Dear Sirs

Taxation of the unit trust funds and unit holders

This letter has been prepared for inclusion in this Second Supplementary Master Prospectus in connection with the offer of units in the unit trusts funds managed by MIDF Amanah Asset Management Berhad as listed in Attachment 1 (hereinafter referred to as “the Funds”).

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Funds and the unit holders.

Taxation of the Funds

The taxation of the Funds is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Funds comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Under Section 2(7) of the MITA, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*.

The effect of this is that any gains or profits received (hereinafter referred to as “profits”) and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*, will be accorded the same tax treatment as if they were interest.

MIDF Amanah Asset Management Berhad

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as "permitted expenses") not directly related to the production of income, as explained below.

"Permitted expenses" refer to the following expenses incurred by the Funds which are not deductible under Section 33(1) of the MITA:

- ▶ the manager's remuneration,
- ▶ maintenance of the register of unit holders,
- ▶ share registration expenses,
- ▶ secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

- where
- A is the total of the permitted expenses incurred for that basis period;
 - B is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and
 - C is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

Exempt income

The following income of the Funds is exempt from income tax:

- ▶ **Malaysian sourced dividends**

All Malaysian-sourced dividends should be exempt from income tax.
- ▶ **Malaysian sourced interest**
 - (i) interest from securities or bonds issued or guaranteed by the Government of Malaysia;
 - (ii) interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
 - (iii) interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
 - (iv) interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
 - (v) interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002³;
 - (vi) interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
 - (vii) interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.
- ▶ **Discount**

Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the Income Tax Act, 1967 shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

Foreign-sourced income (FSI)

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

Based on the Malaysian Inland Revenue Board's "Guidelines on Tax Treatment in Relation to Income Received from Abroad (Amendment)" updated on 20 June 2024, the term "received in Malaysia" means transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

FSI received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax⁶, and where relevant conditions are met.

The Income Tax (Exemption) (No. 6) Order 2022 [P.U.(A) 235] has been issued to exempt a "qualifying person"⁷ from the payment of income tax in respect of dividend income which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of "qualifying person" does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto⁸.

Gains from the realisation of investments

Pursuant to the Finance (No. 2) Act 2023 ("Finance Act"), gains from the realisation of investments by a unit trust would no longer be exempt from tax. Pursuant to Section 61(1)(b) of the MITA, gains arising from the realisation of investments shall be treated as income of a unit trust under Section 4(aa) of MITA, provided that such gains are not related to real property as defined in the Real Property Gains Tax Act 1976. Section 4(aa) provides that gains or profits from the disposal of a capital asset are to be treated as a class of income. The

⁴ "Cash" in this context is defined as banknotes, coins and cheques.

⁵ "Electronic funds transfer" means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ "Foreign tax" includes withholding tax

⁷ "Qualifying person" in this context means a person resident in Malaysia who is:

(a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;

(b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or

(c) A company which is incorporated or registered under the Companies Act 2016.

⁸ On 16 January 2024, the Honorable Finance Minister II announced that unit trusts will be exempted from tax on FSI from 1 January 2024 until 31 December 2026; and capital gains tax from 1 January 2024 to 31 December 2028. The exemption has yet to be legislated.

tax imposed on such income under the MITA is commonly referred to as “capital gains tax” (CGT).

Based on the MITA, the following will be subject to Malaysian CGT:

Capital assets situated in Malaysia

- a) Gains or profits from the disposal of shares of a company incorporated in Malaysia not listed on the stock exchange (including any rights or interests thereof) owned by a company, limited liability partnership, trust body or co-operative society
- b) Gains or profits, accruing to a company, limited liability partnership, trust body or co-operative society, on the disposal of shares in foreign incorporated controlled companies deriving value from real property in Malaysia, as determined based on the relevant provisions of the MITA.

Capital assets situated outside Malaysia

- c) Gains or profits from the disposal of movable or immovable property situated outside Malaysia including any rights or interests thereof. Such gains will only be subject to tax when the gains are received in Malaysia.

Note:

Pursuant to the Income Tax (Exemption) (No.3) Order 2024 [P.U.(A) 75], a trust body is exempted from payment of income tax in respect of gains or profits from the disposal of capital asset arising from outside Malaysia which is received in Malaysia. This exemption applies for such disposals from 1 January 2024 to 31 December 2026 subject to the following conditions being complied with by the trust body:

- ▶ employ an adequate number of employees in Malaysia with necessary qualifications to carry out the specified economic activities in Malaysia; and
- ▶ incur an adequate amount of operating expenditure for carrying out the specified economic activities in Malaysia.

As stated in footnote 8 above, an additional Exemption Order is expected to be issued in respect of FSI and capital gains of a unit trust.

The Finance Act provides an effective date of 1 January 2024 for the above changes to the MITA. However, pursuant to the Income Tax (Exemption) (No. 7) Order 2023 [P.U.(A) 410] and the Income Tax (Exemption) (No. 2) Order 2024 [P.U.(A) 57], taxpayers, including a trust body, are exempted from the payment of income tax in respect of any gains or profits received from the disposal of capital assets situated in Malaysia (see Item (a) and (b) above) where such disposals occur between 1 January and 29 February 2024.

Implementation of Sales and Service Tax ("SST")

Sales and Service Tax ("SST") was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Funds incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be

subject to service tax⁹ provided they fall within the scope of service tax (i.e. are provided by a “taxable person”, who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as “taxable services”).

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Funds.

The income of unit holders from their investment in the Funds broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Funds will have to be grossed up to take into account the underlying tax paid by the Funds and the unit holder will be taxed on the grossed up amount. See however item 2 below on certain distributions which are not taxable to unit holders.

Such taxable distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holders.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Funds will not be subject to Malaysian income tax in the hands of the unit holders.

⁹ Pursuant to Service Tax (Rate of Tax) (Amendment) Order 2024 [P.U. (A) 64], the service tax rate is increased from 6% to 8% with effect from 1 March 2024 on generally all of the taxable services except for provision of food and beverage services, telecommunication services, parking space and logistics services.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the MITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

As stated above, with effect from 1 January 2024 (1 March 2024 for disposals of shares of a company incorporated in Malaysia not listed on the stock exchange), gains arising from the realisation of investments shall be treated as income of the Funds under Section 4(aa), pursuant to the proviso of Section 61(1)(b) of MITA.¹² However, pursuant to Section 61(1A) of MITA, unit holders will still not be charged to tax on the gains referred to in the proviso to Section 61(1)(b).

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- ▶ Unit splits - new units issued by the Funds pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- ▶ Reinvestment of distributions - unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Funds.

2. Amendment to pages 11 – 12 of the Master Prospectus – “Risk Factors, Specific Risks”

The information in relation to the ESG Investment Risk is hereby deleted in its entirety and replaced with the following:

ESG Investment Risk

As a qualified SRI fund, the investments of the Fund will be subject to ESG integration methodology. By subjecting the Fund to the ESG integration methodology, it may result in the Fund foregoing opportunities to buy certain securities when it might otherwise be advantageous to do so, and/or selling securities due to their characteristics when it might be advantageous to do so. The Fund may use one (1) or more different third party ESG research data providers and/or internal analysis by the Manager. In assessing the eligibility of the company of a security based on ESG considerations, there is a dependence upon information and data from third party ESG research data providers and internal analysis by the Manager, which may be incomplete, inaccurate or unavailable. The independent data provider and the Manager make no representation, warranty or guaranty as to the reliability, timeliness, quality, suitability, truth, availability, accuracy, security or completeness of the service or any content. As a result, there is a risk to incorrectly assess a security or company. There is also a risk that the Manager may not apply the relevant criteria resulting out of the ESG research correctly or that the Fund could have indirect exposure to companies who do not meet the relevant criteria (used in the ESG considerations). Furthermore, ESG considerations are subjective and it is therefore possible that an investment may not perform in a way that an investor considers to be sustainable or responsible, even though it has been selected in accordance with the ESG criteria applied in the portfolio construction process for the Fund. To manage and mitigate ESG investment risk, the Manager will apply the ESG screening process as set out under the “Investment Policy and Strategy” of the Fund.

3. Amendment to page 36 of the Master Prospectus – “Information on the Funds – MIDF Amanah ESG Mustadamah Fund (MAEMF), Investment Policy and Strategy”

The information in relation to the Investment Policy and Strategy is hereby deleted in its entirety and replaced with the following:

Investment Policy and Strategy

The Fund seeks to achieve its investment objective by adopting an investment approach that integrates both principles of Shariah as well as ESG investing.

The investment philosophy focuses on the belief of long-term earnings growth and the likelihood of the earnings growth being delivered by investing in good quality and sustainable companies that can potentially offer attractive and sustainable long-term growth.

The Fund’s portfolio will consist of Shariah-compliant securities and Shariah-compliant equity-related securities (including but not limited to Shariah-compliant warrants and Shariah-compliant loan stocks) of both growth and quality companies that contains the ESG elements.

