MANAGER'S REPORT

Dear Unitholders,

We are pleased to present you the Manager's report and the audited accounts of AmCumulative Growth ("Fund") for the financial year ended 30 June 2024.

Salient Information of the Fund

Name	AmCumulative Growth ("Fund")
Category/ Type	Equity / Growth
Objective	<p>The Fund aims to provide long-term capital growth mainly through investments in securities with superior growth potential*. As such, income** will be incidental to the overall capital growth objective and a substantial portion of the income from investments will be reinvested, rather than distributed.</p> <p><i>Notes:</i> <i>*Superior growth potential in this context refers to earnings growth higher than the market average.</i> <i>**The income could be in the form of units or cash.</i> <i>Any material change to the investment objective of the Fund would require Unit Holders' approval.</i></p>
Duration	<p>The Fund was established on 24 July 1996 and shall exist for as long as it appears to the Manager and the Trustee that it is in the interests of the unitholders for it to continue. In some circumstances, the unitholders can resolve at a meeting to terminate the Fund.</p>
Performance Benchmark	<p>MSCI Far East Ex-Japan Composite Index. ("MXFEJI") (Available at www.aminvest.com)</p> <p><i>Notes: The benchmark does not imply that the risk profile of the Fund is the same as the risk profile of the benchmark. Investors of the Fund will assume a higher risk compared to the benchmark. Hence, the returns of the Fund may be potentially higher due to the higher risk faced by the investors.</i></p> <p><i>Source: MSCI. The MSCI information may only be used for your internal use, may not be reproduced or disseminated in any form and may not be used as a basis for or a component of any financial instruments or products or indices. None of the MSCI information is intended to constitute investment advice or a recommendation to make (or refrain from making) any kind of investment decision and may not be relied on as such. 	Note: (1) <i>Total return is the actual return of the Fund for the respective financial years computed based on the net asset value per unit and net of all fees.</i>			

- (2) Total expenses ratio (“TER”) is calculated based on the total fees and expenses incurred by the Fund divided by the average fund size calculated on a daily basis. The TER increased by 0.47% as compared to 2.13% per annum for the financial year ended 30 June 2023 mainly due to increase in expenses.
- (3) Portfolio turnover ratio (“PTR”) is calculated based on the average of the total acquisitions and total disposals of investment securities of the Fund divided by the average fund size calculated on a daily basis. The decrease in PTR for 2024 and increase in 2023 were due mainly to investing activities.

The Fund performance is calculated based on the net asset value per unit of the Fund. Average total return of the Fund and its benchmark for a period is computed based on the absolute return for that period annualised over one year.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may fluctuate.

Fund Performance

For the financial year under review, the Fund registered a negative return of 0.48% which is entirely capital in nature.

Thus, the Fund’s negative return of 0.48% has underperformed the benchmark’s return of 6.89% by 7.37%.

As compared with the financial year ended 30 June 2023, the net asset value (“NAV”) per unit of the Fund decreased by 0.51% from RM0.9596 to RM0.9547, while units in circulation decreased by 4.94% from 15,259,550 units to 14,505,915 units.

The following line chart shows comparison between the annual performances of AmCumulative Growth and its benchmark, MXFEJI, for the financial years ended 30 June.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may fluctuate.

Strategies and Policies Employed

For the financial year under review, the Fund may invest 80% to 95% of its net asset value (“NAV”) in equities. In managing the Fund, the Manager may opt to invest in the investment either directly or via collective investment schemes. Value-add from equities investments is derived from active stock selection with focus on undervalued stock relative to its earnings growth potential and/or its intrinsic value.

The Fund invests in Malaysia and in foreign eligible markets.

The Fund is actively managed. However, the frequency of its trading strategy will depend on investment opportunities.

Portfolio Structure

The table below is the asset allocation of the Fund as at 30 June 2024 and 30 June 2023.

	As at 30.06.2024 %	As at 30.06.2023 %	Changes %
Consumer discretionary	12.21	18.79	-6.58
Consumer staples	3.82	4.36	-0.54
Financials	12.46	14.98	-2.52
Information technology	41.07	24.96	16.11
Materials	-	1.24	-1.24
Real estate/REITs	2.41	1.44	0.97
Telecommunication services	17.03	20.52	-3.49
Utilities	0.01	0.93	-0.92
Collective Investment Scheme	5.10	4.76	0.34
Money market deposits and cash equivalents	5.89	8.02	-2.13
Total	100.00	100.00	

