in or under the rules of an Eligible Market;
- Government and semi-government sukuk, Islamic investment accounts, and Islamic money market instruments;
- Cagamas sukuk, sukuk which are either bank-guaranteed or carrying at least a BBB3 rating by RAM or equivalent rating by other rating agencies;
- Government Investment Issues, Islamic accepted bills, Malaysian currency balances in hand and Islamic deposits (Malaysian currency) with licensed financial institutions;
- Islamic futures contracts traded on an exchange approved for hedging purposes only; and
- Any other kind of Shariah-compliant investment or Shariah-compliant investments as permitted by the relevant authorities from time to time.

3.11 Kenanga Amanah Saham Wanita (KASW) (formerly known as Libra Amanah Saham Wanita)

KASW is an open-ended unit trust fund, investing principally in quoted Shariah-compliant equities and Shariah-compliant equity-related securities.

FUND CATEGORY

Equity (Islamic)

FUND TYPE

Growth and to a lesser extent income

INCEPTION DATE

4 May 1998

INVESTMENT OBJECTIVE

The primary objective of the Fund is to offer relatively good and safe capital growth* over the long term period by investing principally in an actively-managed, diversified portfolio of Shariah-compliant equities and Shariah-compliant equity-related securities.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

** Growth is targeted to be consistent and stable by not taking excessive risk.*

SHARIAH ADVISER

The Shariah Adviser for this Fund is BIMB Securities Sdn Bhd. Please refer to page 70-71 for details of their roles and responsibilities.

INVESTMENT STRATEGY

The fund manager for KASW shall generally adopt an active investment strategy for different market conditions to enhance risk-adjusted returns through riding market cycles, situational opportunities, value emergence and trend reversal plays.

The fund manager's strategy is to identify key sectors or groups of Shariah-compliant securities that the fund manager believes should perform well under an anticipated economic condition. Individual Shariah-compliant securities selection will then focus on well-managed, financially sound companies with attractive relative valuations and potential for high earnings growth over the medium to long term time frame. The analysis includes ratio analysis on the financial performance of companies, trend analysis to forecast future performance, and stock valuation methods. Occasionally, when market trading is skewed towards index-linked large capitalised Shariah-compliant securities, the Fund will attempt to track the performance of the FBM EMAS Shariah Index by adjusting its portfolio composition accordingly. While the fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.

ASSET ALLOCATION

The Fund will invest a minimum of 70% of its NAV in quoted Shariah-compliant equities and Shariah-compliant equity-related securities. Islamic liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

Please refer to page 46-52 for detailed explanation of risk management strategies employed by the Manager.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

TEMPORARY DEFENSIVE POSITIONS

During adverse market conditions, or when the fund manager anticipates a downturn in market conditions, the Fund may hold significantly higher amount of Islamic liquid and defensive assets*. The fund manager would be expected to re-align the Fund with the principal strategies when market conditions turn for the better.

* *Lower-risk assets such as sukuk and/or Islamic deposits.*

PERFORMANCE BENCHMARK

The benchmark of the Fund is the FBM EMAS Shariah Index¹.

¹ *Source: www.bursamalaysia.com*

The risk profile of the Fund is similar to the risk profile of the performance benchmark. However, there is no guarantee that the Fund will always outperform its benchmark.

PERMITTED INVESTMENTS

FUND TYPE

Income

INCEPTION DATE

18 March 2005

INVESTMENT OBJECTIVE

The Fund aims to provide capital preservation¹ with regular income² over the short to medium term period by investing in Islamic money market instruments and sukuk.

Any material changes to the investment objective of the Fund would require Unit Holders' approval.

Note:

¹ *Unit Holders are to note that this is not a capital guaranteed nor protected Fund. Unit Holders' capital is neither guaranteed nor protected.*

² *All income distribution will be automatically reinvested into additional Units.*

SHARIAH ADVISER

The Shariah Adviser for this Fund is BIMB Securities Sdn Bhd. Please refer to page 70-71 for details of their roles and responsibilities.

INVESTMENT STRATEGY

Before constructing the Fund's portfolio, the fund manager will analyse the macro environment to enhance risk-adjusted returns by identifying market cycles, situational opportunities, value emergence and trend reversal plays.

The Fund will adopt an investment strategy which will provide returns comparable to that of short term Islamic money market deposits, and which will at the same time, preserve the Fund's principal value and maintain a high degree of liquidity.

With respect to sukuk, the fund manager will focus on consistent, above-average returns (relative to the Fund's performance benchmark) from fundamental research. Emphasis is placed on credit-worthy issuers of sukuk and investment-grade sukuk. A disciplined application of the top-down investment process is therefore applied, with due consideration given to the credit standing of individual issuers. The fund manager will seek to diversify the investments of the Fund across sectors and individual sukuk in order to mitigate the risk profile of the portfolio.

ASSET ALLOCATION

The Fund will invest a minimum of 70% of its NAV in sukuk. Cash, Islamic deposits and other Islamic liquid assets will be maintained at all times at a minimum of 2% of the Fund's NAV.

RISK MANAGEMENT STRATEGIES

Please refer to page 46-52 for detailed explanation of risk management strategies employed by the Manager.

TEMPORARY DEFENSIVE POSITIONS

During adverse market conditions, or when the fund manager anticipates a downturn in market conditions, the Fund may lower its sukuk exposure below 70% and increase its investments in Islamic liquid assets. The fund manager would be expected to re-align the Fund with the principal strategies when market conditions turn for the better.

PERFORMANCE BENCHMARK

The benchmark of the Fund is the Maybank 12 Months Islamic Fixed Deposit-i rate¹.

Any entitlement accruing on the investment held may be excluded when determining compliance with the investment restrictions. However, the entitlement should not be exercised if the exercise results in the breach of any restrictions specified. Nevertheless, the right of convertibility may be exercised even if it results in the breach of the restrictions, provided there are justifiable reasons and prior approval of the Trustee has been obtained, and the Management Company takes all necessary steps and actions to rectify the breach within a reasonable time of not more than one (1) month from the date of the breach.

A 5% allowance in excess of any limit or restriction may be permitted, where the breach occurred through an appreciation or depreciation of the NAV of the Fund, whether as a result of an appreciation or depreciation in the value of the investments, or as a result of repurchase of units or payment made by the Fund. The Management Company should not make any further acquisitions and will take necessary steps and actions to rectify the breach within a reasonable period of not more than three (3) months from the date of the breach. Such limits and restrictions, however, do not apply to securities that are issued or guaranteed by the government of Malaysia or BNM.

As the minimum liquid assets level for the Fund is specified to ensure sufficient short term liquidity in the Fund to meet operating expenses and possible redemption of the Fund's units, where the level of liquid assets for the Fund drop below the minimum level specified, the Management Company will take all necessary steps and actions to meet the minimum level specified within ten (10) calendar days.

Liquid assets of the Fund may be held in the form of cash, deposits with licensed institutions and/or other institutions licensed or approved to accept deposits and any other instruments, including short term commercial papers, which are convertible into cash within seven (7) days as may be approved by the Trustee. Liquid assets of KSEF, KASW and KABF must comply with Shariah requirements.

4. RISK FACTORS

The risk management team works in tandem with the investment team to ensure the level of risk is suitable to the Funds' overall performance targets. The Funds are constructed and managed within the pre-set investment guidelines i.e. the risk budgets. The risk mitigation strategies adopted by the Manager includes diversification, due diligence, reviews and hedging.