The Fund will invest between 70% - 98% of the NAV of the Fund in Shariah-compliant stocks that are listed in Bursa Malaysia. The stocks which are Shariah-compliant are also required to have a minimum of BBB rating on the ESG rating scale of IdealRatings Inc, an independent data provider (the “**Independent Data Provider**”). The Independent Data Provider provides an investment service designed to identify Shariah-compliant securities along with custom-built indexes and purification services. It allows the Manager to access a comprehensive range of data that has been analysed by an external research team.

The Fund may also invest in Islamic liquid assets such as Islamic deposits and Islamic money market instruments. The investments of Islamic money market instruments and Islamic deposits are for liquidity purposes. Therefore, the ESG considerations are not applicable to the selection of Islamic money market instruments and Islamic deposits.

The Fund is actively managed. However, the frequency of its trading activities will depend on market opportunities.

ESG Integration

The integration of ESG assessment is included in the screening, selection and monitoring process of the Fund’s investments. The Manager uses a filtered Shariah-ESG universe list, provided via the Independent Data Provider that provides ESG ratings, based on the sum of the E, S and G scoring from a series of acceptable inputs and data sources.

The Independent Data Provider determines a group of companies (“Group”)’s ESG rating by researching and documenting answers to a series of questions (or inputs) for each of the three pillars (E, S and G). There are over 150 inputs captured during the research process. Each pillar has a maximum score of 100, and the weight each key performance indicator (“KPI”) contributes to a company’s overall pillar score is based on an industry-relative model. For example, inputs under the waste management KPI of the environmental pillar could have a weight of 0% (meaning the inputs have no effect on a Group’s score) for a company in the banking industry, yet a weight of 15% (meaning the KPI contributes 15% to the overall numerical score for the environmental pillar) for a company involved in energy production. The sum of the three pillar scores becomes the company’s ESG score, which can be converted to a letter grade as shown in the table below.

THIS FIRST SUPPLEMENTARY MASTER PROSPECTUS DATED 15 FEBRUARY 2024 IS TO BE READ IN CONJUNCTION WITH THE MASTER PROSPECTUS DATED 31 MAY 2023

Securities of companies with an ESG score of “BBB” and higher will be included in the list of reference stocks. The list of reference stocks that has an ESG rating will also satisfy the Shariah-compliant requirement, based on the list provided by the SACSC. The Manager will continuously monitor and evaluate the investments so that the investments are aligned with the overall investment objective and with an acceptable ESG score, on a portfolio level basis and that the overall impact of the investments is not inconsistent with any other sustainability considerations.

The Manager will ensure that at least 2/3 of the Fund’s NAV remains invested in Shariah and ESG-compliant equities and Shariah and ESG-compliant equity-related securities at all times. If the Fund breaches the aforesaid minimum asset allocation, the Manager will within a reasonable period of not more than 3 months from the date of the breach take all necessary steps and actions to rectify the breach.

In the event the Fund’s investments become inconsistent with its investment policies and strategies or are reclassified as ESG non-compliant by the Independent Data Provider, the Fund shall liquidate such investments within a reasonable period of not more than 3 months upon becoming aware of the ESG non-compliant status or reclassification date. If such liquidation results in the breach of the minimum asset allocation of at least 2/3 of the Fund’s NAV in Shariah and ESG-compliant equities and Shariah and ESG-compliant equity-related securities, the Fund will invest in accordance with its investment policies and strategies with immediate effect to ensure that at least 2/3 of the Fund’s NAV remains invested in Shariah and ESG-compliant equities and Shariah and ESG-compliant equity-related securities at all times. The Independent Data Provider will update the ESG scores and ratings reclassification of the companies (if any) and deliver the list of reference stocks to the Manager twice a year.

(3) RISK FACTORS

Prior to making an investment, prospective investors should consider the following risk factors in addition to the other information set out in this Master Prospectus:

General Risks

Market Risk

Market risk refers to potential losses that may arise from changes in the market prices of the Fund's investments. The prices of securities that the Fund invests in may fluctuate due to various factors, for example, events or news relating to the general market or economic conditions. Such movements in the prices of securities will cause the prices or NAV of the Units to fluctuate.

Risk of Non-Compliance

This is the risk of the Manager not complying with internal policies, the Deed, securities law and guidelines, whether by oversight or by omission, or if the Manager acts fraudulently or dishonestly. Non-compliance risk may adversely affect the investment of Unit Holders if the Manager is forced to sell the investments of the fund at a discount to resolve the non-compliance. In order to mitigate this risk, the Manager has imposed stringent internal compliance controls.

Financing Risk

This risk occurs when investors take a financing/loan to finance their investment. The inherent risk of investing with financed/borrowed money includes investors being unable to service the financing payments. In the event units are used as collateral, an investor may be required to top-up the investors' existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the financing.

Inflation Risk

This refers to the likelihood of a unit holder's investments not growing proportionately to the inflation rate resulting in the unit holder's decreasing purchasing power even though the investment in monetary terms may have increased. This risk can be mitigated by investing in securities that can provide positive real rate of return.

Operational risk

Operational risk is defined as the 'risk of loss resulting from inadequate or failed processes, people and systems or from external events (BASEL II and BNM)'. Effective operational risk management ("ORM") is considered a critical component of any financial institutions' (FIs) Enterprise Risk Management (ERM) program, as it mitigates a variety of risks across multiple disciplines that may materially impact the achievement of the FIs' corporate and strategic objectives.

Operational risk is inherent in nearly every business activity; it touches every department, system and process where such risk can:

- i. erode a business's ability to fully meet its strategic objectives;
- ii. introduce adverse reputational and regulatory consequences;
- iii. lead to regulatory fines and sanctions due to pervasive lack of controls

Asset management firms should view a strong ORM program as an important means to reduce risk and avoid loss. Additionally, clients and fund boards are demanding that asset management firms demonstrate a sound ORM program and are increasingly inquiring about a firm's ORM procedures and practices to ensure strong fiduciary oversight and responsibility practices.

Suspension of Redemption Risk

The Fund may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the redemption of Units under exceptional circumstances, where the market value or fair value of a material portion of the Fund's assets cannot be reasonably determined. Upon suspension, the Fund will not be able to pay Unit Holders' redemption proceeds in a timely manner and Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated redemption timeline. Hence, Unit Holders' investments will continue to be subjected to the risk factors inherent to the Fund. Please refer to Section 8(i) of this Master Prospectus for more information on suspension of dealing in Units.

Specific Risks

The Funds below are subject to the following specific risks respectively:

Specific Risk	MADF	MAGF	MAIF	MASF	MAEMF	MASMMF	MASMMF II
<u>Market Risk</u> Market risk refers to potential losses that may arise from changes in the market prices of the Fund's investments. The prices of Shariah-compliant securities that the Fund invest in may fluctuate due to various factors, for example, events or news relating to the general market or economic conditions. Such movements in the prices of Shariah-compliant securities will cause the prices or NAV of the Units to fluctuate.	/	/	/	/	/		
<u>Securities Specific Risk</u> Any fluctuation in the value of Shariah-compliant securities in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company may affect the price of Units. The impact is however mitigated by the Fund investing in a wide portfolio of Shariah-compliant investments, thus spreading the element of risk.	/	/	/	/	/		
<u>Liquidity Risk</u> This risk refers to the ease with which the Fund's investment can be sold at a favourable price. Should the Fund's investment become illiquid, it may be sold at an unfavourable price which may then lower the value of the Fund's investments and subsequently the value of Unit Holders' investments.	/	/	/	/	/		

<p><u>Reclassification of Shariah Status Risk</u></p> <p>This risk refers to the risk that the currently held Shariah-compliant equities in the portfolio of the Fund may be reclassified to be Shariah non-compliant in the periodic review of the securities by the SACSC or the Shariah Adviser. If this occurs, the value of the Fund may be adversely affected where the Manager will take the necessary steps to dispose of such equities in accordance with SACSC's resolutions and guidelines. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities.</p>	/	/	/	/	/		
<p><u>Credit Risk</u></p> <p>This refers to the possibility that an issuer may not be able to make timely profit or principal payments. A default in the payment of profit and principal will adversely affect the value of the Fund. However, this risk can be mitigated through investing in instruments that have a minimum rating of BBB by the RAM or other local rating agencies while employing a portfolio diversification strategy. Any downgrading of a particular instrument below the minimum rating will be disposed of for its creditworthiness as soon as practicable.</p>					/	/	/
<p><u>Profit Rate Risk</u></p> <p>The risk refers to the effect of profit rate changes on the market value of a sukuk portfolio or Islamic money market instruments. In the event of rising profit rates, the profit rate is affected and the sukuk prices and Islamic money market instruments' prices will generally fall and vice versa, thus affecting the NAV of the Fund. However, should the Fund hold a sukuk till maturity, such price fluctuations would dissipate as it approaches maturity, and thus the NAV shall not be affected at maturity. In</p>				/	/	/	/