	<p>For the financial year under review, there were some changes to the sector weights, the most notable being the decrease in consumer discretionary, telecommunication services, financials, money market deposits and cash equivalents, materials, utilities, consumer staples, whereby the weightings decreased by 6.58%, 3.49%, 2.52%, 2.13%, 1.24%, 0.92% and 0.54% respectively. These were offset by information technology, real estate/ REITs and collective investment scheme whereby the weightings were increased by 16.11%, 0.97% and 0.34% respectively.</p>
Securities Lending / Repurchase Transactions	<p>The Fund has not undertaken any securities lending or repurchase transactions (collectively referred to as “securities financing transactions”).</p>
Cross Trades	<p>There were no cross trades undertaken during the financial year under review.</p>
Distribution/ Unit splits	<p>There is no income distribution and unit split declared for the financial year under review.</p>
State of Affairs	<p>There has been neither significant changes to the state of affairs of the Fund nor any circumstances that materially affect any interests of the unitholders during the financial year under review.</p>
Rebates and Soft Commission	<p>During the year, the management company received soft commissions by virtue of transactions conducted for the Fund, in the form of research services, systems and services relating to performance measurement of portfolios and subscription fees for fund’s benchmark indices. All of these assist in the investment decision making process which are of demonstrable benefit to unitholders of the Fund.</p> <p>The company has soft commission arrangement with a total of 11 brokers, who execute trades for the Fund and other funds or investments managed by the company. The soft commission received would be in the form of research services, systems and services relating to performance measurement of portfolios and/or subscription fees for fund’s benchmark indices. All of these assist in the investment decision making process which are of demonstrable benefit to unitholders of the Fund and other funds or investments managed by the company.</p> <p>Soft commissions received were for the benefit of the Fund and there was no churning of trades.</p>
Market Review	<p>The regional equity markets, as proxied by the MSCI Far East Ex Japan, commenced the financial period under review at 556.71 points. The index gained 6.24% in July 2023, as investors have grown increasingly more hopeful about a soft-landing scenario in the United States (US) as economic data showed ongoing strength in the labor market and cooling inflation. Meanwhile, positive investor sentiment towards the Chinese politburo meeting policy tone emphasizing expanding domestic demand also helped.</p> <p>However, the positive momentum was short-lived. The MSCI Far East Ex Japan index fell in August, September and October, consecutively, amid a surprise downgrade of the US long-term credit rating by Fitch, weak investor sentiment towards the news of a Chinese property developer missing its interest payments and global central banks’ policy bias towards “higher for longer”.</p> <p>The MSCI Far East Ex Japan rebounded in November, gaining 6.93%, triggered by a plunge in the US bond yields as signs mounted that policymakers managed to</p>

	<p>tame inflation without breaking the economy. With the Federal Reserve (Fed) signaling an end to its rate-hiking campaign, the MSCI Far East ex-Japan Index went up marginally to 551.86 points in December.</p> <p>The market fell in January 2024, with the MSCI Far East Ex Japan index declining 7.39%, triggered by news flows on more United States (US) restrictions on China biotech and technology. The decline, however, was short lived, with the expectations on a pause in rate hikes supporting technology centric markets like Taiwan and Korea to move higher. As a result, the MSCI Far East Ex Japan index recorded five- month of consecutive gain to end the financial year at 588.52, registering a return of 5.71% (6.89% in Ringgit terms) for the financial year under review.</p>
Market Outlook	<p>We are cautiously optimistic on the Asia Pacific equities based on increasingly more aggressive policy support in China following third plenum, potential United States (US) Federal Reserve (Fed) rate cut in 2H2024 and further growth potential in the current recovery of the technology sector. ASEAN markets valuation remains well below the long-term average and will benefit when the US Fed starts cutting interest rate.</p> <p>Markets, however, are expected to remain volatile in 2024, driven by the US Fed's move on interest rate, geopolitical concerns, as well as uncertainty over economic growth in the US. To ride through the macro headwinds, the portfolio will adopt a barbell strategy to balance value/ growth versus defensiveness, as well as the focus on geographies and sectors.</p>
Additional Information	<p>The following information was updated:</p> <p>The Eleventh Supplementary Master Prospectus dated 1 March 2024 has been registered with the Securities Commission Malaysia. Notice of the issuance for the Eleventh Supplementary Master Prospectus dated 1 March 2024 was published on our website at www.aminvest.com and sent to the unit holders on 13 March 2024.</p>

Independent auditors' report to the unit holders of AmCumulative Growth

Report on the audit of the financial statements

Opinion

We have audited the financial statements of AmCumulative Growth (the "Fund"), which comprise the statement of financial position as at 30 June 2024, and statement of comprehensive income, statement of changes in equity and statement of cash flows of the Fund for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 11 to 43.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 30 June 2024 and of its financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund (the "Manager") is responsible for the other information. The other information comprises the information included in the annual report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

Independent auditors' report to the unit holders of AmCumulative Growth (cont'd.)