General Risks

Whilst the Manager believes that the investment policy will be effective and that investment in unit trust funds may be rewarding, investors should be aware that there are risks associated with their investment in unit trust funds.

a) Risk of Non-Compliance

The Fund's objective may be affected should the Management Company and the fund managers not adhere to the Fund's investment mandate. To maintain the Fund's integrity, sufficient internal policies, controls and monitoring must be in place to protect the interests of Unit Holders. In this instance, the compliance unit of the Management Company would oversee the operations of the Fund to reduce and mitigate instances of non-compliance with internal policies and the relevant laws, regulations and guidelines.

b) Fund Manager Risk

The performance of the Fund depends on the experience, knowledge and expertise of the fund manager and the investment strategies adopted. The risk remains that the securities which the fund manager selected will not perform as expected. This could cause the Fund's returns to lag behind similar funds' returns.

c) Returns Not Guaranteed

As a result of the risk elements described herein, the returns from the Fund are not guaranteed. The Fund's NAV may go down as well as up.

d) Loan Financing Risk

This risk occurs when investors take a loan/financing to finance their investment. The inherent risk of investing with financing includes investors being unable to service the loan repayments/financing payments. In the event units are used as collateral, an investor may be required to top-up the investors' existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the loan/financing.

Islamic unit trust fund's investors are advised to seek for Islamic financing to finance their acquisition.

e) Political Risk

The investments of the Fund may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies, restriction on repatriation of investments and other restrictions and controls which may be imposed by the relevant authorities in the relevant countries. The Manager shall implement a stringent screening process in respect of the country and region prior to investing to assess the impact of such risk to the performance of the investments.

f) Regulatory Risk

Any changes in national or economic policies or regulations may have an adverse effect on the capital markets and could consequently have an impact on the investments of the Fund. To mitigate the impact of regulatory risk, the Manager will seek to keep abreast of regulatory developments that may affect specific investments of the Fund while attempting to pre-empt any regulatory changes that may adversely impact the investments of the Fund.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

Specific Risks in Equity Funds

a) Market Risk

Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which may affect the performance of the Fund. This is a class of risk that inherently exists in an economy and cannot be avoided by any business or company. Market risk cannot be removed from an investment portfolio by diversification. Investors should, therefore, note that the performance of the Fund might go up or down in accordance with market movement.

b) Stock Specific Risk

Stock specific risk refers to the possibility that an investment will lose value due to factors that are very specific to a company or a small group of companies. Also referred to as unsystematic or diversifiable risk, this class of risk represents the risk unique to a particular company or group of companies due to factors such as capital structure, quality of management, nature of business, and new governmental regulation affecting a particular group of companies. This risk may be greatly reduced through diversification. The fund manager's expertise will also help to reduce exposure to specific risk through proper research prior to sector and stock selection, and by adopting defensive stock selection strategies at appropriate times.

c) Liquidity Risk

In a weak and thinly traded market where the transaction volume is low, the investments in the Fund may not be liquidated in the desired amounts without causing the market price of the securities to fall sharply. The fund manager aims to reduce liquidity risk by investing mainly in companies with large market capitalisation of not less than RM200 million, and are fairly liquid.

d) Currency Risk

The Funds that invest abroad are subject to currency risk as some of their investments will be denominated in foreign currencies. The value of these Funds as expressed in RM will fluctuate in tandem with the changes in the exchange rate between the RM and other currencies. This risk can be mitigated by investing in a portfolio of assets with diverse foreign currencies to avoid over-concentration in a single foreign currency. The Funds may also seek to reduce this risk by hedging the currency exposure. Hedging the currency exposure would cap downside currency risks but also limit any upside returns from a currency appreciation.

e) Country Risk

The Fund's exposure in foreign investments may be affected by risks specific to the country which it invests in. Such risks may include changes in the general political and economic conditions, government policies, tax regime and currency fluctuations. These changes can adversely affect operating profit as well as the value of the assets that the Fund has invested in. Diversifying the Fund's exposure into various foreign markets will mitigate the country risk of the portfolio.

f) Shariah Status Reclassification Risk

This risk refers to the risk that the currently held Shariah-compliant securities in the portfolio of Islamic Funds may be reclassified as Shariah non-compliant in the periodic review of the securities by the SACSC, the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. If this occurs, the Manager will take the necessary steps to dispose of such securities.

Opportunity loss could occur due to the restriction on the Funds to retain the excess capital gains derived from the disposal of the reclassified Shariah non-compliant securities. In such an event, the Funds are required:

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

- (i) to dispose such securities with immediate effect or within one (1) calendar month if the value of the securities exceeds or is equal to the investment cost on the effective date of Reclassification of the List of Shariah-compliant securities ("Reclassification") by the SACSC, the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. The Funds are allowed to keep dividends received and capital gains from the disposal of the securities up to the effective date of Reclassification. However, any dividends received and excess capital gains from the disposal of the Shariah non-compliant securities after the effective date of Reclassification should be channelled to *baitulmal* and/or approved charitable bodies;
- (ii) to hold such securities if the value of the said securities is below the investment cost on the effective date of Reclassification until the total subsequent dividends received (if any) and the market price of the securities is equal to the cost of investment at which time disposal has to take place within one (1) calendar month, capital gains (if any) from the disposal of the securities should be channelled to *baitulmal* and/or approved charitable bodies; or
- (iii) to dispose such securities at a price lower than the investment cost which will result in a decrease in the Funds' value.

Please refer to Shariah Investment Guidelines in Section 5 of the Master Prospectus for further details.

g) Structured Products Risk

The Fund may enter into structured products instruments, which are financial instruments designed to facilitate highly customised risk-return objectives. This is accomplished by taking a traditional securities, and replacing the usual payment features with non-traditional payoffs derived not from the issuer's own cash flow, but from the performance of one or more underlying assets. Unit holders should be aware that there is a risk of higher volatility in the NAV per unit of the Fund when structured products are part of the Fund's investment asset.

There are various risks associated with structured products use. The process by which the Management Company assesses, monitors and controls some of the more important types of risk such as market risk, liquidity risk and currency risk which have a direct influence on the Fund's NAV are mentioned in this section. The Manager will ensure that the exposure to structured product instruments will NOT at any time exceed 15% of the Fund's NAV at all times. The Fund's investments in structured products (if any) shall always be subject to the restrictions stipulated under the sub-heading, investment spread limits; sub-paragraph of investment restriction on structured products.

h) Warrants Risk

There are specific risks in the use of warrants as they have an expiry date and hence, may experience time decay and the erosion of value accelerates as the warrants advance to its expiry date.

i) Sectorial Risk

Sectorial risk refers to the possibility that an investment will lose value in relation to a downturn in demand for goods and services offered by a particular sector in which the Fund invests in. Typically, this is linked to adverse economic conditions.

j) Credit/Default Risk

Credit risk relates to the creditworthiness of the issuers of fixed income securities/sukuk and their expected ability to make timely payment of interest/profit and/or principal. Any adverse situations faced by the issuer may impact the value as well as liquidity of the fixed income securities/sukuk. In the case of rated fixed income securities/sukuk, this may lead to a credit downgrade. Default risk relates to the risk that an issuer of a fixed income securities/sukuk either defaulting on payments or failing to make payments in a timely

manner which will in turn adversely affect the value of the fixed income securities/sukuk. This could adversely affect the value of the fund.

The fund manager expects to be able to reduce credit risk substantially by conducting thorough credit analysis before investment, by investing mainly in issues with at least a P3 by RAM or equivalent rating by other rating agencies for short term papers and BBB by RAM or equivalent rating by other rating agencies for long term bonds/sukuk and by diversifying the portfolio.