<p>order to mitigate profit rates exposure of the Fund, the Manager will actively manage the duration of the sukuk portfolio.</p>							
<p><u>Reinvestment Risk</u> This is a risk that future proceeds (profit and/or capital) are reinvested at a lower potential profit rate. Reinvestment risk is especially evident during periods of falling profit rates where the coupon/profit payments are reinvested at less than the yield to maturity (actual profit rate) at the time of purchase.</p>					/		/
<p><u>ESG Investment Risk</u> As a qualified SRI fund, the investments of the Fund will be subject to ESG integration methodology. By subjecting the Fund to the ESG integration methodology, it may result in the Fund foregoing opportunities to buy certain securities when it might otherwise be advantageous to do so, and/or selling securities due to their characteristics when it might be advantageous to do so. The Fund may use one (1) or more different third party ESG research data providers and/or internal analysis by the Manager. In assessing the eligibility of the company of a security based on ESG considerations, there is a dependence upon information and data from third party ESG research data providers and internal analysis by the Manager, which may be incomplete, inaccurate or unavailable. As a result, there is a risk to incorrectly assess a security or company. There is also a risk that the Manager may not apply the relevant criteria resulting out of the ESG research correctly or that the Fund could have indirect exposure to companies who do not meet the relevant criteria (used in the ESG considerations). Furthermore, ESG considerations are</p>				/			

<p>subjective and it is therefore possible that an investment may not perform in a way that an investor considers to be sustainable or responsible, even though it has been selected in accordance with the ESG criteria applied in the portfolio construction process for the Fund.</p>							
<p><u>Shariah-Compliant Equity Risk</u> The performance of the Shariah-compliant equities held by the Fund is also dependent on company specific factors like the company's business situation. If the company-specific factors deteriorate, the price of the specific Shariah-compliant equity may drop significantly and permanently. Such event could possibly occur even in a positive Shariah-compliant equity market trend. The risk will be managed via portfolio diversification of the Fund's investments in terms of its exposure to equity from various industries, sectors and countries. In addition, where necessary, exposure to a particular Shariah-compliant equity will also be reduced in the event of an anticipated weakness in that particular Shariah-compliant equity.</p>	/	/	/	/	/		
<p><u>Regulatory Risk</u> Any changes in national policies and regulations may have an effect on the capital markets in which the Fund is investing. If this occurs there is a possibility that the value of Unit Holders' investments may be adversely affected.</p>	/	/	/	/	/	/	/
<p><u>Shariah-compliant Equity-related Securities Risk</u> The value of the Shariah-compliant equity-related securities depends on the value of the underlying equities that the Shariah-compliant securities are related to. Any upward movement in the value of the underlying Shariah-compliant equities may result an upward movement of the value of the respective Shariah-compliant</p>	/	/	/	/	/		

<p>equity-related securities, and vice versa. Hence, the movement of the value of the Shariah-compliant equity-related securities will affect the value of the Fund. The Fund may also invest in Shariah-compliant equity-related securities such as Shariah-compliant warrant, that have an expiry date and may experience time decay, and the erosion of value accelerates as the instrument advances to its expiry date. If the Shariah-compliant warrant is not exercised on or before the expiry date, the Shariah-compliant warrant will have no value and negatively impact the NAV of the Fund.</p>

Investors are reminded that the risks listed above may not be exhaustive and if necessary, they should consult their adviser(s), e.g. bankers, lawyers, Shariah adviser, stockbrokers or independent professional advisers for a better understanding of the risks.

Furthermore, for Shariah-compliant equities, investment in any one (1) Shariah-compliant stock is normally not more than 5% to 10% of the respective Fund as a matter of risk diversification.

Temporary Defensive Measures

The Manager may take temporary defensive positions that may be inconsistent with the Fund's asset allocation in attempting to respond to adverse economic, political or any other market conditions. In such circumstances, the Manager may reallocate the Fund's Shariah-compliant equity investments into other asset classes such as Islamic liquid assets.

Gearing Policy

The Fund shall not borrow cash/apply for financing or other assets (including the borrowing/financing of Shariah-compliant securities) to finance the activities of the Fund or finance any of its cash or investments.

2. Sukuk;
3. Islamic deposits and Islamic money market instruments;

5. such other kinds of Shariah-compliant investments as may be permitted by the SC from time to time.

Investment Restrictions and Limits

(a) Spread of investment

- (i) The value of the Fund's investment in Shariah-compliant ordinary shares issued by any single issuer must not exceed 10% of the Fund's NAV.
- (ii) The value of the Fund's investment in Shariah-compliant transferable securities and Islamic money market instruments issued by any single issuer must not exceed 15% of the Fund's NAV.
- (iii) The value of the Fund's placement in Islamic deposits with any single financial institution must not exceed 20% of the Fund's NAV.
- (iv) The aggregate value of the Fund's investment in, or exposure to, a single issuer through Shariah-compliant transferable securities, Islamic money market instruments and Islamic deposits must not exceed 25% of the Fund's NAV.
- (v) The value of the Fund's investments in units or shares of any Islamic collective investment scheme must not exceed 20% of the Fund's NAV provided that the Islamic collective investment scheme complies with the requirements of the Guidelines.
- (vi) The value of the Fund's investments in units or shares of any listed Islamic collective investment scheme that invests in real estate must not exceed 15% of the Fund's NAV.

(b) Spread on group of companies

- (i) The value of the Fund's investments in Shariah-compliant transferable securities and Islamic money market instruments issued by any group of companies must not exceed 20% of the Fund's NAV.

(c) Concentration of investment

- (i) The Fund's investments in sukuk must not exceed 20% of the sukuk issued by a single issuer. This limit may be disregarded at the time of acquisition if at that time of acquisition, the gross amount of sukuk in issue cannot be determined.
- (ii) The Fund's investments in Shariah-compliant shares or Shariah-compliant securities equivalent to shares must not exceed 10% of the Shariah-compliant shares or Shariah-compliant securities equivalent to shares, as the case may be, issued by a single issuer.
- (iii) The Fund's investments in Islamic money market instruments must not exceed 10% of the instruments issued by any single issuer. This limit does not apply to Islamic money market instruments that do not have a pre-determined issue size.
- (iv) The Fund's investment in Islamic collective investment scheme must not exceed 25% of the units or shares in the Islamic collective investment scheme.

(d) General

- (i) The value of the Fund's investments in Shariah-compliant transferable securities that are not traded or dealt in or under the rules of an Eligible Market must not exceed 15% of the Fund's NAV, subject to a maximum limit of 10% of the Fund's NAV in a single issuer.
- (ii) In relation to Item (a)(iii) under Investment Restrictions and Limits mentioned above, the single financial institution limit does not apply to placements of Islamic deposits arising from:
 - (a) subscription monies received prior to the commencement of investment by the Fund;
 - (b) liquidation of investments prior to the termination of the Fund, where the placement of Islamic deposits with various financial institutions would not be in the best interests of Unit Holders; or
 - (c) monies held for the settlement of redemption or other payment obligations, where the placement of Islamic deposits with various financial institutions would not be in the best interest of Unit Holders.

The above stated limits and restrictions shall be complied with at all times based on the most up-to-date value of the Fund's Shariah-compliant investments and instruments. The Manager will notify the SC within seven (7) Business Days of any breach of investment limits and restrictions with the steps taken to rectify and prevent such breach from recurring. However, any breach as a result of any appreciation or depreciation in value of the Fund's assets or repurchase of Units or payment made from the Fund, change in capital of a corporation in which the Fund has invested in or downgrade in or cessation of a credit rating, need not be reported to the SC and must be rectified as soon as practicable within three (3) months from the date of the breach. The three (3)-month period may be extended if it is in the best interests of Unit Holders and the Trustee's consent is obtained. Such extension will be subject to a monthly review by the Trustee.

There are no restrictions and limits imposed on securities or instruments issued or guaranteed by the Malaysian government or Bank Negara Malaysia.

Bases of Valuation of Investments

- (i) Listed Shariah-compliant securities (other than Islamic fixed income/sukuk) – any such Shariah-compliant securities will be valued based on the last done market price. However, if-

- (a) a valuation based on the market price does not represent the fair value of the Shariah-compliant securities, for example during abnormal market conditions; or
- (b) no market price is available, including in the event of a suspension in the quotation of the Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,

then the Shariah-compliant securities should be valued at fair value, as determined in good faith by the Manager, based on the methods or bases approved by the Trustee after appropriate technical consultation.

