Dear Unitholders:

FUND CATEGORY AND TYPE

Fund Category	Equity
Fund Type	Growth

ASSET ALLOCATION AS AT 15 MARCH 2024

Shariah-Compliant Equities	81.4%
Islamic Money Market Instruments and Others	18.6%

PERFORMANCE OF THE FUND

MIDF Amanah Dynamic Fund (“MADF”)	15/03/2024	15/03/2023	%
Net Asset Value (“NAV”) (RM)	1,751,611	1,747,127	0.26
NAV per Unit (RM)	0.7833	0.7656	2.31
FBM Hijrah Shariah Index (“FBMHS”)	12,397.35	11,326.40	9.46

*Note: Effective 1 June 2018, FBMHS has been identified as the new benchmark for MADF subsequent to its conversion from a conventional fund to a Shariah-compliant fund.

For the financial year ended 15 March 2024, the NAV per unit of MADF has gained 2.31% as compared to the FBMHS Index which gained by 9.46%.

The key objective of MADF is to achieve long-term capital growth through investments in equities with superior growth prospects. For the period under review, the Fund achieved its objective of growing the NAV but underperformed the benchmark by 7.15%.

The FBMHS has been identified as the benchmark for MADF as it is the closest comparable index.

EQUITY MARKET REVIEW

Looking back to expectations at the start of 2023, most analysts were predicting an extremely cautious year of 2023 on recession fear. However, to a large extent, consensus seemed to have been wrong. The Federal Reserve raised interest rates at the fastest clip since the 1980s, a regional banking crisis felled Silicon Valley Bank, while war broke out in the Middle East and yet stocks kept climbing, with the S&P 500 finishing the year up 24%. The Dow Jones Industrial Average advanced 14% to top 37000 for the first time and set seven record closes in the final days of 2023 driven by the euphoria surrounding artificial intelligence and big technology stocks. The rally sent the Nasdaq Composite soaring 43%, its best year since 2020. For obvious reason, it is a far cry from the doom and gloom many braced for at the start of 2023.

Meanwhile, for our market, it is worth noting that all major local indices recorded positive numbers in December, with the FBM KLCI being the smallest gainer with a return of 0.1%, a rise for the third month in a row. However, the key benchmark was still down by 2.7% on the yearly performance. The two best indices in December were FBM Ace and FBM Mid70, with gains of 5.1% and 3.1%, respectively. Broadly, the FBM Mid70 and FBM Small Cap Shariah were the biggest performers in 2023, with gains of 12.3% and 11%, respectively, while FBM KLCI and FBM Hijrah Shariah were the laggards with negative returns of 2.7% and 1.1%.

On the sectoral round-up, we saw a stellar performance of Bursa Malaysia Utilities, with a 51.4% gain in 2023, buoyed by optimism particularly in the renewable energy space. Bursa Malaysia Construction and Bursa Malaysia Property were also in the lime-light after investors turned their attention to domestic-oriented names and value stocks. Conversely, Bursa Malaysia Consumer and Bursa Malaysia Industrial Production trailed sector peers, declining by as much as 2% and 3% respectively.

KEY MARKET RISKS

- Heightened geopolitical risks such as the long-drawn Ukraine-Russia and Gaza's conflict, may derail global recovery and negatively affect investors' sentiment.
- Deteriorating relationship between the US and China over Taiwan and Tech War.
- Continuation of high-interest rate environment in developed markets, especially in the US and Europe.
- Prolonged weakening of Ringgit due to economic uncertainties will further aggravate capital outflows.
- Worse than-expected economic performance in China may hamper global economic recovery and induce investors to shy away from risky assets.

INVESTMENT OUTLOOK AND STRATEGY

In the first quarter of 2024, global stock markets registered strong gains, boosted by a resilient US economy and ongoing enthusiasm around Artificial Intelligence. Expectations of interest rate cuts also contributed to the rise in share prices, although the cuts might not happen as quickly as expected. Malaysian markets showed strength, with FBM Mid 70 leading the pack with an impressive 11% return, outperforming the benchmark FBM KLCI which gained 5.6%. Most local indices ended the quarter with mid-single digit returns, except for FBM ACE which declined by 8%.

Wrapping up the first quarter of 2024, we remain cautiously optimistic about the local markets with expectations that the FBM KLCI will finish the year above 1,600 points. Starting off with a commendable footing, most indices performed well, posting returns between 5% to 7%, although we saw some outliers where FBM Mid 70 and FBM ACE had returns of 11% and -8% respectively. The FBM KLCI closed the first quarter at 1,530.60 points, with a potential 5% increase from the current level.