Investors are to note that some of the equity funds are permitted to invest in bonds/sukuk and also placement of cash with financial institutions for diversification purposes. The credit rating of the bond/sukuk issuers and the financial institutions may be downgraded by the rating agencies due to credit default. As a result, it may affect the performance of the Funds.

k) Counterparty Risk

There is a risk that a financial institution may default on its repayment/payment obligations with regard to repurchase agreements and other contracts, or derivative investments made by the Fund. The Management Company aims to mitigate this risk by performing fundamental credit research and analysis to determine the creditworthiness of its counterparty, and thereby impose careful credit limit as a precautionary step to limit any loss that may arise directly or indirectly as a result of the defaulted transaction. Any default by the counterparty would affect the NAV of the Fund. In mitigating this risk, the Management Company will invest in the instrument via counterparties such as banks or financial institutions with a high credit rating, at least 'A' by Standard & Poor's or its equivalent by any other reputable domestic or global rating agency. Thereafter, the Management Company will constantly monitor the credit rating of the counterparty. If the rating of the counterparty falls below the minimum requirements, the Management Company may look to sell/redeem the instrument, or replace with another instrument with a similar underlying asset or another instrument that meets the objective of the Fund.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

Specific Risks Associated when investing in Fixed Income/Sukuk Funds

a) Market Risk

Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which may affect the performance of the Fund. This is a class of risk that inherently exists in an economy and cannot be avoided by any business or company. Market risk cannot be removed from an investment portfolio by diversification. Investors should, therefore, note that the performance of the Fund might go up or down in accordance with market movement.

b) Credit/Default Risk

Credit risk relates to the creditworthiness of the issuers of the fixed income securities/sukuk and their expected ability to make timely payment of interest/profit and/or principal. Any adverse situations faced by the issuer may impact the value as well as liquidity of the fixed income securities/sukuk. In the case of rated fixed income securities/sukuk, this may lead to a credit downgrade. Default risk relates to the risk that an issuer of a fixed income securities/sukuk either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the fixed income securities/sukuk. This could adversely affect the value of the fund.

The fund manager expects to be able to reduce credit risk substantially by conducting thorough credit analysis before investment, by investing mainly in issues with at least a P3 by RAM or equivalent rating by other rating agencies for short term papers and BBB by RAM or equivalent rating by other rating agencies for long term bonds/sukuk and by diversifying the portfolio.

c) Interest Rate Risk

This risk relates to unforeseen movements in the direction of interest rates. When interest rates rise, the price of fixed income/sukuk instruments generally declines and this will lower the market value of the Fund's investment in fixed income/sukuk instruments. The reverse applies when interest rates fall. Anticipating interest rate movements is a critical element in determining the portfolio maturity structure of the Fund. The manager's top-down investment approach ensures that a thorough evaluation of macro-economic variables is undertaken before an interest rate strategy is implemented. In addition, it is also intended to have a sufficiently diverse range of maturities of fixed income/sukuk instruments that the Fund invests in.

The above interest rate is a general indicator that will have an impact on the management of the Fund regardless whether it is an Islamic unit trust fund or otherwise. It does not in any way suggest that the Fund will invest in conventional financial instruments. All the investments carried out for the Fund are in accordance with Shariah requirements.

d) Liquidity Risk

Liquidity risk is defined as the ease with which a securities can be sold at or near its fair value depending on the volume traded on the market. Should a securities become illiquid, it may be sold at a discount to its fair value, thus lowering that value of the Fund's investments and subsequently the value of Unit Holders' investments. To mitigate liquidity risk, the Fund maintains sufficient level of liquid assets to meet anticipated payments and liquidation of units by Unit Holders.

e) Inflation/Purchasing Power Risk

This is the risk that investors' investment in the unit trust fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce investors' purchasing power even though the value of the investment in monetary terms has increased.

f) Warrants Risk

For balanced funds (KIEF and KSEF), where investment in warrants are applicable and permitted, there are specific risks in the use of warrants as they have an expiry date and hence, may experience time decay and the erosion of value accelerates as the warrants advance to its expiry date.

Specific Risks Associated when investing in Money Market Funds

a) Financial Institution Risk

Financial institution risk occurs when a licensed financial institution which the Fund placed its deposits with, defaults on its obligations to pay back the deposits and interests/profits on demand. To mitigate financial institution risks, the Fund will diversify its placement of deposits with different financial institutions regulated by BNM.

b) Interest Rate Risk

Interest rate risk refers to how changes in the interest rate environment would affect the performance of the Fund. Deposit rates offered by financial institutions will fluctuate according to the overnight policy rate determined by BNM and this may affect the Fund's investments in short term deposits at the point of investment. Depending on the deposit rates locked in at the point of investment, the Fund's returns may be high when deposit rates are high and the Fund's returns may be low when deposit rates are low.

The above interest rate is a general indicator that will have an impact on the management of the Fund regardless whether it is an Islamic unit trust fund or otherwise. It does not in any way suggest that the Fund will invest in conventional financial instruments. All the investments carried out for the Fund are in accordance with Shariah requirements.

It is important to note that events affecting the investments cannot always be foreseen. Therefore, it is not always possible to protect investments against all risks. Different investment instruments generally exhibit different levels of risk. Please note that the returns of the Funds are not guaranteed.

The investment of the Funds carries risk and investors are recommended to read the whole Master Prospectus to assess the risks of the Funds.

Investors are reminded that the above list of risks may not be exhaustive and if necessary, they should consult their adviser(s), e.g. their bankers, lawyers, stockbrokers or independent professional advisers for a better understanding of the risks.

5. ADDITIONAL INFORMATION IN RELATION TO ISLAMIC FUNDS

Shariah Investment Guidelines Adopted by BIMB Securities Sdn Bhd

The following guidelines are adopted by BIMB Securities in determining the Shariah status of investments of the Funds:

- The Funds must at all times and all stages of its operation comply with Shariah principles as resolved by the SACSC or in cases where no specific rulings are made by the SACSC, the decisions of the Shariah Adviser.
- The Funds must be raised and operated, and finally redeemed by the investors on the basis of contracts which are acceptable in Shariah. The banking facilities and short-term money market instruments used for the Funds have to be Shariah-compliant. Similarly, all the other investment instruments including securities, sukuk, etc. must be Shariah-compliant.
- For Shariah-compliant securities listed on the Bursa Malaysia, the Funds' investments must be strictly confined to those Shariah-compliant securities on the list approved by the SACSC.
- For Islamic money market instruments and Shariah-compliant securities or sukuk, they shall be based on the data readily available on Bank Negara Malaysia and SC websites.
- The SACSC has adopted a standard methodology to determine the Shariah compliance of companies listed on Bursa Malaysia. This methodology takes into consideration both the quantitative and qualitative aspects of the listed companies.

(a) Quantitative analysis:

The quantitative part is a two-tier benchmark applied to the business activities of the companies and to the financial ratios of the companies. The business activity benchmarks consist of a 5-percent benchmark and a 20-percent benchmark.

(i) Business activity benchmarks

For the business activity benchmarks, the revenue or income contribution of Shariah non-compliant business activities to the group revenue or group profit before taxation of the listed companies will be computed and compared against the relevant business activity benchmarks, and must be less than the 5% or 20% benchmarks as follows:

The 5% benchmark would be applicable to the following business activities:

- ❖ Conventional banking;
- ❖ Conventional insurance;
- ❖ Gambling;
- ❖ Liquor and liquor-related activities;
- ❖ Pork and pork-related activities;
- ❖ Non-halal food and beverages;
- ❖ Shariah non-compliant entertainment;
- ❖ Interest income¹ from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitration);
- ❖ Dividends¹ from Shariah non-compliant investments;
- ❖ Tobacco and tobacco-related activities; and
- ❖ Other activities deemed non-compliant according to Shariah.

¹ *Interest income and dividends from Shariah non-compliant investments will be compared against the group revenue. However, if the main activity of the company is holding of investment, the dividends from Shariah non-compliant investments will be compared against the group revenue and group profit before taxation.*

The 20% benchmark would be applicable to the following activities:

- ❖ Share trading in Shariah non-compliant securities;
- ❖ Stockbroking business other than Islamic Stockbroking company;

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

- ❖ Rental received from Shariah non-compliant activities; and
- ❖ Other activities deemed non-compliant according to Shariah.

(ii) Financial ratio benchmarks

The financial ratios for cash in conventional accounts and instruments as well as interest bearing debts over the total assets of the listed companies are also considered in the analysis carried out by the SACSC to determine their Shariah compliance status.

The financial ratios applied are as follows:

- **Ratio of cash over total assets**

Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.

- **Ratio of debt over total assets**

Debt will only include interest-bearing debt whereas Islamic financing or sukuk will be excluded from the calculation.