- (ii) Unlisted Shariah-compliant securities – valuation is based on the fair value of an instrument estimated by discounting the future cash stream to its present value using the prevailing (current) market rate that reflects the risk of the issuer. The valuation method shall be verified by the Auditors and approved by the Trustee. For unlisted Shariah-compliant securities that have been approved for listing, the valuation is based on the “offer price” paid by the Fund.
- (iii) Listed and unlisted Islamic fixed income securities/sukuk – for listed Islamic fixed income securities/sukuk, the last traded prices quoted on a recognised exchange will be used. In the case of unlisted Islamic fixed income securities/sukuk, such investments will be valued on a daily basis using fair value prices quoted by a bond pricing agency registered with the SC. If the Manager is of the view that the price quoted by the bond pricing agency differs from the market price by more than twenty (20) basis points, the Manager may use the market price, provided that the Manager record the basis for not using the bond pricing agency price, obtain the necessary internal approvals for not using the bond pricing agency price and keep an audit trail of all the decisions and basis for adopting the market yield.
- (iv) Suspended Shariah-compliant securities – will be valued at their suspended price unless there is conclusive evidence to indicate that the value of such Shariah-compliant securities have gone below the suspended price, whereupon their value will be ascertained in a manner as agreed upon by the Manager and Trustee, and verified by the Auditors.
- (v) Cash in bank and/or Islamic deposits – the value of such investments which are cash in bank and/or Islamic deposits placed with financial institutions and bank bills shall be determined each day by reference to the values of such investments and the accrued income or profit thereon for the relevant period.
- (vi) Islamic money market instruments – investments in Islamic commercial papers and Islamic treasury bills are valued each day based on the price quoted by bond pricing agency (“BPA”) registered with the SC.
- (vii) Units in the other Islamic collective investment schemes – will be valued based on the last published repurchase price.

Bases of Valuation of Investments

- (i) Listed Shariah-compliant securities (other than sukuk) – any such Shariah-compliant securities will be valued based on the last done market price. However, if-

 - (b) no market price is available, including in the event of a suspension in the quotation of the securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,then the securities should be valued at fair value, as determined in good faith by the Manager, based on the methods or bases approved by the Trustee after appropriate technical consultation.
- (ii) Unlisted Shariah-compliant securities – valuation is based on the fair value of an instrument estimated by discounting the future cash stream to its present value using the prevailing (current) market rate that reflects the risk of the issuer. Unlisted Shariah-compliant securities will be valued once a year or as and when the Manager deems appropriate and the valuation shall be verified by the Auditors and approved by the Trustee. For unlisted Shariah-compliant securities that have been approved for listing, the valuation is based on the “offer price” paid by the Fund.
- (iii) Listed and unlisted sukuk – for listed sukuk, the last traded prices quoted on a recognised exchange will be used. In the case of unlisted sukuk, such investments will be valued on a daily basis using fair value prices quoted by a bond pricing agency registered with the SC. If the Manager is of the view that the price quoted by the bond pricing agency differs from the market price by more than twenty (20) basis points, the Manager may use the market price, provided that the Manager record the basis for not using the bond pricing agency price, obtain the necessary internal approvals for not using the bond pricing agency price and keep an audit trail of all the decisions and basis for adopting the market yield.
- (iv) Suspended Shariah-compliant securities – will be valued at their suspended price unless there is conclusive evidence to indicate that the value of such shares have gone below the suspended price, whereupon their value will be ascertained in a manner as agreed upon by the Manager and Trustee, and verified by the Auditors.
- (v) Cash in bank and/or Islamic deposits – the value of such investments which are cash in bank and/or Islamic deposits placed with financial institutions and banks bills shall be determined each day by reference to the values of such investments and the accrued income or profit thereon for the relevant period.
- (vi) Units in the other Islamic collective investment schemes – will be valued based on the last published repurchase price.

MIDF AMANAH DYNAMIC FUND (MADF)

Category of Fund : Shariah-compliant Equity

Investment Objective of MADF

The investment objective of the Fund is to achieve Long Term capital growth through investments in equities with superior growth prospects*.

Note: *Any material changes to the investment objective of the Fund would require the Unit Holders' approval.*

* *superior growth prospects refers to local high growth companies with earnings growth potential that are expected to exceed the gross domestic product growth of Malaysia.*

Investors' Profile

MADF is suitable for investors who are seeking Long Term capital growth and who can tolerate a high level of risks associated with stock market investments.

Investment Policy and Strategy

The investment strategy is to seek Long Term capital appreciation by investing in Shariah-compliant equities, irrespective of their specific type, size or sector.

The overall investment strategy for the Fund focuses on implementing appropriate asset allocation and Shariah-compliant securities selection based on the prevailing investment outlook at that time. In other words, the Manager aims to employ the optimal combination of asset allocation and Shariah-compliant securities selection strategies for the Fund at any point of time. The Manager adopts a "Top Down" approach to asset allocation and a "Bottom Up" approach to securities selection.

Asset allocation decisions are arrived at after assessing the international and local economic and political environment as well as all other relevant factors. As for Shariah-compliant securities selection, the Manager uses various valuation yardsticks to value Shariah-compliant equities. Depending on the company's business activity, sector characteristics and stage of economic cycle, some or all of these yardsticks may be used to value the Shariah-compliant equities.

The Fund is actively managed. However, the frequency of its trading will depend on market opportunities.

Asset Allocation

Shariah-compliant equities:	70% - 98%
Islamic liquid assets:	2% - 30%

Distribution Policy

The Fund's distribution policy will be incidental. The distributions of income (if any) will be declared at the end of each financial year of the Fund.

Performance Benchmark

FBM Hijrah[^]

([^]Can be obtained from the Bursa Malaysia website: www.bursamalaysia.com)

The risk profile of the Fund is different from the risk profile of the performance benchmark.

Risk Management Strategies

The Manager will utilise asset allocation to mitigate the overall investment risk to the Fund. Asset allocation allows for strategic switching of assets to protect the overall value of the Fund when necessary. Sector selection on the other hand provides the opportunity to diversify investment risk within an asset class. Furthermore, for Shariah-compliant equities, investment in any one (1) Shariah-compliant stock is normally not more than 5% to 10% of the respective Fund as a matter of risk diversification.

Temporary Defensive Measures

The Manager may take temporary defensive positions that may be inconsistent with the Fund's asset allocation in attempting to respond to adverse economic, political or any other market conditions. In such circumstances, the Manager may reallocate the Fund's Shariah-compliant equity investments into other asset classes such as Islamic liquid assets.

Bases of Valuation of Investments

- (i) Listed Shariah-compliant securities – any such Shariah-compliant securities will be valued based on the last done market price. However, if-
 - (a) a valuation based on the market price does not represent the fair value of the securities, for example during abnormal market conditions; or
 - (b) no market price is available, including in the event of a suspension in the quotation of the Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee,then the securities should be valued at fair value, as determined in good faith by the Manager, based on the methods or bases approved by the Trustee after appropriate technical consultation.
- (ii) Islamic money market instruments – investments in Islamic commercial papers and Islamic treasury bills are valued each day based on the price quoted by bond pricing agency (“BPA”) registered with the SC.

For investments in Islamic money market instruments that are not quoted by BPA, such instruments are valued each day at cost, adjusted for amortisation of premium or accretion of discount over their par value at the time of acquisition, less provision for any diminution in value.
- (iii) Suspended Shariah-compliant securities – will be valued at their suspended price unless there is conclusive evidence to indicate that the value of such shares has gone below the suspended price, whereupon their value will be ascertained in a manner as agreed upon by the Manager and Trustee, and verified by the auditors.
- (iv) Cash in bank and/or Islamic deposits – the value of such investments which are cash in bank and/or Islamic deposits placed with financial institutions and bank bills shall be determined each day by reference to the values of such investments and the accrued income or profit thereon for the relevant period.
- (v) Any other Shariah-compliant investments – fair value as determined in good faith by us on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

(5) ADDITIONAL INFORMATION IN RELATION TO ISLAMIC UNIT TRUST FUNDS

Shariah Investment Guidelines

The following matters are adopted by the Shariah Adviser in determining the Shariah status of the Funds' investments.

(i) **Local Securities:**

Reference for investment in local listed securities is based on the list of Shariah-compliant securities issued by the SACSC twice a year.

(ii) **Initial Public Offering of Local Securities**

For securities of an initial public offering, the Shariah Adviser adopts the following qualitative and quantitative analysis in determining its Shariah status¹.

(A) Quantitative Analysis

(1) The Shariah Adviser excludes companies which main business activities involve the following:

- (a) financial services based on *riba* (interest);
- (b) conventional insurance;
- (c) stockbroking or share trading in Shariah non-compliant securities;
- (d) gambling and gaming;
- (e) manufacture or sale of non-halal products or related products (e.g. pork and liquor);
- (f) manufacture or sale of tobacco-based products or related products;
- (g) entertainment activities that are not permitted by the Shariah; and
- (h) other activities deemed non-permissible according to the Shariah.

(2) For companies with activities comprising both permissible and non-permissible elements, the Shariah Adviser adopts the following two-tier quantitative approach, which applies the business activity benchmarks and the financial ratio benchmarks as determined by the SACSC:

(a) Business Activity Benchmarks

The contribution of Shariah non-compliant activities to the overall revenue and profit before taxation of the company will be computed and compared against the relevant business activity benchmarks as follows:

- (i) The 5% benchmark applicable to the following business activities:
- conventional banking and lending;
 - conventional insurance;
 - gambling;
 - liquor and liquor-related activities;
 - pork and pork-related activities;
 - non-halal food and beverages;
 - Shariah non-compliant entertainment;
 - interest income from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitrator and dividends from Shariah non-compliant investment);
 - tobacco and tobacco-related activities;
 - dividends from Shariah non-compliant investments; and
 - other activities deemed non-compliant according to Shariah.