Information other than the financial statements and auditors' report thereon (cont'd.)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of the Manager and the Trustee for the financial statements

The Manager is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Independent auditors' report to the unit holders of
AmCumulative Growth (cont'd.)**

Auditors' responsibilities for the audit of the financial statements (cont'd.)

As part of an audit in accordance with the approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Independent auditors' report to the unit holders of
AmCumulative Growth (cont'd.)**

Other matters

This report is made solely to the unit holders of the Fund, as a body, in accordance with the Guidelines on Unit Trust Funds issued by Securities Commission Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024

1. GENERAL INFORMATION

AmCumulative Growth (the “Fund”) was established pursuant to a Deed dated 19 January 1996 as amended by Deeds supplemental thereto (the “Deeds”), between AmFunds Management Berhad as the Manager, HSBC (Malaysia) Trustee Berhad as the Trustee and all unit holders.

The Fund was set up with the objective of providing investors with long term capital growth, mainly through investment in securities with superior growth potential. As provided in the Deeds, the financial year shall end on 30 June and the units in the Fund were first offered for sale on 24 July 1996.

The financial statements were authorised for issue by the Manager on 20 August 2024.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund have been prepared on a historical cost basis, except as otherwise stated in the accounting policies and comply with Malaysian Financial Reporting Standards (“MFRS”) as issued by the Malaysian Accounting Standards Board (“MASB”) and International Financial Reporting Standards (“IFRS”).

Standards effective during the financial year

The adoption of the following MFRS and amendments to MFRS which became effective during the financial year did not have any material financial impact to the financial statements.

Description	Effective for financial periods beginning on or after
MFRS 17 <i>Insurance Contracts</i> and Amendments to MFRS 17*	1 January 2023

* These MFRS and Amendments to MFRSs are not relevant to the Fund.

3. SUMMARY OF ACCOUNTING POLICIES

3.1 Income recognition

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

(i) Dividend/Distribution income

Dividend/Distribution income is recognised when the Fund's right to receive payment is established.

(ii) Interest income

Interest income on short-term deposits is recognised on an accrual basis using the effective interest method.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.1 Income recognition (cont'd.)

(iii) Gain or loss on disposal of investments

On disposal of investments, the net realised gain or loss on disposal is measured as the difference between the net disposal proceeds and the carrying amount of the investments. The net realised gain or loss is recognised in profit or loss.

3.2 Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

3.3 Functional and presentation currency

Functional currency is the currency of the primary economic environment in which the Fund operates that most faithfully represents the economic effects of the underlying transactions. The functional currency of the Fund is Ringgit Malaysia ("RM") which reflects the currency in which the Fund competes for funds, issues and redeems units. The Fund has also adopted RM as its presentation currency.

3.4 Foreign currency transactions

Transactions in currencies other than the Fund's functional currency (foreign currencies) are recorded in the functional currency using exchange rates prevailing at the transaction dates. At each reporting date, foreign currency monetary items are translated into RM at exchange rates ruling at the reporting date. All exchange gains or losses are recognised in profit or loss.

3.5 Statement of cash flows

The Fund adopts the direct method in the preparation of the statement of cash flows.

Cash and cash equivalents are short-term, highly liquid investments that are readily convertible to cash with insignificant risk of changes in value.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.6 Distribution

Distribution is at the discretion of the Manager. A distribution to the Fund's unit holders is accounted for as a deduction from the retained earnings and realised income. Realised income is the income earned from dividend/distribution income, interest income and net gain on disposal of investments after deducting expenses and taxation. A proposed distribution is recognised as a liability in the period in which it is approved. Distribution is either reinvested or paid in cash to the unit holders on the distribution payment date. Reinvestment of units is based on the NAV per unit on the distribution payment date, which is also the time of creation.

3.7 Unit holders' capital

The unit holders' capital of the Fund meets the definition of puttable instruments and is classified as equity instruments under MFRS 132 *Financial Instruments: Presentation* ("MFRS 132").

3.8 Financial assets – initial recognition and measurement

(i) Initial recognition

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised using trade date accounting or settlement date accounting. The method used is applied consistently for all purchases and sales of financial assets that belong to the same category of financial assets.

(ii) Initial measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at FVTPL, transaction costs that are attributable to the acquisition of the financial assets. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not recorded at FVTPL, net of directly attributable transaction costs.