Both benchmark ratios, which are intended to measure *riba* and *riba*-based elements within a listed company's balance sheet, must be less than 33%.

(b) Qualitative analysis:

As for qualitative aspect of the Shariah compliance analysis, an additional criterion will be considered namely the public perception or image of the listed company which must be acceptable from the Shariah perspective.

- The SACSC had considered the following criteria for a Special Purpose Acquisition Company (SPAC) to be classified as Shariah-compliant:
 - ❖ The proposed business activity should be Shariah-compliant;
 - ❖ The entire proceeds raised from the Initial Public Offering should be placed in an Islamic account; and
 - ❖ In the event that the proceeds are invested, the entire investment should be Shariah-compliant.
- Shariah-compliant securities include ordinary shares, warrants (issued by the companies themselves). This means that warrants are classified as Shariah-compliant securities provided the underlying shares are also Shariah-compliant. On the other hand, loan stocks and bonds are Shariah non-compliant securities unless they are structured based on SACSC's approved Shariah rulings, concepts and principles.
- For investment in foreign securities, the Funds are only allowed to invest in securities which are on the Approved List of Dow Jones Islamic Market Index (DJIM) or other approved lists by the Shariah Adviser. In the event of reclassification of foreign Shariah-compliant securities to be Shariah non-compliant, the Funds are to abide by the rules as laid down by the SACSC and by this Shariah Investment Guidelines. In the event that the Funds wish to invest in foreign securities not covered by DJIM or other approved lists by the Shariah Adviser, the Funds must submit to the Shariah Adviser the latest information pertaining to the issuer's business activities, its complete financial statements and other related information to enable the Shariah Adviser to carry out Shariah screening.
- As for investment in foreign sukuk or any foreign investment instrument, the Funds must submit to the Shariah Adviser all pertinent information including the memoranda and prospectuses, its structures, utilisation of the proceeds, Shariah contracts and Shariah pronouncements by the relevant Shariah advisers advising the sukuk issuance or instrument, for the Shariah Adviser to confirm the Shariah status of the sukuk or instrument.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

- The decision of the Shariah Adviser shall be final.
- To facilitate the purchase and sale of foreign securities, there may be a need to have cash placement in a conventional bank account outside Malaysia. In such circumstances, conventional account should be non-interest bearing and the sole purpose is only to facilitate purchase and sale of foreign securities.

Cleansing Process for the Funds

a) Wrong Investment

This refers to Shariah non-compliant investment made by the Manager. The said investment shall be disposed of/withdrawn with immediate effect if possible; or otherwise within one (1) calendar month of knowing the status of the securities/investment irrespective of market price considerations. In the event that the investment resulted in gain (through capital gain and/or dividend), it has to be channeled to *baitulmal* and/or charitable bodies approved by the Shariah Adviser. For the avoidance of doubt, dividends shall include both received before and after disposal of the Shariah non-compliant securities/investment. The Shariah Adviser advises that this cleansing process (i.e. channeling of gain from wrongful investment to *baitulmal* and/or approved charitable bodies) shall be carried out within two (2) calendar months from the said disposal/withdrawal date. If the disposal of the securities/investment resulted in losses to the Funds, the losses are to be borne by the Manager.

b) Reclassification of Shariah Status of the Funds' Investment

Reclassification of Shariah status ("Reclassification") refers to securities which were earlier classified as Shariah-compliant securities but due to failure to meet the set benchmark criteria, are subsequently reclassified as Shariah non-compliant by the SACSC, the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. If on the Reclassification effective date, the value of the securities held exceeds or equal to the investment cost, the Funds which hold such Shariah non-compliant securities must liquidate them. To determine the time frame to liquidate such securities, the Shariah Adviser advises that such securities should be disposed of within one (1) calendar month of Reclassification.

Any dividends received up to the Reclassification effective date and capital gains arising from the disposal of the said reclassified Shariah non-compliant securities made with respect to the closing price on the Reclassification effective day can be kept by the Funds. However, any dividends received and excess capital gain derived from the disposal after the Reclassification effective day at a market price that is higher than the closing price on the Reclassification effective day shall be channeled to *baitulmal* and/or charitable bodies approved by the Shariah Adviser. The Shariah Adviser advises that this cleansing process should be carried out within two (2) calendar months from the above disposal date.

The Funds are allowed to hold the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Funds to keep the dividends received during the holding period until such time when the total amount of the dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Funds are advised to dispose of their holdings. In addition, during the holding period, the Funds are allowed to subscribe to:

- any issue of new securities by a company whose Shariah non-compliant securities are held by the Funds e.g. rights issues, bonus issues, special issues and warrants [excluding securities whose nature is Shariah non-compliant e.g. irredeemable convertible unsecured loan stock (ICULS)]; and
- securities of other companies offered by the company whose Shariah non-compliant securities are held by the Funds,

on conditions that the Funds expedite the disposal of the Shariah non-compliant securities. For securities of other companies [as stated in (ii) above], they must be Shariah-compliant securities.

Zakat for the Funds

The Funds do not pay zakat on behalf of both Muslim individuals and Islamic legal entities who are investors of the Funds. Thus, investors are advised to pay zakat on their own.

Note: The Shariah Adviser confirms that the investment portfolios of Kenanga ASnitaBOND Fund (formerly known as Libra ASnitaBOND Fund), Kenanga Amanah Saham Wanita (formerly known as Libra Amanah Saham Wanita) and Kenanga SyariahEXTRA Fund (Libra SyariahEXTRA Fund) comprise instruments that have been classified as Shariah-compliant by the SACSC and/or the Shariah Advisory Council of BNM. For instruments that are not classified as Shariah-compliant by the SACSC and/or the Shariah Advisory Council of BNM, the Shariah Adviser will review and determine the Shariah status of the said instruments.

7. TRANSACTION INFORMATION

7.1 VALUATION OF ASSETS

The Management Company will ensure that all the assets of the respective Funds are valued at fair value and at all times be in compliance with Schedule C of the Guidelines.

- **Quoted securities and suspended securities**

Investments in quoted securities will be valued based on the last done prices as at the close of the Business Day of the respective markets on the same calendar day. In the event of a suspension in the quotation of the securities for a period exceeding 14 days, or such shorter period as agreed by the Trustee, or when the market price is not reflective of the fair value of the securities due to abnormal market situation, then the securities should be valued at fair value, as determined in good faith by the Management Company based on methods or bases approved by the Trustee after appropriate technical consultation.

- **Unquoted fixed income securities/sukuk**

Unquoted fixed income securities/sukuk are measured at fair values. The fair values of unquoted fixed income securities/sukuk are generally obtained from the indicative market yields quoted by a bond pricing agency registered with the SC. However, where the fund manager is of the opinion that the value of the fixed income securities/sukuk differs from the indicative yields quoted by the bond pricing agency by more than 20 basis points, the fund manager will value the securities based on a pricing model that reflects the prevailing market conditions provided it complies with the requirement in the Guidelines.

- **Quoted securities dividends**

Dividends from quoted securities are recognised on the ex-dividend date.

- **Derivatives and OTC Derivatives**

Derivative and OTC derivative instruments shall be valued at fair value, as determined in good faith by the Management Company on methods or bases which have been verified by the auditor of the Fund and approved by the trustee. Any changes in the value of the contracts are adjusted for directly in the margin accounts, with a corresponding recognition in the unrealised reserves.

- **Collective investment schemes**

Investments in collective investment schemes will be valued, based on the last published NAV per Unit or if unavailable, other appropriate method as determined by the Management Company and approved by the Trustee.

- **Deposits**

Valuation for investment in deposits is based on a fixed rate with interest/profit accrued on a daily basis.

- **Structured products**

The valuation of structured products is marked-to-market on a daily basis using valuation prices quoted by the structured products provider.