Our confidence stems from policy improvements, the anticipated weakening of the US Dollar, and an upward trend in corporate earnings. Recent earnings results (4Q2023) released in late February were generally positive, registering year-on-year (YoY) improvement and a stable quarter-on-quarter (QoQ). The stable political environment is crucial for attracting foreign investors, and we expect it to boost foreign investor confidence, continuing the strong foreign direct investment trend seen in 2023.

Our local markets offer compelling investment opportunities, trading at a consensus CY25 PER of 12.8x versus its 5-year historical average of 17.6x. Any pullbacks in the market could provide bargain-hunt and opportunities to accumulate. Amongst our top sector recommendations are Technology and Energy. With the AI, 5G, IoT, and data center advancements, we are confident in the technology sector. We expect the semiconductor industry to benefit from a rebound in chip demand driven by advanced technologies and electric vehicles. Similarly, the Energy sector could benefit from improved global economic growth, efforts by OPEC+1 to stabilize oil prices, and geopolitical uncertainties in the Middle East. These views complement our optimism in the Utilities, Property, and Construction sectors.

Our earlier positioning in sector winners such as Construction, Property and Energy with overweight exposure of between 5% to 8% has contributed positively to fund performance in 1Q2024. Our strategy focus will continue to build on a sector and thematic-driven approach, followed by bottom-up stock selection to capitalize on market trends and opportunities. We advocate for a strategic asset allocation within the range of 80% - 85% to ensure a balanced and diversified portfolio. We'll remain flexible in our tactical asset allocation to manage portfolio risks and navigate macroeconomic changes. In the fixed-income market, we anticipate easing inflation to offer trading opportunities within high-grade and government papers for the medium term. Our focus is on building a resilient long-term portfolio that generates reasonable passive income.

Results

Net income after tax	RM
	39,593

In the opinion of the Manager, the results of the operations of the Fund during the financial year has not been substantially affected by any item, transaction or event of a material and unusual nature.

INVESTMENT OBJECTIVE

The objective of the Fund is to achieve long term capital growth through investments in equities with superior growth prospects.

MANAGEMENT FEES

During the financial year, the Manager is entitled to a management fee of RM25,755 (2023: RM24,998). The Manager's fee is computed on a daily basis at 1.50% (2023: 1.50%) per annum of the Net Asset Value ("NAV") of the Fund before deducting the Manager's and Trustee's fees for that particular day.

DISTRIBUTION

Unit holders have the option of requesting that income due to them on any income distribution be reinvested in the Fund, if any. The reinvestments will be based on the NAV per unit (ex-distribution) at the close of the date the income distribution is declared. Sales charge will not be imposed on the income distribution reinvestments. The Manager reserves the right to reinvest income distributed in respect of a Fund, which is less than RM250.00, in additional units of the Fund at the NAV per unit of the Fund at the close of the date the income distribution is declared.

Distribution cheques issued to unit holders will become void after 6 months from the distribution payment date. Upon the expiry of the cheque, if it has not been presented for payment, it would be reinvested automatically into units of the respective Fund at NAV per unit valued on the date of the expiry of the cheque.

The Manager did not propose any distribution for the financial year ended 15 March 2024 (2023: Nil).

UNIT SPLIT

No unit split was made during the financial year ended 15 March 2024 (2023: RM Nil).

CHANGES IN VALUE OF FUND

The changes in value of the Fund are reflected in the statement of changes in equity.

POLICY ON STOCKBROKING REBATES AND SOFT COMMISSION

The Manager or any delegate thereof will not retain any form of rebate or soft commission from, or otherwise share in any commission with, any broker in consideration for directing dealings in the investment of the Fund.

However, soft commissions may be retained by the Manager and its delegate for payment of goods and services such as research material, data and quotation services and investment management tools, which are of demonstrable benefit to unit holders.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF MIDF AMANAH DYNAMIC FUND

Report on the audit of the financial statements

Opinion

We have audited the financial statements of MIDF Amanah Dynamic Fund ("the Fund"), which comprise the statement of financial position as at 15 March 2024, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 16 to 46.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 15 March 2024, and of its financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund ("the Manager") is responsible for the other information. The other information comprises the information included in the Manager's report and annual report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF MIDF AMANAH DYNAMIC FUND

Responsibilities of the Manager and Trustee for the financial statements

The Manager is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF MIDF AMANAH DYNAMIC FUND (CONT'D.)