¹ This criterion is adopted by the Shariah Adviser as an interim measure until the SACSC releases the Shariah status of the securities.

The contribution of Shariah non-compliant businesses/activities to the overall revenue or profit before taxation of the company must be less than 5%.

- (ii) The 20% benchmark applicable to the following business activities:
- share trading;
 - stockbroking business;
 - rental received from Shariah non-compliant activities; and
 - other activities deemed non-compliant according to Shariah.

The contribution of Shariah non-compliant businesses activities to the overall revenue or profit before taxation of the company must be less than 20%.

(b) Financial Ratio Benchmarks

The financial ratios applied are as follows:

- (i) Cash over total asset
Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.
- (ii) Debt over total asset
Debt will only include interest-bearing debt whereas Islamic debt/financing or sukuk will be excluded from the calculation.

The above ratios (or such other ratios as may be determined by the SACSC), which are intended to measure *riba* and *riba*-based elements within a company's balance sheet, must be lower than 33%.

Should any of the above deductions fail to meet the above benchmarks (business activity and financial ratio), the Shariah Adviser will not accord a Shariah-compliant status for the companies.

(B) Qualitative Analysis

The Shariah Adviser will look into the aspects of general public perception of the companies' images, core businesses which are considered important and *maslahah* (beneficial) to the Muslim *ummah* and the country, the non-permissible elements are very small and involve matters like '*umum balwa* (common plight and difficult to avoid), '*uruf* (custom) and rights of the non-Muslim community which are accepted by the Shariah.

(iii) Local Sukuk

Based on the list of sukuk readily available at the SC's website.

(iv) Islamic money market instruments and Islamic Deposits

The Shariah Adviser stand guided and make reference to the Shariah resolutions, guidelines and circulars issued by the Shariah Advisory Council of Bank Negara Malaysia.

(v) Cleansing/Purification Process for the Funds

Cleansing/purification process for the Funds

(a) Wrong Investment

Refers to Shariah non-compliant investment made by the Manager. The said investment will be disposed of /withdrawn with immediate effect. In the event that the investment resulted in gain (through capital gain and/or dividend and/or profit), the gain is to be channeled to *Baitulmal* or any other charitable bodies as advised by the Shariah Adviser. If the disposal of the investment resulted in losses to the Fund, the losses are to be borne by the Manager.

All costs incurred during the acquisition and disposal process, either the investment resulted in either gain or losses, are to be borne by the Manager.

(b) Reclassification of Shariah Status of the Funds' Investment

Reclassification relates to those Shariah-compliant securities which have been reclassified as Shariah non-compliant by the SACSC. As per the SACSC's resolution, the said securities will be disposed of soonest practicable, once the total amount of dividends received and the market value held exceeds or is equal to the investment costs.

Any dividends received up to the date of the announcement and capital gains arising from the disposal of the Shariah non-compliant securities made at the time of the announcement can be kept by the Funds. However, any dividends received and excess capital gains derived from the disposal of Shariah non-compliant securities after the announcement day at a market price that is higher than the closing price on the announcement day is to be channelled to *Baitulmal* and/or any charitable bodies as advised by the Shariah Adviser.

On the other hand, Funds are allowed to hold their investment in the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible for the Funds to keep the dividends received during the holding period until such time when the total amount of the dividends and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, the Funds are advised to dispose their holding.

(vi) Zakat for the Funds

The Funds do not pay zakat on behalf of Muslim investors. Thus, investors are advised to pay zakat on their own.

Investment portfolio

The Shariah Adviser confirms that the investment portfolio of MAGF, MASF, MAIF, MADF and MAEMF comprises of those securities which are classified as Shariah-compliant by the SACSC. As for the securities which are not certified by the SACSC as Shariah-compliant, they have reviewed the said securities and opine that these securities are designated as Shariah-compliant.

The Shariah Adviser confirms that the investment portfolio of MASMMF and MASMMF II involves Shariah-compliant investment instruments as approved by the SACSC and the SACBNM.

(6) FEES, CHARGES AND EXPENSES

Charges

The following describes the charges that investors may **directly** incur when buying or redeeming Units:

(a) Sales Charge

A sales charge may be imposed on the purchase of Units of the Funds and may be utilised by the Manager to pay the marketing, advertising and distribution expenses of the Funds.

The sales charge shall be a percentage of the NAV per Unit of the Funds and are separately disclosed as follows to enable investors to understand, compare and to make an informed decision on the preferred distribution channel:

FUND	MAGF	MASF	MAIF	MADF	MAEMF	MASMMF		MASMMF II	
						Class C	Class R	Class C	Class R
Sales Charge*	The sales charge that will be imposed by all the Manager's distributors are as follows: Direct Sales – Up to 5.00% of the NAV per Unit; IUTA – Up to 5.00% of the NAV per Unit; Tied Agents – Up to 5.00% of the NAV per Unit.					Nil		Nil	

* The Manager reserves the right to waive or reduce the sales charge from time to time at its absolute discretion. Investors may also negotiate for a lower sales charge with their preferred distributor, subject to the respective channel's qualifying criterion. All sales charges will be rounded up to two (2) decimal places and will be retained by the Manager.

Differing sales charge may be levied depending on the distribution channels and the distributor within each distribution channel, subject to the sales charge stipulated above. This is due to the different levels of services provided by each distribution channel and / or the size of the investment undertaken.

Illustration - Computation of sales charge

Example:

If an investor wishes to invest RM10,000.00 in a Fund which imposes a sales charge of 5.00% of the NAV per Unit of the Fund, the total amount of sales charge will be:

$$5.00\% \times 10,000.00 = \text{RM}500.00$$

The total amount to be paid by an investor for his or her investment will therefore be:

$$\text{RM}10,000.00 + \text{RM}500.00 = \text{RM}10,500.00 \text{ (inclusive of sales charge)}$$

(b) Repurchase Charge

No repurchase charge is levied on the repurchase of Units for any of the Funds.

(c) Transfer Fee

A fee of RM50 is payable to the Manager for each transfer.

**The Manager reserves the right to waive or reduce the transfer fee from time to time at its absolute discretion.*

(d) Switching Charge

Each Unit Holder is entitled to two (2) free switching in a calendar year. For any subsequent switching, a Unit Holder will incur a switching charge payable to the Manager for the sum of RM25 per switch.

For MASMMF, Units of MASMMF switched to any other Funds within the first year from the date of purchase of those Units will be subject to sales charge of the Funds they intend to switch to.

Please refer to Section 8(e) for details of the switching fee imposed by the Manager.

(e) Autodebit/Standing Instruction Charges

Autodebit/Standing Instruction facilities are available at selected banks and handling charges will be borne by the investors. For more details, please contact our Customer Service Line 03-2173 8488.

The following is an example of the daily computation of Manager's and Trustee's fees:-

	RM
Total NAV (before deducting the Manager's and Trustee's fees for the day) for a Fund	24,599,840.70

(7) TRANSACTION INFORMATION

(a) Valuation Point

Valuation point refers to such time on a Business Day as may be decided by the Manager wherein the NAV of the Funds is calculated. A valuation for each Business Day is carried out at the end of the day immediately after the Bursa Malaysia is closed.

As such, the daily price of the Fund for a particular Business Day will be published on the next Business Day.

(b) Computation of NAV and NAV per Unit

NAV of the Funds is determined by deducting the value of the Funds' liabilities from the value of the Funds' assets, at a valuation point. For the purpose of computing the annual management fee and annual trustee fee, the NAV of the Funds should be inclusive of the annual management fee and the annual trustee fee for the relevant day.

Please note that the example below is for illustration only:

(i) *Applicable to all Funds except MASMMF and MASMMF II:*

	RM
	Securities Investment
	100,000,000.00

In the event that there are 300,000,000 Units of a Fund in circulation at the point of valuation, the NAV per Unit of the Fund shall therefore be calculated as follows:

	RM
	NAV
	101,195,619.29

	300,000,000
	<hr/>
	NAV per Unit of a Fund

	0.3373*

* NAV per Unit will be rounded up to four (4) decimal places for the purposes of publication of the NAV per Unit.

(ii) *Applicable to MASMMF and MASMMF II only:*

As the Fund has multiple Classes, the fees and expenses of the Fund are apportioned based on the NAV of each Class relative to the size of the whole Fund which is known as multi-class ratio ("MCR"). The MCR is calculated by taking the NAV of a Class before income and liabilities on a particular day and dividing it with the NAV of the Fund before income and liabilities for the same day. The apportionment is expressed as a ratio and calculated as a percentage.