- **Money market instruments**

Investments in conventional or Shariah-compliant financial instruments such as banker acceptance, Islamic accepted bills, Bank Negara monetary notes or Bank Negara monetary notes-*i*, negotiable certificate of deposits or Islamic negotiable instruments or other short-term financial instruments issued by government or government-related agencies are valued each day by reference to the value of such investments and the profits accrued thereon for the relevant period.

For investments in commercial papers, valuation will be performed by reference to the fair value prices quoted by a BPA registered with the SC.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

7.2 VALUATION POINT FOR THE FUNDS

The Fund must be valued at least once every Business Day. The Guidelines also requires a valuation of the Fund to be carried out in a fair and accurate manner. The Fund adopts a forward pricing basis which means that prices of Units will be calculated based on the NAV of the Fund at a valuation point in the future, i.e. the next valuation point.

For a Fund with no foreign market investments, if applications for Units or requests for repurchase are received before the cut-off time of 4.00 p.m. on a Business Day, say, 2 July 2019, the Manager will process the applications using the price of the Units for that Business Day, 2 July 2019. The price of the Units for 2 July 2019 will be calculated based on the market closing on 2 July 2019. Accordingly, applications for Units or requests for redemption received after the cut-off time of 4.00 p.m. on the Business Day will only be processed on the next Business Day.

For a Fund with foreign market investments, the valuation of the Fund will be done only on T+1 day due to the different time zones of foreign markets. The valuation of the Units in respect of a particular Business Day can only be carried out on the following Business Day at the close of business of the last relevant foreign market in which the Fund invests in.

The foreign exchange rate used for valuation of foreign investment is based on bid rate obtained from Reuters or Bloomberg at U.K. time 4.00 p.m. the same day.

If you want to know the latest prices of the Units, please contact the Manager directly or refer to our website www.kenangainvestors.com.my.

7.3 PRICING POLICY

Computation of NAV

The NAV of the Fund is calculated at the end of each Business Day and is defined as the total value of the Fund's assets less total liabilities at the valuation point. Where applicable, investment income, interest/profit payable, fees and other liabilities (including management fee) will be accrued daily in arriving at the NAV of the Fund.

NAV per Unit = NAV of the Fund / Number of Units in circulation

Illustration (based on KTEF)			
	NAV before deducting management fee and trustee fee for the day	RM	20,000,000.00
Less:	Management fee for the day (1.50% per annum) 20,000,000 x 1.50% / 365	RM	821.92
Less:	Trustee fee for the day (0.07% per annum) 20,000,000 x 0.07% / 365	RM	38.36
	NAV	(a) RM	19,999,139.72
	Units in circulation	(b)	40,000,000.00
	NAV per Unit (a) / (b)	RM	0.499978493
	NAV per Unit (rounded up to four decimal places)	RM	0.5000

Note: The charges set out above are exclusive of tax that may be payable by a Unit Holder.

- **Single Pricing**

Under the single pricing regime, both the Selling and Repurchase Price of the Funds will be quoted based on a single price i.e. the NAV per Unit of a Fund. NAV per Unit will be rounded to four (4) decimal points for the purposes of publication of the NAV per Unit.

When you invest in the Funds, the investment amount payable to us is rounded to 2 decimal points. The Units allocated in your investment account are also rounded to 2 decimal points. Your redemption value is also rounded to 2 decimal points.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

- **Incorrect Pricing Policy**

Subject to any relevant law, if there is an error in the pricing of the NAV per Unit of the Fund, the Manager will take immediate remedial action to correct the error. Rectification shall, where necessary, extend to the reimbursements of money as follows if the error is at or above the significant threshold of 0.5% of the NAV per Unit:

- (a) if there is an over pricing in relation to the purchase and creation of Units, the Fund shall reimburse the Unit Holder;
- (b) if there is an over pricing in relation to the repurchase of Units, the Manager shall reimburse the Fund;
- (c) if there is an under pricing in relation to the purchase and creation of Units, the Manager shall reimburse the Fund; and
- (d) if there is an under pricing in relation to the repurchase of Units, the Fund shall reimburse the Unit Holder or former Unit Holder.

Subject to any regulatory requirements, the Manager shall have the right to amend, vary or revise the abovesaid limits or threshold from time to time.

How Is the Selling Price Computed

Investors may invest in Units of the Fund on any Business Day.

The number of Units invested is determined by dividing the investment amount (excluding sales charge) with the NAV per Unit at the next valuation point after the Manager receives the investment application, rounded to the nearest two decimal places.

Illustration : Determining Investment Amount & Units Entitlement

	Investment amount	RM	10,000.00
Add :	Sales charge (5.00%)	RM	500.00
	Total amount payable by investor	RM	10,500.00

The following day, the price of a Unit i.e., the NAV per Unit, will be published in the Manager's website. For example, if the NAV per Unit was RM0.5000 the number of Units invested would be:

	Investment amount	RM	10,000.00
Divide :	NAV per Unit	RM	0.5000
	Number of Units invested		20,000.00

Note: The charges set out above are exclusive of tax that may be payable by a Unit Holder.

How Is the Liquidation Amount Computed

Investors may liquidate their investment on any Business Day.

The liquidation amount is calculated by multiplying the NAV per Unit at the next valuation point after the Manager receives the liquidation application, with the number of units held.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

Illustration : Determining Liquidation Amount			
	Number of Units to be liquidated		10,000.00
	For example, if the NAV per Unit calculated at the next valuation point was RM0.5050, the liquidation amount would be:		
Multiply :	NAV per Unit	RM	0.5050
	Liquidation amount	RM	5,050.00
Less :	Repurchase charge (Nil)		NIL
	Net amount payable to investor	RM	5,050.00

Movement between Funds – Determining Investment Amount and Units Entitlement

Example : Movement from KABF to KASW

Step 1 : To determine the switching amount of KABF

The switching amount is determined by multiplying the NAV per Unit of KABF at the end of the Business Day with the number of units to be switched.

Step 2 : A switching fee is deducted from the switching amount derived in Step 1.

Step 3 : To determine the number of units in KASW

The number of units is calculated by dividing the switching amount with the NAV per Unit of KASW at the end of the Business Day and rounded to the nearest two decimal places.

Illustration : Determining the Switching Amount			
	Assuming an investor wishes to switch 20,000 units in KABF to KASW:		
	Units in KABF to be switched out		20,000.00
Multiply:	NAV per Unit of KABF	RM	0.5862
	Switching amount	RM	11,724.00
Less:	Switching fee (5%)	RM	(586.20)
	Net switching amount	RM	11,137.80
Divide:	NAV per Unit of KASW	RM	0.5233
	Number of units in KASW		21,283.78
	Therefore:	KABF	KASW
	Units before switch	20,000.00	0.00
	Units switch (out) / in	(20,000.00)	21,283.78
	Units after switch	0.00	21,283.78

7.4 APPLICATION AND REDEMPTION OF UNITS

Who Can Invest

Note: The Manager reserves the right to change the minimum amounts and number of Units stipulated above from time to time. In the event there is a change to the above, the Manager will notify unit holders via written notice prior to the effective date of the change.

Redeeming Your Investment

The Funds do not have any restriction on the frequency of redemption. You may request the Manager to repurchase all or a minimum of 2,000 Units per transaction, except for KLF where the minimum repurchase amount is 10,000 Units per transaction (*a minimum of 5,000 Units to remain in account at any time*) by simply completing the repurchase form and returning it to the Manager through our appointed agents or direct to our business office.

The cut-off time for making a redemption request in respect of Units of the Funds is 4.00 p.m. on any Business Day except for KMEF. Redemption request for KMEF must be given one (1) Business Day prior to the redemption (i.e. T-1 day). Redemption requests received by us before the aforesaid cut-off times will be transacted at the Repurchase Price calculated at the next valuation point on which the request was received (i.e. "forward pricing"). The cut-off time will be determined based on the time and date stamp made by the Manager.

Where the redemption request is received after the cut-off times as set out above, the request will be deemed to have been received on the next Business Day.