(iii) "Day 1" profit or loss

At initial measurement, if the transaction price differs from the fair value, the Fund immediately recognises the difference between the transaction price and fair value (a "Day 1" profit or loss) in profit or loss provided that fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. Level 1 input) or based on a valuation technique that uses only data from observable markets. In all other cases, the difference between the transaction price and model value is recognised in profit or loss on a systematic and rational basis that reflects the nature of the instrument over its tenure.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.9 Financial assets

Classification and measurement

The classification of financial assets depends on the Fund's business model of managing the financial assets in order to generate cash flows ("business model test") and the contractual cash flow characteristics of the financial instruments ("SPPI test"). The business model test determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both and the assessment is performed on a portfolio basis. The SPPI test determines whether the contractual cash flows are solely for payments of principal and interest and the assessment is performed on a financial instrument basis.

The Fund may classify its financial assets under the following categories:

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets include in this category are deposits with licensed financial institution, cash at banks, amount due from Target Fund Manager, amount due from Manager, amount due from brokers/financial institutions, dividend/distribution receivables and other receivables.

Financial assets at FVOCI

A financial asset is measured at fair value through other comprehensive income ("FVOCI") if its business model is both to hold the asset to collect contractual cash flows and to sell the financial assets. In addition, the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the outstanding principal.

These investments are initially recorded at fair value and transaction costs are expensed in the profit or loss. Subsequent to initial recognition, these investments are remeasured at fair value. All fair value adjustments are initially recognised through OCI. Debt instruments at FVOCI are subject to impairment assessment.

Financial assets at FVTPL

Any financial assets that are not measured at amortised cost or FVOCI are measured at FVTPL. Subsequent to initial recognition, financial assets at FVTPL are measured at fair value. Changes in the fair value of those financial instruments are recorded in "Net gain or loss on financial assets at FVTPL". Dividend/distribution revenue and interest earned elements of such instruments are recorded separately in "Dividend/Distribution income" and "Interest income" respectively. Exchange differences on financial assets at FVTPL are not recognised separately in profit or loss but are included in net gain or net loss on changes in fair value of financial assets at FVTPL.

AmCumulative Growth

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.9 Financial assets (cont'd.)

Classification and measurement (cont'd.)

The Fund may classify its financial assets under the following categories: (cont'd.)

Financial assets at FVTPL (cont'd.)

Instruments that qualify for amortised cost or FVOCI may be irrevocably designated as FVTPL, if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Equity instruments are normally measured at FVTPL, nevertheless, the Fund is allowed to irrevocably designate equity instruments that are not held for trading as FVOCI, with no subsequent reclassification of gains or losses to profit or loss.

The Fund subsequently measures its investments in equity investments and Collective Investment Schemes ("CIS") at FVTPL. Dividends/Distributions earned whilst holding the investments are recognised in profit or loss when the right to receive the payment has been established. Gains and losses on investments, realised and unrealised, are included in profit or loss.

3.10 Financial liabilities – classification and subsequent measurement

Financial liabilities issued by the Fund are classified as financial liabilities at amortised cost, where the substance of the contractual arrangement results in the Fund having an obligation either to deliver cash or another financial asset to the holders. After initial measurement, financial liabilities are subsequently measured at amortised cost using the effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

3.11 Derecognition of financial instruments

(i) Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired, or
- the Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either:
 - the Fund has transferred substantially all the risks and rewards of the asset, or
 - the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024**

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.11 Derecognition of financial instruments (cont'd.)

(i) Derecognition of financial asset (cont'd.)

For investments classified as FVOCI - debt instruments, the cumulative fair value change recognised in OCI is recycled to profit or loss.

(ii) Derecognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Gains and losses are recognised in profit or loss when the liabilities are recognised, and through the amortisation process.

(iii) Capital repayment received

Capital repayment received are cash received by the Fund as a result of capital reduction, a corporate action executed by a REIT entity in which the Fund is holding units of shares as its investments. A capital reduction is made out of an entity's contributed share capital. The shareholders will receive a return of capital and the cost of the shareholder's investments are reduced accordingly by the amount of capital returned.

3.12 Financial instruments – expected credit losses (“ECL”)

The Fund assesses the ECL associated with its financial assets at amortised cost using simplified approach. Therefore, the Fund does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The ECL in respect of financial assets at amortised cost, if any, is recognised in profit or loss.

Financial assets together with the associated allowance are written off when it has exhausted all practical recovery efforts and there is no realistic prospect of future recovery. The Fund may also write-off financial assets that are still subject to enforcement activity when there is no reasonable expectation of full recovery. If a write-off is later recovered, the recovery is credited to profit or loss.