	Fund (RM)	Class C (RM)	Class R (RM)
MCR	100%	67%	33%
Securities Investment	100,000,000.00	67,000,000.00	33,000,000.00
Add: Other assets (including cash) & Income	1,400,000.00	938,000.00	462,000.00
Less: Liabilities	200,000.00	134,000.00	66,000.00
NAV before deducting annual management fee and annual trustee fee for the day	101,200,000.00	67,804,000.00	33,396,000.00
Less: Annual management fee for the day (at 0.50% per annum calculated based on the NAV) RM101,200,000.00 x 0.50% /365 days	1,386.30	928.82	457.48
Less: Annual trustee fee for the day (at 0.07% per annum calculated based on the NAV) RM101,200,000.00 x 0.07% /365 days	194.08	130.03	64.05
NAV	101,198,419.62	67,802,941.15	33,395,478.47

The NAV per Unit of a Class is calculated by dividing the NAV of the Fund attributable to the Class by the number of Units in circulation of that Class at the same valuation point for each Business Day.

In the event that there are 300,000,000 Units of the Fund in circulation at the point of valuation, the NAV per Unit of a Class shall therefore be calculated as follows:

	Fund (RM)	Class C (RM)	Class R (RM)
NAV	101,198,419.62	67,802,941.15	33,395,478.47
Divide: Units in Circulation	300,000,000	201,000,000	99,000,000
NAV per Unit of a Fund		0.3373*	0.3373*

* NAV per Unit will be rounded up to four (4) decimal places for the purposes of publication of the NAV per Unit.

(c) **Pricing of Units**

Single Pricing Regime

The Manager adopts a single pricing regime in calculating the selling price and repurchase price per Unit. Under this regime, both the selling price and the repurchase price per Unit will be the same, i.e., the NAV per Unit of a Fund.

Selling Price of Units

- i. The Selling Price of a Unit for MAGF, MASF, MAIF, MADF and MAEMF is the NAV per Unit of the respective Fund at the end of each Business Day as at the next valuation point after the request to purchase Units is received by the Manager (Forward Pricing). The Manager and its distributors will impose a maximum sales charge of 5.00% of the NAV per Unit of the Fund on top of the amount an investor pays to the Manager to purchase Units.
- ii. The Selling Price of a Unit for MASMMF II and MASMMF is the NAV per Unit of the respective Fund at the end of each Business Day as at the next valuation point after the request to purchase Units is received by the Manager (Forward Pricing). The Manager and its distributors will not impose any sales charge on an investor who wishes to purchase Units of MASMMF II and MASMMF.

Illustration – Sale of Units with sales charge

Example:

If an investor wishes to invest RM10,000.00 in the MAGF (a Fund which imposes a sales charge) before 4.00 p.m. on a Business Day, and if the sales charge is 5.00% of the NAV per Unit of the Fund, the total amount to be paid by the investor and the number of Units issued to an investor will be as follows:

Sales Charge payable by an investor = 5.00% x 10,000.00 = **RM500.00**

The total amount to be paid by an investor for his or her investment will therefore be:
RM10,000.00 + RM500.00
= **RM10,500.00** (inclusive of sales charge)

In the event that the NAV per Unit for MAGF at the end of that Business Day = RM0.5000

The number of Units that will be issued to the investor will be:
RM10,000.00 divided by RM0.5000 (the NAV per Unit for MAGF)
= **20,000.00 Units**

Illustration – Sale of Units without sales charge

Example:

If an investor wishes to invest RM10,000 in Class C of MASMMF II (a Fund which does not impose any sales charge) before 4.00 p.m. on a Business Day, the total amount to be paid by the investor and the number of Units issued to an investor will be as follows:

The total amount to be paid by an investor for his or her investment will be **RM10,000.00** as there will be no sales charge imposed by the Manager.

In the event that the NAV per Unit for MASMMF II at the end of that particular Business Day = RM0.5000

The number of Units that will be issued to the investor will be:

RM10,000.00 divided by RM0.5000 (the NAV per Unit for MASMMF II)
= **20,000.00 Units**

Investors are advised not to make payment in cash to any individual agent when purchasing Units of the Funds.

Repurchase Price of Units

The Repurchase Price of a Unit for MAGF, MASF, MADF, MASMMF II, MAIF, MASMMF and MAEMF is the NAV per Unit of the respective Fund at the end of each Business Day as at the next valuation point after the request to repurchase Units is received by the Manager (Forward Pricing). There would not be any repurchase charge imposed on the Funds.

Calculation of Repurchase Price

Illustration – Repurchase of Units without repurchase charge

Example:

If an investor wishes to redeem RM10,000.00 from MAGF (a Fund which does not impose any repurchase charge) before 4.00 p.m. on a Business Day, the total amount to be paid to the investor and the number of Units redeemed by an investor will be as follows:

In the event that the NAV per Unit for MAGF at the end of that Business Day = RM0.5000

The number of Units that will be redeemed by an investor will be: RM10,000.00 divided by RM0.5000 (the NAV per Unit for MAGF)
= **20,000.00 Units**

The total amount to be paid to an investor will be the number of Units to be redeemed multiplied with the NAV per Unit.
= 20,000.00 Units x RM0.5000
= **RM10,000.00**

Therefore, the investor will receive **RM10,000.00** as redemption proceeds.

(d) Incorrect Pricing

The Manager shall take immediate remedial action to rectify any incorrect valuation and/or pricing of the Funds or Units of the Fund. Where such error has occurred, monies shall be reimbursed in the following manner:-

- (a) in the event of over valuation or pricing, by the Manager to the Funds (if there is a redemption of Units) and/or to the Unit Holders who purchase Units at a higher price; or
- (b) in the event of under valuation or pricing, by the Manager to the Funds (if there is a sale of Units) and/or to the Unit Holders or former Unit Holders who redeem at a lower price.

Notwithstanding the foregoing, unless the Trustee otherwise directs, no reimbursement shall be made save and except where an incorrect pricing: –

- (i) is equal to or more than zero point five per centum (0.5%) of the Net Asset Value per Unit; and

- (ii) results in a sum total of Ringgit Malaysia Ten (RM10.00) or more to be reimbursed to a Unit Holder for each sale or repurchase transaction.

Subject to any regulatory requirements, the Manager shall have the right to amend, vary or revise the abovesaid limits or threshold from time to time and disclose such amendment, variation or revision in this Master Prospectus.

There are fees and charges involved and investors are advised to consider the fees and charges before investing in the Funds.

(d) Transfer of Units

Units within the Funds may be transferred from one (1) Unit Holder to another Unit Holder subject to the Manager's sole discretion and to the provisions of the Deed.

(e) Switching between Funds

Unit Holders may switch their investments between the Funds managed by the Manager in response to their investment needs, subject to any terms and conditions imposed by the fund to be switched to, if any. However, switching from an Islamic unit trust fund to a conventional fund is discouraged especially for Muslim Unit Holders. You should read and understand this Master Prospectus for the Funds you are considering switching to before deciding to switch.

Each Unit Holder is entitled to two (2) free switching within a calendar year. Subsequent switches will be charged a switching fee of RM25 per switch.

The minimum number of Units per switch is as follows:

MASMMF	Class C	1,000 Units

MASMMF II	Class C	100 Units or such other lesser Units as the Manager may from time to time decide
	Class R	

For partial switching, Units in your account after switching must not be less than the stipulated minimum Unit holdings for the respective Funds or Classes. Following a switching transaction, if the quantity of Units held by a Unit Holder in the Fund falls below its minimum Unit holding, the Manager may switch the entire investment and forward the proceeds to the fund to be switched into.

There is no restriction on the frequency of switching.

Switching into new funds will not be allowed during the initial six (6) months from the launch date of the said new funds.

The fees and charges imposed by the Manager for switching between the Funds are set out as follows:

Switched to Switched from	Equity Fund (MAGF, MASF, MAIF, MADF & MAEMF)	Money Market Fund (MASMMF & MASMMF II)
Equity Fund (MAGF, MASF, MAIF, MADF & MAEMF)	At Repurchase Price per Unit + switching fee	At Repurchase Price per Unit + switching fee

The Manager reserves the right to vary the terms and conditions for switching from time to time, which shall be communicated to the investor in writing.

(f) Dealing Cut-Off Time for Investment, Repurchase and Switching of Units

The dealing cut-off time shall be at **4.00 p.m.** on a Business Day.

Applications received before the cut-off time on a Business Day will be processed on the same Business Day based on the same day's pricing of the Funds.

Applications received after the cut-off time on a Business Day will be treated as having been received on the next Business Day and will be processed on the next Business Day based on the next day's pricing of the Funds.

The above is in accordance with the standards issued by FIMM on the dealing cut-off time.

For pricing of Units, please refer to pages 49 - 50.

(g) Notice of Cooling-off Period

A cooling-off right refers to the right of the Unit Holder to obtain a refund of his investment in the Funds if he so requests within the cooling-off period. A cooling-off right is only given to an individual investor, **other than those listed below**, who is investing in any of the Manager's funds **for the first time**:

- (i) a staff of the Manager; and
- (ii) persons registered with a body approved by the SC to deal in unit trusts.

The cooling-off period shall be for a total of six (6) Business Days commencing from the date the application for Units is received by the Manager.