Payments of redemption proceeds will be made within ten (10) days from the date at which a redemption request is deemed received (except for KMEF and KLF where payment will be made on the next Business Day on best effort basis if the repurchase request is received by the Manager before the aforesaid cut-off times on any Business Day).

However, if the redemption request leaves a Unit Holder with less than 5,000 Units (Minimum Holdings), the Manager will automatically liquidate the balance of the Units held in the Unit Holder's account.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

Note: The Manager reserves the right to allow for such other lower amount of minimum redemption amount.

Transfer of Units

Units of any of the Funds are transferable without any fee and restrictions. A copy of the “Transfer Form” can be obtained from the Manager’s office.

However, if the transfer request leaves a Unit Holder with less than 5000 Units (Minimum Holdings), the Manager will not proceed with the transfer request and the transaction is considered void until the Unit Holder makes a fresh application for the transfer request.

Switching Facility

You may move your investments between equity Funds and non-equity Funds, whereby a movement from a non-equity Fund into an equity Fund will attract a switching fee of up to 5% of the NAV per Unit. All switches are subject to the availability of Units. Switching from Islamic Funds to a conventional Fund is not encouraged especially for Muslim Unit Holders.

EPF Members’ Investment Scheme

EPF investor may withdraw from their EPF Account 1, to be invested in any of the EPF approved Funds (as per requirements of the EPF Members’ Investment Scheme). To apply for withdrawal, investors are required to also complete a Borang KWSP 9N (AHL) for each application for withdrawal to invest via the EPF Members’ Investment Scheme.

Cooling-Off Right

A cooling-off right refers to the right of the investor to obtain a refund of his/her investment if he/she so requests within the cooling-off period (**within six (6) Business Days from the date of receipt of application**). This is to allow investors the opportunity to reverse their investment decision that could have been unduly influenced by certain external elements or factors (EPF investors are subject to EPF’s terms and conditions). The cooling-off right is only given to an individual investor, other than those listed below, who is investing for the first time in any unit trust funds managed by the Manager:

- (i) a staff of the Manager; and
- (ii) persons registered with a body approved by SC to deal in unit trust funds.

Within the cooling-off period, the refund to the investors shall not be less than the sum of:

- (a) the NAV of the Units on the day the Units were purchased; and
- (b) the sales charge originally imposed on the day the Units were purchased.

In other words, the investors shall be refunded their “original investment proceeds”, within ten (10) days (from the date of receipt of the cooling-off notice by the investors). “Cooling-Off Period” or “Cooling-Off Right” is not applicable to EPF Member Investment Scheme (EPF MIS). Any application for cooling-off must be made before the cut-off time of 4.00 p.m. on any Business Day.

Illustration : Determining The Cooling-off Refund	(RM)
Initial investment amount	10,000.00
Add: Sales charge (5%)	500.00
Total amount paid by investor	10,500.00
The investor exercised the Cooling-off right and notified the Manager within six (6) Business Days (Cooling-Off Period).	
Net amount payable to investor	10,500.00

Note: The charges set out above are exclusive of tax that may be payable by a Unit Holder.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

7.5 ANTI-MONEY LAUNDERING POLICY

Money laundering is a process intended to conceal the benefits derived from unlawful activities which are related, directly or indirectly, to any serious offence so that they appear to have originated from a legitimate source.

The Anti-Money Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act 2001 (AMLATFPUAA) is the act that provides for the offence of money laundering and also the measures to be taken for the prevention of money laundering and terrorism financing offences. The Financial Intelligence and Enforcement Department (FIED) of BNM has been established to carry out the functions as the competent authority under the AMLATFPUAA. All market intermediaries under the Act and management companies approved by the Securities Commission under the Act are obliged to comply with the provisions of the AMLATFPUAA.

Under the AMLATFPUAA, any person who:

- (a) engages, directly or indirectly, in a transaction that involves proceeds of an unlawful activity or instrumentalities of an offence;
- (b) acquires, receives, possesses, disguises, transfers, converts, exchanges, carries, disposes of or uses proceeds of an unlawful activity or instrumentalities of an offence;
- (c) removes from or brings into Malaysia, proceeds of an unlawful activity or instrumentalities of an offence; or
- (d) conceals, disguises or impedes the establishment of the true nature, origin, location, movement, disposition, title of, rights with respect to, or ownership of, proceeds of an unlawful activity or instrumentalities of an offence,

commits a money laundering offence and shall on conviction be liable to imprisonment for a term not exceeding fifteen years and shall also be liable to a fine of not less than five times the sum or value of the proceeds of an unlawful activity or instrumentalities of an offence at the time the offence was committed or five million ringgit, whichever is the higher.

When opening new accounts and entering into a transaction with a client, the Manager identifies and verifies the client through documents such as identity card, passport, birth certificate, driver's licence, constituent documents or any other official documents, whether in the possession of a third party or otherwise. Such documents shall be filed by the Manager in accordance with relevant laws. Where the Manager suspects that a particular transaction may not be genuine, a report will be made to the FIED.

7.6 DISTRIBUTION POLICY AND REINVESTMENT POLICY

It is the intention of the Management Company to declare distribution of income. The amount of income to be distributed will vary from period to period, depending on interest rates, market conditions, the performance and the objective of the Fund. Income distribution may be made out of realised capital gains, net profit from Islamic deposit, Islamic money market, net dividend income and other income received by the Fund.

It is also the Management Company's policy to automatically reinvest declared income distribution into additional Units in the Fund at the end of the distribution day (at ex-distribution price) with no sales charge. Investors, who prefer to receive their income distributions in the form of cash payouts, may liquidate the reinvested units arising from distribution of income on any Business Day. For Unit Holders in KMEF, liquidation notice of one (1) Business Day prior to liquidation must be given to the Management Company.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

7.7 UNCLAIMED MONEYS POLICY

Under the provision of the Unclaimed Moneys Act 1965, any distribution/money that remains unsettled after more than 12 months as at 31 December each year from its payment date have to be gazetted and surrendered to the Registrar of Unclaimed Moneys, Accountant General's Department by 31 March in the following year. Thereafter, Unit Holders who wish to claim their distribution/money are required to forward their claims directly to the Registrar of Unclaimed Moneys by completing Form UMA7 (Claim form to refund unclaimed moneys from the Consolidated Trust Account) together with supporting documents i.e. identity card, original documents (example: distribution warrant) and copy of bank statement. Form UMA7 can be obtained from the office of Registrar of Unclaimed Moneys or downloaded from the website: <http://www.anm.gov.my/index.php/en/khidmat/wang-tak-dituntut>.

Unit prices and distributions payable, if any, may go down as well as up.

10. TRUSTEES' PROFILES

10.1 MAYBANK TRUSTEES BERHAD

(Trustee for KIEF, KEEF, KMEF, KBEF, KTEF, KASW and KSEF)

Maybank Trustees Berhad (5004-P) is the trustee of the Fund with its registered office at 8th Floor, Menara Maybank, 100 Jalan Tun Perak, 50050 Kuala Lumpur.

Maybank Trustees Berhad ("MTB") was incorporated on 12 April 1963 and registered as a Trust Company under the Trust Companies Act 1949 on 11 November 1963. It was one of the first local trust companies to provide trustee services with the objective of meeting the financial needs of both individual and corporate clients.

EXPERIENCE IN TRUSTEE BUSINESS

Maybank Trustees Berhad has acquired experience in the administration of unit trust funds/ schemes since 1991.

DUTIES AND RESPONSIBILITIES OF THE TRUSTEE

The Trustee's role is mainly to act as custodian of the Fund and to exercise all due diligence and vigilance in carrying out its functions and duties and to safeguard the rights and interests of the Unit Holders. Apart from being the legal owner of the Fund's assets, the Trustee is responsible for ensuring that the Manager performs its obligations in accordance with the provisions of the Deed and the relevant laws.