3.13 Determination of fair value

For investments in local quoted equity securities, fair value is determined based on the closing price quoted on Bursa Malaysia Berhad. For investments in foreign listed securities, which are quoted in the respective stock exchanges, fair value is determined based on the published market price quoted by the respective stock exchanges at the end of each business day. For investments in unquoted CIS, fair value is determined based on the closing NAV per unit of the CIS. Purchased cost is the quoted price that the Fund paid when buying its investments. The difference between the purchased cost and fair value is treated as unrealised gain or loss and is recognised in profit or loss. Unrealised gains or losses recognised in profit or loss are not distributable in nature.

AmCumulative Growth

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.14 Classification of realised and unrealised gains and losses

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised (i.e. sold, redeemed or matured) during the reporting period.

Realised gains and losses on disposals of financial instruments classified at FVTPL are calculated using weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount.

3.15 Significant accounting estimates and judgments

The preparation of the Fund's financial statements requires the Manager to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability in the future.

The Fund classifies its investments as financial assets at FVTPL as the Fund may sell its investments in the short-term for profit-taking or to meet unit holders' cancellation of units.

No major judgments have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

18. FINANCIAL INSTRUMENTS (CONT'D.)

(c) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value due to their short period to maturity or short credit period:

- Amount due from/to brokers
- Amount due from/to Manager
- Dividend/Distribution receivables
- Deposit with licensed financial institution
- Cash at banks
- Amount due to Trustee

There are no financial instruments which are not carried at fair value and whose carrying amounts are not reasonable approximation of their respective fair value.

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks that include market risk, credit risk, liquidity risk, single issuer risk, regulatory risk, country risk, management risk and non-compliance risk.

Risk management is carried out by closely monitoring, measuring and mitigating the above said risks, careful selection of investments coupled with stringent compliance to investments restrictions as stipulated by the Capital Market and Services Act 2007, Securities Commission Malaysia's Guidelines on Unit Trust Funds and the Deeds as the backbone of risk management of the Fund.

(a) Market risk

The Fund's principal exposure to market risk arises primarily due to changes in the market environment, global economic and geo-political developments.

The Funds's market risk is affected primarily by the following risks:

(i) Price risk

Price risk refers to the uncertainty of an investment's future prices. In the event of adverse price movements, the Fund might endure potential loss on its quoted investments. In managing price risk, the Manager actively monitors the performance and risk profile of the investment portfolio.

**NOTES TO THE FINANCIAL STATEMENTS

(b) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge an obligation. Credit risk applies to short-term deposits and dividend/distribution receivables. The issuer of such instruments may not be able to fulfill the required interest payments or repay the principal invested or amount owing. These risks may cause the Fund's investments to fluctuate in value.

For deposits with licensed financial institutions, the Fund makes placements with a financial institution with sound rating of P1/MARC-1 and above. Cash at banks are held for liquidity purposes and are not exposed to significant credit risk.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024**

19. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(c) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its financial liabilities or redeem its units earlier than expected. The Fund maintains sufficient level of liquid assets, after consultation with the Trustee, to meet anticipated payments and cancellations of units by unit holders. Liquid assets comprise of cash at banks, deposits with licensed financial institutions and other instruments, which are capable of being converted into cash within 5 to 7 days. The Fund's policy is to always maintain a prudent level of liquid assets so as to reduce liquidity risk.

The Fund's financial liabilities have contractual maturities of not more than six months.

(d) Single issuer risk

Internal policy restricts the Fund from investing in securities issued by any issuer of not more than a certain percentage of its NAV. Under such restriction, the risk exposure to the securities of any single issuer is diversified and managed based on internal/external ratings.

(e) Regulatory risk

Any changes in national policies and regulations may have effects on the capital market and the NAV of the Fund.

(f) Country risk

The risk of price fluctuation in foreign securities may arise due to political, financial and economic events in foreign countries. If this occurs, there is possibility that the NAV of the Fund may be adversely affected.

(g) Management risk

Poor management of the Fund may cause considerable losses to the Fund that in turn may affect the NAV of the Fund.

(h) Non-compliance risk

This is the risk of the Manager or the Trustee not complying with the respective internal policies, the Deeds, securities laws or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of the Fund.

20. CAPITAL MANAGEMENT

The capital of the Fund can vary depending on the demand for creation and cancellation of units to the Fund.

The Fund's objectives for managing capital are:

- (a) To invest in investments meeting the description, risk exposure and expected return indicated in its prospectus;
- (b) To maintain sufficient liquidity to meet the expenses of the Fund, and to meet cancellation requests as they arise; and
- (c) To maintain sufficient fund size to make the operations of the Fund cost-efficient.

No changes were made to the capital management objectives, policies or processes during the current and previous financial years.