The refund for every Unit held by the investor pursuant to the exercise of his cooling-off right shall be as follows:

- (a) if the NAV per Unit on the day the Units were first purchased is higher than the NAV per Unit at the point of exercise of the cooling-off right ("Market Price") the Market Price at the point of cooling-off; or
- (b) if the Market Price is higher than the NAV per Unit on the day the Units were first purchased, the NAV per Unit on the day the Units were first purchased; and
- (c) the sales charge per Unit originally imposed on the day the Units were purchased.

The refund amount shall be paid to the Unit Holder within seven (7) Business Days from the date of cooling-off request is received.

Investor are advised not to make payment in cash to any individual agent when purchasing Units of the Funds.

(h) Distribution of Income

Unit Holders have the option of requesting that income due to them on any income distribution be reinvested in the Fund, if any. The reinvestments will be based on the NAV per Unit (ex-distribution) at the close of the date the income distribution is declared. Sales charge will not be imposed on the income distribution reinvestments. The Manager reserves the right to reinvest income distributed in respect of a Fund, which is less than RM250.00, in additional Units of the Fund at the NAV per Unit of the Fund at the close of the date the income distribution is declared.

Distribution cheques issued to Unit Holders will become void after 6 months from the distribution payment date. Upon the expiry of the cheque, if it has not been presented for payment, it would be reinvested automatically into Units of the respective Fund at NAV per Unit valued on the date of the expiry of the cheque.

However, consistent with MASMMF II and MASMMF's objective to provide investors with a stable income stream, these two (2) Funds will strive to distribute consistent income (if any) to investors at the end of each month. This will be in proportion to the number of Units an investor holds on the date the distribution is declared. In the absence of written instructions to the contrary from a Unit Holder, any income distribution will be reinvested in the Fund.

For MAEMF, distribution, if any, after deduction of taxation and expenses (i.e., net distribution) will be reinvested unless the Unit Holder specifically requests for distribution to be paid out to the Unit Holder by indicating in the purchase/ switch form. The reinvestments will be based on the NAV per Unit (ex-distribution) at the close of the date the income distribution is declared. Sales charge will not be imposed on the income distribution reinvestments. For Unit Holder who specifically requests for distribution to be paid out, it will be credited into the bank account opened with licensed financial institutions in Malaysia. In the absence of a valid and active bank account, the distribution will be reinvested based on the NAV per Unit on a Business Day determined at the discretion of the Manager.

(i) Liquidity Risk Management Policy

In managing the liquidity of the Fund to meet redemption requests from the Unit Holders as well as to safeguard the interests of the remaining Units Holders, the Manager has put in place the following procedures:

- (a) liquidity risk dashboard, a periodic review of portfolio position to ascertain the duration of time needed to liquidate stocks in the Fund;
- (b) liquidity stress test;
- (c) investor concentration threshold, whereby non-individual Unit Holders who wishes to make large redemptions are required to give an advance notice to the Manager.

The Manager may, in consultation with the Trustee and having considered the interests of the Unit Holders, resort to suspend the dealing in Units due to exceptional circumstances, where there is good and sufficient reason to do so (e.g. where the market value or fair value of a material portion of the Fund's assets cannot be determined), provided always that the abovementioned procedures have been exhausted.

The Manager will cease the suspension as soon as practicable after the aforesaid circumstances has ceased, and in any event within twenty-one (21) days of commencement of suspension. The period of suspension may be extended if the Manager satisfy the Trustee that it is in the best interest of Unit Holders for the dealing in Units to remain suspended. Such suspension will be subject to weekly review by the Trustee.

Any redemption request received by the Manager during the suspension period will only be accepted and processed on the next Business Day after the cessation of suspension of the Fund. In such cases, Unit Holders will be compelled to remain invested in the Fund for a longer period of time than the stipulated redemption timeline. Hence, their investments will continue to be subjected to the risk factors inherent to the Fund.

Where such suspension is triggered, the Manager will inform all Unit Holders in a timely and appropriate manner of its decision to suspend the dealing in Units.

UNIT PRICES AND DISTRIBUTIONS PAYABLE, IF ANY, MAY GO DOWN AS WELL AS UP.

Dear Sirs

Taxation of the unit trust funds and unit holders

This letter has been prepared for inclusion in this Master Prospectus in connection with the offer of units in the unit trusts funds managed by MIDF Amanah Asset Management Berhad as listed in Attachment 1 (hereinafter referred to as "the Funds").

The purpose of this letter is to provide prospective unit holders with an overview of the impact of taxation on the Funds and the unit holders.

Taxation of the Funds

The taxation of the Funds is subject to the provisions of the Malaysian Income Tax Act 1967 (MITA), particularly Sections 61 and 63B.

Subject to certain exemptions, the income of the Funds comprising profits and other investment income derived from or accruing in Malaysia after deducting tax allowable expenses, is subject to Malaysian income tax at the rate of 24% with effect from the year of assessment 2016.

Under Section 2(7) of the MITA, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*.

The effect of this is that any gains or profits received (hereinafter referred to as “profits”) and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of *Syariah*, will be accorded the same tax treatment as if they were interest.

Tax allowable expenses would comprise expenses falling under Section 33(1) and Section 63B of the MITA. Section 33(1) permits a deduction for expenses that are wholly and exclusively incurred in the production of gross income. In addition, Section 63B allows unit trusts a deduction for a portion of other expenses (referred to as ‘permitted expenses’) not directly related to the production of income, as explained below.

“Permitted expenses” refer to the following expenses incurred by the Funds which are not deductible under Section 33(1) of the MITA:

- the manager's remuneration,
- maintenance of the register of unit holders,
- share registration expenses,
- secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage.

These expenses are given a partial deduction under Section 63B of the MITA, based on the following formula:

$$A \times \frac{B}{4C}$$

- where
- A is the total of the permitted expenses incurred for that basis period;
 - B is gross income consisting of dividend¹, interest and rent chargeable to tax for that basis period; and
 - C is the aggregate of the gross income consisting of dividend¹ and interest (whether such dividend or interest is exempt or not) and rent, and gains made from the realisation of investments (whether chargeable to tax or not) for that basis period,

provided that the amount of deduction to be made shall not be less than 10% of the total permitted expenses incurred for that basis period.

¹ Pursuant to Section 15 of the Finance Act 2011, with effect from the year of assessment 2011, dividend income is deemed to include income distributed by a unit trust which includes distributions from Real Estate Investment Trusts.

Exempt income

The following income of the Funds is exempt from income tax:

- **Malaysian sourced dividends**
All Malaysian-sourced dividends should be exempt from income tax.
- **Malaysian sourced interest**
 - (i) interest from securities or bonds issued or guaranteed by the Government of Malaysia;
 - (ii) interest from debentures or *sukuk*, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission;
 - (iii) interest from Bon Simpanan Malaysia issued by Bank Negara Malaysia;
 - (iv) interest derived from Malaysia and paid or credited by banks licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013²;
 - (v) interest derived from Malaysia and paid or credited by any development financial institution prescribed under the Development Financial Institutions Act 2002²;
 - (vi) interest from *sukuk* originating from Malaysia, other than convertible loan stock, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission or approved by the Labuan Financial Services Authority (LFSA)³; and
 - (vii) interest which is specifically exempted by way of statutory orders or any other specific exemption provided by the Minister.
- **Discount**
Tax exemption is given on discount paid or credited to any unit trust in respect of investments as specified in items (i), (ii) and (iii) above.

² Effective from 1 January 2019, the income tax exemption for a unit trust fund, pursuant to Paragraph 35A, Schedule 6 of the Income Tax Act, 1967 shall not apply to a wholesale fund which is a money market fund.

³ Effective from the year of assessment 2017, the exemption shall not apply to interest paid or credited to a company in the same group or interest paid or credited to a bank licensed under the Financial Services Act 2013 or the Islamic Financial Services Act 2013; or a development financial institution prescribed under the Development Financial Institutions Act 2002.

Foreign-sourced income

Pursuant to the Finance Act 2021, income derived by a resident person from sources outside Malaysia and received in Malaysia from 1 January 2022 will no longer be exempt from tax.

The Guidelines issued by the Malaysian Inland Revenue Board on 29 September 2022 define the term "received in Malaysia" to mean transferred or brought into Malaysia, either by way of cash⁴ or electronic funds transfer⁵.

Foreign-sourced income (FSI) received in Malaysia during the transitional period from 1 January 2022 to 30 June 2022 will be taxed at 3% of gross. From 1 July 2022 onwards, FSI received in Malaysia will be taxed at the prevailing tax rate(s) of the taxpayer and based on applicable tax rules. Bilateral or unilateral tax credits may be allowed if the same income has suffered foreign tax, and where relevant conditions are met.

Income Tax (Exemption) (No. 6) Order 2022 has been issued to exempt a "qualifying person"⁶ from the payment of income tax in respect of dividend income which is received in Malaysia from outside Malaysia, effective from 1 January 2022 to 31 December 2026. The exemption will however not apply to a person carrying on the business of banking, insurance or sea or air transport. As the definition of "qualifying person" does not include unit trust funds, it would mean that resident unit trust funds would technically not qualify for the exemption, unless there are further updates thereto.