LITIGATION AND ARBITRATION

As at 30 September 2019, save for the suit mentioned herein below, the Trustee is not engaged in any material litigation as plaintiff or defendant and the Trustee is not aware of any proceedings, pending or threatened or of any facts likely to give rise to any proceedings which might materially and adversely affect its financial position or business.

Several holders of the bonds ("Bondholders") issued by Aldwich Berhad [In Receivership] ("Aldwich") had sued Aldwich for its failure to settle its indebtedness to the Bondholders following the default of the said bonds in 2010 and cited the Trustee as one of 6 co-defendants under Kuala Lumpur High Court Civil Suit No. D-22NCC-1622-11/2012 ("Aldwich Bondholders' Suit"). The claim against the Trustee is for the sum of RM177,248,747.31 or any other sum that the Court deems fit. The other defendants are the holding company of Aldwich ("Holding Company"), the Chief Executive Officer of the holding company of Aldwich ("CEO"), the Security Agent and the Reporting Accountant. The Trustee does not admit liability to the Aldwich Bondholders' Suit and has defended it. Trial has concluded.

The High Court had on 24 July 2017 delivered its judgement on the Aldwich Bondholders' Suit ("Judgement") that (a) all the defendants [i.e. Aldwich, Holding Company, CEO, Security Agent, Trustee and Reporting Accountant] are liable to the Bondholders for the sum of RM177,248,747.31 ("Judgement Sum"); (b) Aldwich, Holding Company and CEO are 100% liable for the Judgement Sum; and (c) liability is apportioned among Security Agent, Trustee and Reporting Accountant in the proportion of 50%, 30% and 20% of the Judgement Sum respectively.

The High Court had on 5 October 2017 decided in respect of the outstanding matters arising from the Judgement that (a) the quantum of the Judgement Sum is maintained, and (b) interest is payable based on the reduced sum of RM148,653,953.20 at the rate of 5% per annum from 1 November 2011 to the date of payment.

The Trustee had filed an appeal against the Judgement ("Appeal") at the Court of Appeal. The Appeal was heard on 12 – 13, 15, 22 – 23 and 27 – 29 November 2018. The Court of Appeal then directed the parties to file and serve their respective Note of Reply Submissions by 11 January 2019.

The Aldwich Bondholders' Suit will not materially affect the business or financial position of the Trustee.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

10.2 CIMB COMMERCE TRUSTEE BERHAD

(Trustee for KREF, KDEF, KCLAF and KLF)

11. SALIENT TERMS OF THE DEEDS

Recognition of Unit Holders

You shall be recognised as a Unit Holder when you are registered as the holder of units of the Funds. All Unit Holders are entitled to the benefit of, be bound by and be deemed to have notice of the provisions of the Deeds.

Please be advised that if you invest in Units through an IUTA which adopts the nominee system of ownership, you would not be considered to be a Unit Holder under the Deed and you may, consequently, not have all the rights ordinarily exercisable by a Unit Holder (for example, the right to call for a Unit Holder's Meeting and to vote thereat and the right to have your particulars appearing in the register of Unit Holders of the Fund).

Rights

Unit Holders will:

- Be entitled to receive distributions of income in accordance with the discretion of the Management Company in consultation with the Trustee;
- Be entitled to participate in any increase in the value of the units and such other rights and privileges provided for in the Deed;
- Be entitled to be informed of the respective Fund's performance by way of interim and annual reports;
- Be entitled to call for a Unit Holders' meeting, and vote for the removal of the Trustee or the Management Company through a Special Resolution; and
- Be entitled to exercise the cooling-off (if applicable).

Liabilities

Unit Holders will:

- Not be entitled to request for transfer to them of any assets held by the Fund or be entitled to interfere with the exercise by the Trustee or the Management Company on their behalf, of the rights of the Trustee as registered owner of such assets;
- Not be liable for any amount in excess of the purchase price paid for their units or for any charges payable in relation to those units; and
- Not be obligated to indemnify the Trustee and/or the Management Company in the event, that the liabilities incurred on behalf of the Fund exceed the net asset value of the Fund.

Suspension and Deferrals

Under the provisions of the Deed, the Trustee may suspend the sale or repurchase of Units in any such event where in the opinion of the Trustee:

- The interests of Unit Holders or potential Unit Holders would be materially affected if the sale and/or repurchased of Units were not suspended whereupon the Trustee shall immediately call a Unit Holders' meeting to decide on the next course of action; or
- The circumstances are exceptional, and there is good and sufficient reason to do so, in which case the period of suspension shall not exceed 21 days unless the consent of Unit Holders is received.

This letter has been prepared for inclusion in the Master Prospectus in connection with the offer of Units in the following funds:-

1. Kenanga IncomeEXTRA Fund [formerly known as ("f.k.a") Libra IncomeEXTRA Fund];
2. Kenanga EquityEXTRA Fund [f.k.a Libra EquityEXTRA Fund];
3. Kenanga BondEXTRA Fund [f.k.a Libra BondEXTRA Fund]
4. Kenanga MoneyEXTRA Fund [f.k.a Libra MoneyEXTRA Fund]
5. Kenanga DividendEXTRA Fund [f.k.a Libra DividendEXTRA Fund]
6. Kenanga TacticalEXTRA Fund [f.k.a Libra TacticalEXTRA Fund]
7. Kenanga Consumer and Leisure Asia Fund [f.k.a Libra Consumer and Leisure Asia Fund];
8. Kenanga Liquidity Fund [f.k.a Libra Liquidity Fund];
9. Kenanga Resource Equity Fund [f.k.a Libra Resource Equity Fund];
10. Kenanga SyariahEXTRA Fund [f.k.a Libra SyariahEXTRA Fund];
11. Kenanga Amanah Saham Wanita [f.k.a Libra Amanah Saham Wanita]; and
12. Kenanga ASnitaBOND Fund [f.k.a Libra ASnitaBOND Fund] ("the Funds")

The taxation of income for both the Funds and the Unit Holders are subject to the provisions of the Malaysian Income Tax Act 1967 ("the Act"). The applicable provisions are contained in Section 61 of the Act, which deals specifically with the taxation of trust bodies in Malaysia.

TAXATION OF THE FUNDS

The Funds will be regarded as resident for Malaysian tax purposes since the Trustee of the Funds are resident in Malaysia.

(1) Domestic Investments

(i) General Taxation

Subject to certain exemptions, the income of the Funds consisting of dividends, interest or profit¹ (other than interest and profit¹ which is exempt from tax) and other investment income derived from or accruing in Malaysia, after deducting tax allowable expenses, is liable to Malaysian income tax at the rate of 24 per cent.

Gains on disposal of investments in Malaysia by the Funds will not be subject to Malaysian income tax.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

(ii) Dividends and Other Exempt Income

Effective 1 January 2014, all companies would adopt the single-tier system. Hence, dividends received would be exempted from tax and the deductibility of expenses incurred against such dividend income would be disregarded. There will no longer be any tax refunds available for single-tier dividends received. Dividends received from companies under the single-tier system would be exempted.

The Funds may receive Malaysian dividends which are tax exempt. The exempt dividends may be received from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Funds will not be taxable on such exempt income.

Interest or profit¹ or discount income derived from the following investments are exempt from tax:

- (a) Securities or bonds issued or guaranteed by the government of Malaysia;
- (b) Debentures² or sukuk, other than convertible loan stocks, approved or authorized by, or lodged with, the Securities Commission Malaysia; and
- (c) Bon Simpanan Malaysia issued by Bank Negara Malaysia.

Interest or profit¹ derived from the following investments are exempt from tax:

- (a) Interest or profit¹ paid or credited by any bank or financial institution licensed under the Financial Services Act 2013 and Islamic Financial Services Act 2013;
- (b) Interest or profit¹ paid or credited by any development financial institution regulated under the Development Financial Institutions Act 2002;
- (c) Bonds, other than convertible loan stocks, paid or credited by any company listed in Bursa Malaysia Securities Berhad ACE Market; and
- (d) Interest or profit¹ paid or credited by Malaysia Building Society Berhad³.

