PRODUCT SUITABILITY

This Fund is suitable for investors who:

- (i) wish to participate in the potential benefits derived from investment in companies involved in the mining and exploration of precious metals, energy or base metals;
- (ii) wish to diversify their investment portfolio from traditional asset classes; and
- (iii) are willing to accept a higher risk in their investments to obtain potentially higher returns in the long term*.

*Note: * "long term" in this context refers to a period between 5 – 7 years.*

KEY PRODUCT FEATURES

INVESTMENT OBJECTIVE

The Fund aims to achieve returns on investment mainly in securities of corporations (whether or not listed on any stock exchange, and in any part of the world) whose business (in any part of the world) is or is substantially in the mining or extraction of gold, silver or precious metals (e.g. platinum, palladium, rhodium etc.), bulk commodities (e.g. coal, iron ore, steel etc.), base metals of all kinds (e.g. copper, aluminium, nickel, zinc, lead, tin etc.), and other commodities (e.g. industrial minerals, titanium dioxide, borates etc.) and it includes the mining or extraction of oil, gas, coal and alternative energy or other commodities or other minerals.

INVESTMENT STRATEGY

The Fund will invest at least 85% of its net asset value ("NAV") in the Target Fund. The Target Fund, launched in June 1995 is a collective investment scheme domiciled in Singapore. Both the Management Company and the Target Fund are regulated by the Monetary Authority of Singapore under the Securities and Futures Act (Chapter 289), Singapore. The Target Fund invests in companies involved in the mining and exploration of precious metals, energy and base metals.

The Fund's asset allocation is as follows:

At least 85% of its NAV - Investments in the units of the Target Fund.

The balance of the Fund's NAV shall be invested in money market instruments that are dealt in or under the rules of an eligible market, and whose residual maturity does not exceed 12 months and short term Deposits[^] and in derivatives for hedging purposes.

[^] Deposits refer to any deposits with a financial institution which are not embedded or linked to financial derivatives and where applicable these are current accounts, short term money market deposits and short term deposits with financial institutions.

Although the Fund is passively managed, the investments in the Fund will be rebalanced from time to time to meet sales and redemptions transactions and to enable the proper and efficient management of the Fund.

The Manager does not adopt a temporary defensive position for the Fund in response to adverse market, economic, political, or any other conditions as such defensive strategies are expected to be implemented at the Target Fund level when deemed necessary by the Management Company. The Manager does not adopt any temporary defensive positions as this will allow the Fund to best track the performance of the Target Fund. It also follows that if the Target Fund fails to adopt a successful defensive position in response to adverse market and economic conditions, there is a risk that the Fund will mirror the Target Fund's negative performance, if any. Also, investors should note that at all times the Fund is always subject to currency risk.

Notwithstanding the above, the Manager may, in consultation with the Trustee and with the approval of unit holders of the Fund ("Unit Holder(s)"), replace the Target Fund with another fund of a similar objective if, in the Manager's opinion, the Target Fund no longer meets the Fund's investment objective, or when acting in the interest of the Unit Holders.

BENCHMARK

A composite benchmark comprising 70% FTSE Gold Mines Index (RM) and 30% MSCI ACWI Metals & Mining Index.

DISTRIBUTION

DISTRIBUTION POLICY - Consistent with the Fund's objective to achieve long term* capital appreciation, distributions will therefore be of secondary importance. Distributions, if any, will be reinvested after deduction of taxation and expenses.

*Note: * "long term" in this context refers to a period between 5 – 7 years.*

DISTRIBUTION MODE - Distributions, if any, after deduction of taxation and expenses, (i.e. net distributions) will be reinvested to purchase additional units of the Fund based on the NAV per unit of the Fund as at the first Business Day when units in the Fund are quoted ex-entitlement. Allotment of such units shall be within two (2) weeks thereafter.

KEY RISKS

As this Fund invests at least 85% of its NAV in the Target Fund, it is subject to the management risk of the management company and investment manager of the Target Fund. Poor management of the Target Fund will jeopardise the investment of the Fund in the Target Fund and in turn, the Unit Holders' investment.

In addition, as the Target Fund is domiciled in Singapore and denominated in Singapore dollars, the Fund may be subject to currency and country risk. Changes in rates of exchange between currencies may cause the value of the Fund's investments in the Target Fund to diminish or increase which in turn will affect the value of Unit Holders' investments.