Gains from the realisation of investments

Pursuant to Section 61(1) (b) of the MITA, gains from the realisation of investments will not be treated as income of the Funds and hence, are not subject to income tax. Such gains may be subject to real property gains tax (RPGT) under the Real Property Gains Tax Act 1976 (RPGT Act), if the gains are derived from the disposal of chargeable assets, as defined in the RPGT Act.

⁴ "Cash" in this context is defined as banknotes, coins and cheques.

⁵ "Electronic funds transfer" means bank transfers (e.g., credit or debit transfers), payment cards (debit card, credit card and charge card), electronic money, privately-issued digital assets (e.g., crypto-assets, stablecoins) and central bank digital currency.

⁶ "Qualifying person" in this context means a person resident in Malaysia who is:

- (a) An individual who has dividend income received in Malaysia from outside Malaysia in relation to a partnership business in Malaysia;
- (b) A limited liability partnership which is registered under the Limited Liability Partnerships Act 2012; or
- (c) A company which is incorporated or registered under the Companies Act 2016.

Implementation of Sales and Service Tax (“SST”)

Sales and Service Tax (“SST”) was re-introduced effective 1 September 2018. Sales Tax of 10% (most common rate) or 5% is charged by Malaysian manufacturers of taxable goods or upon importation into Malaysia of such taxable goods, unless specifically exempted under the Sales Tax (Goods Exempted From Tax) Order 2018. Service Tax at the rate of 6% is charged on certain prescribed taxable services performed by taxable persons as stipulated under Service Tax Regulations 2018. The input tax recovery mechanism under the previous GST regime does not apply to SST. Therefore, any SST incurred is not recoverable and will form a cost element for businesses.

Based on the Service Tax Regulations 2018, a unit trust fund is neither regarded as a taxable person nor as providing taxable services and is therefore not liable for SST registration. Where the Fund incurs expenses such as management fees, the management services provided by asset and fund managers who are licensed or registered with Securities Commission Malaysia for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007, are specifically excluded from the scope of Service Tax. As for other fees, such as trustee fees and other administrative charges, these may be subject to 6% service tax provided they fall within the scope of service tax (i.e. are provided by a “taxable person”, who exceeds the required annual threshold (in most cases RM 500,000 per annum) and the services qualify as “taxable services”).

Taxation of unit holders

For Malaysian income tax purposes, unit holders will be taxed on their share of the distributions received from the Funds.

The income of unit holders from their investment in the Funds broadly falls under the following categories:

1. taxable distributions; and
2. non-taxable and exempt distributions.

In addition, unit holders may also realise a gain from the sale of units.

The tax implications of each of the above categories are explained below:

1. Taxable distributions

Distributions received from the Funds will have to be grossed up to take into account the underlying tax paid by the Funds and the unit holder will be taxed on the grossed up amount.

Such distributions carry a tax credit, which will be available for set-off against any Malaysian income tax payable by the unit holder. Should the tax deducted at source exceed the tax liability of the unit holder, the excess is refundable to the unit holder.

Please refer to the paragraph below for the income tax rates applicable to the grossed up distributions.

2. Non-taxable and exempt distributions

Tax exempt distributions made out of gains from the realisation of investments and exempt income earned by the Funds will not be subject to Malaysian income tax in the hands of the unit holders.

A retail money market fund is exempted from tax on its interest income derived from Malaysia, pursuant to Paragraph 35A of Schedule 6 of the ITA. Pursuant to the Finance Act 2021, with effect from 1 January 2022, distributions by a retail money market fund from such tax exempt interest income, to a unit holder other than an individual, will no longer be exempt from tax. The distribution to unit holders other than individuals will be subject to withholding tax at 24%. This would be a final tax for non-residents. Malaysian residents are required to include the distributions in their tax returns and claim a credit in respect of the withholding tax suffered. Individuals will continue to be exempt from tax on such distributions.

Rates of tax

The Malaysian income tax chargeable on the unit holders would depend on their tax residence status and whether they are individuals, corporations or trust bodies. The relevant income tax rates are as follows:

Unit holders	Malaysian income tax rates
<p>Malaysian tax resident:</p> <ul style="list-style-type: none"> • Individual and non-corporate unit holders (such as associations and societies) • Co-operatives⁷ • Trust bodies • Corporate unit holders <ul style="list-style-type: none"> (i) A company with paid up capital in respect of ordinary shares of not more than RM2.5 million (at the beginning of the basis period for the year of assessment) and gross income from a source or sources consisting of a business not exceeding RM50 million for the basis period for the year of assessment^{8 9} (ii) Companies other than (i) above 	<ul style="list-style-type: none"> • Progressive tax rates ranging from 0% to 30% • Progressive tax rates ranging from 0% to 24% • 24% • First RM600,000 of chargeable income @ 17% • Chargeable income in excess of RM600,000 @ 24% • 24%

⁷ Pursuant to Paragraph 12(1), Schedule 6 of the MITA, the income of any co-operative society—
(a) in respect of a period of five years commencing from the date of registration of such co-operative society; and
(b) thereafter where the members' funds [as defined in Paragraph 12(2)] of such co-operative society as at the first day of the basis period for the year of assessment is less than seven hundred and fifty thousand ringgit, is exempt from tax.

⁸ A company would not be eligible for the 17% tax rate on the first RM600,000 of chargeable income if:-
(a) more than 50% of the paid up capital in respect of the ordinary shares of the company is directly or indirectly owned by a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
(b) the company owns directly or indirectly more than 50% of the paid up capital in respect of the ordinary shares of a related company which has paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment;
(c) more than 50% of the paid up capital in respect of the ordinary shares of the company and a related company which has a paid up capital in respect of ordinary shares of more than RM2.5 million at the beginning of a basis period for a year of assessment is directly or indirectly owned by another company.

⁹ The above excludes a business trust and a company which is established for the issuance of asset-backed securities in a securitization transaction approved by the Securities Commission.

<ul style="list-style-type: none"> Corporate unit holders and trust bodies 	<ul style="list-style-type: none"> 24%

Note 1:

Non-resident unit holders may be subject to tax in their respective countries depending on the provisions of the tax legislation in the respective countries and any existing double taxation arrangements with Malaysia.

Gains from sale of units

Gains arising from the realisation of investments will generally not be subject to income tax in the hands of unit holders unless they are insurance companies, financial institutions or traders / dealers in securities.

Unit splits and reinvestment of distributions

Unit holders may also receive new units as a result of unit splits or may choose to reinvest their distributions. The income tax implications of these are as follows:

- Unit splits - new units issued by the Funds pursuant to a unit split will not be subject to income tax in the hands of the unit holders.
- Reinvestment of distributions - unit holders may choose to reinvest their income distribution in new units by informing the Manager. In this event, the unit holder will be deemed to have received the distribution and reinvested it with the Funds.

MIDF Amanah will only act on the operating instruction given by the parent/guardian.

In the case of death of any Unitholder in a joint account, the survivor will be the only person recognised by the Manager and the Trustee as having the title to or interest in such units. If the Joint Unitholder is a minor, the Manager and Trustee shall recognise the estate of the deceased as having the title to or interest in the investment units.

AUTHORITY TO OPERATE ACCOUNT

The operating instruction empowers the authorised signatory(ies) to operate the account which includes effecting redemption, switching, transfer, changing of distribution instruction, change of address and any other request. For joint application, please refer to paragraph above.

CORRESPONDENCE STATEMENT AND PAYMENT

Confirmation advices, statements, cheques and other documents shall be sent at the risk of Unitholder to the Unitholder's correspondence address as in our register. If the Unitholder fails to notify MIDF Amanah in writing of any errors in the confirmation advice within 14 business days, or in the statement within 14 business days of issue, the Unitholder shall be deemed to have waived any right to raise an objection or to pursue any remedies against MIDF Amanah or the Trustee.

DISTRIBUTION INSTRUCTION

For distribution pay out, the payment will be made payable to the Principal Unitholder only. Unless specified in the Account Opening & Investment Form, distribution will be automatically reinvested on behalf of the Principal Unitholder at the NAV price. For EPF accounts, distribution will be automatically reinvested.

In the event that any distribution cheque has not been presented for payment after a period of 6 months, the Manager reserves the right to reinvest the distribution as additional units on behalf of the unitholder. Any change in distribution instruction must be submitted via a duly completed "Change / Amendment of Unitholder's Particulars" form or a written notice, 14 business days prior to the financial year end of the Fund. Otherwise, the change will be effective from the next distribution.

TERMS AND CONDITIONS (Cont'd)

UNIT TRUST LOAN FINANCING

Investing in a Unit Trust Fund with Borrowed Money is More Risky than Investing with Your Own Savings

You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

1. The higher the margin of financing (that is, the amount of money you borrow for every ringgit of your own money which you put in as deposit or down payment), the greater the loss or gain on your investment.
2. You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.
3. If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your units may be sold towards the settlement of your loan.
4. Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this risk disclosure statement or the terms of the loan financing, you should consult the institution offering the loan.