However, with effect from 1 January 2019, the exemption shall not apply to interest income paid or credited to a unit trust that is a wholesale fund which is a money market fund.

The interest or profit¹ or discount income exempted from tax at the Funds' level will also be exempted from tax upon distribution to the Unit Holders.

(2) Foreign Investments

Income of the Funds in respect of income received from overseas investment is exempt from Malaysian tax by virtue of Paragraph 28 of Schedule 6 of the Act and distributions from such income will be tax exempt in the hands of the Unit Holders. Such income from foreign investments may be subject to foreign taxes or withholding taxes. Any foreign tax suffered on the income in respect of overseas investment is not tax refundable to the Funds.

The foreign income exempted from Malaysian tax at the Funds level will also be exempted from tax upon distribution to the Unit Holders.

(3) Hedging Instruments

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into.

Generally, any gain / loss relating to the principal portion will be treated as capital gain / loss. Gains / losses relating to the income portion would normally be treated as revenue gains / losses. The gain / loss on revaluation will only be taxed or claimed upon realisation. Any gain / loss on foreign exchange is treated as capital gain / loss if it arises from the revaluation of the principal portion of the investment.

(4) Other Income

The Funds may be receiving income such as exit fee which will be subject to tax at the rate of 24 per cent.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

(5) Tax Deductible Expenses

Expenses wholly and exclusively incurred in the production of gross income are allowable as deductions under Section 33(1) of the Act. In addition, Section 63B of the Act provides for tax deduction in respect of managers' remuneration, expenses on maintenance of the register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postages based on a formula subject to a minimum of 10 per cent and a maximum of 25 per cent of the expenses.

(6) Real Property Gains Tax ("RPGT")

With effect from 1 January 2014, any gains on disposal of real properties ("chargeable asset") or shares in real property companies⁵ ("chargeable asset") would be subject to RPGT as follows:-

Disposal time frame	RPGT rates
Within 3 years	30%
In the 4 th year	20%
In the 5 th year	15%
In the 6 th year and subsequent years ⁶	10%

(7) Sales and Service Tax ("SST")

Effective from 1 September 2018, SST has been reintroduced to replace the Goods and Services Tax ("GST"). Both the Sales Tax Act 2018 and Services Tax Act 2018 have been gazetted on 28 August 2018. The rates for sales tax are nil, 5 per cent, 10 per cent or a specific rate whereas the rate for service tax is at 6 per cent.

Sales tax will be chargeable on taxable goods manufactured in or imported into Malaysia, unless specifically exempted by the Minister. Whereas, only specific taxable services provided by specific taxable persons will be subject to service tax. Sales tax and service tax are single stage taxes. SST incurred would generally form an irrecoverable costs to the business.

Generally, the Fund, being a collective investment vehicle, should not be caught under the service tax regime.

Certain brokerage, professional, consultancy or management services paid by the Funds may be subject to service tax at 6 per cent. However, fund management services and trust services are excluded from service tax. With effect from 1 January 2019, service tax will apply to any taxable service that is acquired by any business in Malaysia from a non-Malaysian service provider. In this connection, the Funds, being non-taxable person who acquire imported taxable services (if any) will need to declare its imported taxable services through the submission of prescribed declaration, i.e. Form SST-02A to the Royal Malaysian Customs Department ("RMCD").

TAXATION OF UNIT HOLDERS

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Funds to the extent of the distributions received from the Funds. The income distribution from the Funds will carry a tax credit in respect of the tax paid by the Funds. Unit Holders will be entitled to utilise the tax credit against the tax payable on the income distribution received by them. No additional withholding tax will be imposed on the income distribution from the Funds.

Corporate Unit Holders, resident⁵ and non-resident, will generally be liable to income tax at 24 per cent on distribution of income received from the Funds. The tax credits attributable to the distribution of income can be utilised against the tax liabilities of these Unit Holders.

Individuals and other non-corporate Unit Holders who are tax resident in Malaysia will be subject to income tax at graduated rates ranging from 1 per cent to 28 per cent⁶. Individuals and other non-corporate Unit Holders who are not resident in Malaysia will be subject to income tax at 28 per cent⁶. The tax credits attributable to the distribution of income will be utilised against the tax liabilities of these Unit Holders.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaty with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

The distribution of exempt income and gains arising from the disposal of investments by the Funds will be exempted from tax in the hands of the Unit Holders.

Any gains realised by Unit Holders (other than those in the business of dealing in securities, insurance companies or financial institutions) on the sale or redemption of the Units are treated as capital gains and will not be subject to income tax. This tax treatment will include in the form of cash or residual distribution in the event of the winding up of the Funds.

Unit Holders electing to receive their income distribution by way of investment in the form of new Units will be regarded as having purchased the new Units out of their income distribution after tax.

Unit splits issued by the Funds are not taxable in the hands of Unit Holders.

We hereby confirm that the statements made in this report correctly reflect our understanding of the tax position under current Malaysian tax legislation. Our comments above are general in nature and cover taxation in the context of Malaysian tax legislation only and do not cover foreign tax legislation. The comments do not represent specific tax advice to any investors and we recommend that investors obtain independent advice on the tax issues associated with their investments in the Funds.

Yours faithfully,
for and on behalf of
PRICEWATERHOUSECOOPERS TAXATION SERVICES SDN BHD

Lim Phaik Hoon
Partner

PricewaterhouseCoopers Taxation Services Sdn Bhd have given their written consent to the inclusion of their report as taxation adviser in the form and context in which they appear in this Master Prospectus and have not, before the date of issue of the Master Prospectus, withdrawn such consent.

¹ Under section 2(7) of the Income Tax Act 1967, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Syariah.

The effect of this is that any gains or profits received and expense incurred in lieu of interest in transactions conducted in accordance with the principles of Syariah will be accorded the same tax treatment as if they were interest.

² Structured products approved by the Securities Commission Malaysia are deemed to be "debenture" under the Capital Markets and Services Act, 2007 and fall within the scope of exemption.

³ Pursuant to the letters from Ministry of Finance Malaysia dated 11 June 2015 and 16 June 2015 with effect from year of assessment ("YA") 2015.

⁴ A real property company is a controlled company which owns or acquires real property or shares in real property companies with a market value of not less than 75 per cent of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

⁵ Resident companies with paid up capital in respect of ordinary shares of RM2.5 million and below will pay tax at 17 per cent for the first RM500,000 of chargeable income with the balance taxed at 24 per cent with effect from YA 2019.

THIS MASTER PROSPECTUS DATED 30 NOVEMBER 2019 IS A REPLACEMENT MASTER PROSPECTUS THAT REPLACES AND SUPERSEDES THE MASTER PROSPECTUS DATED 31 MAY 2018, THE SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 25 FEBRUARY 2019 AND THE SECOND SUPPLEMENTAL REPLACEMENT MASTER PROSPECTUS DATED 31 OCTOBER 2019.

Pursuant to the Finance Bill 2019, resident companies with paid up capital in respect of ordinary shares of RM2.5 million and below and having an annual sales of not more than RM50 million will pay tax at 17 per cent for the first RM600,000 of chargeable income with the balance taxed at 24 per cent with effect from the year of assessment 2020.

With effect from YA 2009, the above shall not apply if more than –

- (a) 50 per cent of the paid up capital in respect of ordinary shares of the company is directly or indirectly owned by a related company;
- (b) 50 per cent of the paid up capital in respect of ordinary shares of the related company is directly or indirectly owned by the first mentioned company;
- (c) 50 per cent of the paid up capital in respect of ordinary shares of the first mentioned company and the related company is directly or indirectly owned by another company.

"Related company" means a company which has a paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of the basis period for a year of assessment.

⁶ Pursuant to the Finance Bill 2019, it is proposed that a new band for chargeable income in excess of RM2 million taxable at a rate of 30 per cent be introduced. The non-resident individual tax rate is similarly increased by 2 per cent, from 28 per cent to 30 per cent.