The Fund's investments in the Target Fund may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies, restrictions on repatriation of investments and other restrictions and controls which may be imposed by the relevant authorities in Singapore.

Furthermore, investments in the Target Fund are subject to the following risks:

- Market risk
- Foreign exchange and currency risk
- Political, regulatory and legal risk
- Derivatives risk
- Liquidity risk
- Small and medium capitalisation companies risk
- Commodities risk
- Broker risk
- Counterparty risk
- Equity securities risk
- Investment management risk
- Risk of using rating agencies and other third parties
- Concentration risk

These specific risks of the Target Fund are elaborated in the prospectus.

Note: If your investments are made through an institutional unit trust scheme advisers ("IUTA") which adopts the nominee system of ownership, you would not be deemed to be a Unit Holder under the deed of the Fund and as a result, you may not exercise all the rights ordinarily conferred to a Unit Holder (e.g. the right to call for Unit Holders' meetings and the right to vote at a Unit Holders' meeting). Accordingly, the Manager will only recognize the IUTA as a Unit Holder and the IUTA shall be entitled to all the rights conferred to it under the deed of the Fund.

VALUATIONS AND EXITING FROM INVESTMENT

VALUATION OF ASSETS

The Fund must be valued at least once every Business Day. As certain foreign markets in which the Fund may invest in have different time zones from that of Malaysia, the valuation of the Fund for a Business Day will be conducted by 5.00 p.m. (or such other time as may be determined by the Manager from time to time) on the following day on which the Manager is open for business.

Accordingly, the price of the Fund for a particular Business Day will not be published online in the Manager's website on the next day but will instead be published the next following day (i.e. the price will be two (2) days old). This will be specifically indicated in the Manager's website. Investors may obtain the most current computed price by contacting the Manager directly or visiting the Manager's website, www.rhbgroup.com/myinvest.

EXITING FROM THIS INVESTMENT

The repurchase price shall be the NAV per unit as at the next valuation point of the Fund's relevant Business Day after the application for repurchase is received by the Manager ("forward pricing"). The Manager will not impose any repurchase charge on the redemption amount. Units of the Fund can be redeemed by forwarding the completed form of request to repurchase to the Manager's registered/principal office or any of its branch offices, or to any of its participating IUTAs and any other authorised distributors before their respective cut-off times on any Business Day.

For partial redemption, the balance of units of the Fund after the redemption must be at least one hundred (100) units or such other lower quantity as the Manager may from time to time decide (the "minimum investment balance"). There are no restrictions on the minimum number of units a Unit Holder can redeem out of his investments or the frequency of redemptions in a year. However, if the balance of units held after the redemption is less than the minimum investment balance, the Manager can withdraw the entire investment and forward the proceeds to the Unit Holder.

The redemption monies will be paid within five (5) Business Days from the Fund's receipt of the redemption proceeds from the Target Fund, which will be within ten (10) Business Days from the Manager's receipt of the redemption request as (i) the Target Fund will pay the redemption proceeds to the Fund on the 5th Business Day, and (ii) the redemption proceeds will be converted to the base currency of the Fund on the 6th Business Day from the Manager's receipt of the redemption request.

However, if the realisation request submitted by the Fund to the Target Fund is deferred / split proportionately to all unit holders of the Target Fund who have validly requested realisation on a dealing day of the Target Fund due to the total realisation requests received by the Target Fund on that dealing day of the Target Fund equals or exceeds 10% of the total number of units of the Target Fund then in issue, the realisation proceeds will be received by the Fund as and when realisation is made by the Management Company on a staggered basis. In such circumstance, the Manager will mirror the realisation process of the Target Fund and disburse the redemption proceeds to the Unit Holders on a staggered basis as well. The Manager will take up to nine (9) Business Days from the day the Management Company realised the units of the Target Fund to pay the redemption proceeds to the Unit Holders; the Target Fund will pay the realisation proceeds to the Fund on the 4th Business Day from the day the Management Company realised the units of the Target Fund and thereafter, the Manager will take up to five (5) Business Day to pay the redemption proceeds to the Unit Holders. The Management Company will notify the Manager if the Fund's realisation request is being deferred / split on a particular dealing day of the Target Fund within seven (7) Business Days from the day the Fund's realisation request is submitted to the Target Fund, and the Manager will notify the Unit Holders who have submitted their redemption applications of the same upon the Manager's receipt of the notification from the Management Company.

Where applicable, if you have invested via the EPF-MIS, the redemption monies will be credited back into your EPF accounts.