Auditors' responsibilities for the audit of the financial statements (cont'd.)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Company represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other matters

This report is made solely to the unit holders of the Fund, as a body, in accordance with the Guidelines on Unit Trust Funds issued by the Securities Commission Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 15 MARCH 2024

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

MIDF Amanah Dynamid Fund (hereinafter referred to as “the Fund”) was constituted pursuant to the execution of a Deed dated 5 May 1976 and the various Supplemental Deeds between Asia Unit Trusts Berhad (“AUTB”), Amanah Raya Berhad and the Registered Holders of the Fund. The Deed and its respective Supplemental Deeds were consolidated on 18 December 1998. The various Master Supplemental Deeds were executed on 1 November 2001 and 31 October 2002. The Fund will continue its operations until terminated by the Trustee as provided under Part 13.2 of the Master Supplemental Deed dated 1 November 2001. On 6 November 2008, the Fourth Master Supplemental Deed was executed between the AUTB, Amanah Raya Berhad and AmanahRaya Trustees Berhad, whereby Amanah Raya Berhad will transfer and assign its rights, duties and obligations under the Master Deed with respect to the Fund and its assets to AmanahRaya Trustees Berhad. The effective date of the transfer was 28 November 2008. The various Master Supplemental Deeds were executed between 6 November 2008 and 12 April 2018. The Tenth Master Supplemental Deed with respect to the Shariah matters was executed on 12 April 2018.

AUTB, MIDF Amanah Asset Management Berhad and AmanahRaya Trustees Berhad have entered into a novation agreement dated 18 November 2009 to transfer and assign the management of the unit trusts to MIDF Amanah Asset Management Berhad all the rights, duties and obligations on and from the date a Master Supplemental Deed relating to the Fund has been registered with Securities Commission (“SC”) or such other date as may be agreed by the Parties hereto. The effective date of the transfer was 1 January 2010 and subsequent from the date, the Fund changed its name to MIDF Amanah Dynamic Fund.

The principal activity of the Fund is to invest in Authorised Investments as defined in the Deed, which includes Shariah-compliant securities quoted on the Bursa Malaysia Berhad (“Bursa Malaysia”), Islamic deposits and any other form of Islamic financial facility with licensed financial institutions. The registered office of the Fund is located at Level 25, Menara MBSB Bank, PJ Sentral, Lot 12, Persiaran Barat, Seksyen 52, 46200 Petaling Jaya, Selangor.

The Manager, MIDF Amanah Asset Management Berhad, a company incorporated in Malaysia, is a wholly-owned subsidiary of Malaysian Industrial Development Finance Berhad (“MIDF”). Information the penultimate and ultimate holding companies is as disclosed in Note 19.

The principal activities of the Manager are the provision of Islamic fund management, Islamic investment advisory services and management of unit trust funds.

The financial statements were approved and authorised for issue by the Board of Directors of the Manager in accordance with a resolution of the directors on 18 July 2024.

2. MATERIAL ACCOUNTING POLICY INFORMATION

(a) Basis of preparation

The financial statements of the Fund have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRS”), International Financial Reporting Standards (“IFRS”).

The financial statements of the Fund have been prepared under the historical cost convention, unless otherwise stated in the accounting policies. The financial statements are presented in Ringgit Malaysia (“RM”), which is the Fund’s functional currency.

(b) Changes in accounting policies

The Fund has adopted the following Standards, Amendments to Standards and Interpretations issued by the Malaysian Accounting Standards Board (“MASB”) which have become effective during the financial year.

MFRS 17: *Insurance Contracts*

Amendments to MFRS 17: *Insurance Contracts*

Amendments to MFRS 17: *Initial Application of MFRS 17 and MFRS 9 Comparative Information*

Amendments to MFRS 101: *Disclosure of Accounting Policies*

Amendments to MFRS 108: *Definition of Accounting Estimates*

Amendments to MFRS 112: *Deferred Tax related to Assets and Liabilities arising from a Single Transaction*

The adoption of the new pronouncements did not result in any material impact to the financial statements.

(c) MFRSs and Amendments to MFRSs issued but not yet effective

As at the date of authorisation of these financial statements, the following Standards, Amendments to Standards and Interpretations have been issued but are not yet effective and have not been adopted by the Fund.

Description	Effective for annual periods beginning on or after
Amendments to MFRS 107 and MFRS 7: <i>Supplier Finance Arrangements</i>	1 January 2024
Amendments to MFRS 16: <i>Lease Liability in a Sale and Leaseback</i>	1 January 2024
Amendments to MFRS 101: Non-current Liabilities with Covenants	1 January 2024
Amendments to MFRS 121: <i>Lack of Exchangeability</i>	1 January 2025
Amendments to MFRS 10 and MFRS 128: <i>Sale or Contribution of Assets between Assets between an Investor and its Associate or Joint Venture</i>	Deferred

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

(c) MFRSs and Amendments to MFRSs issued but not yet effective (cont'd.)

The Fund plans to adopt the above pronouncements when they become effective in the respective financial years. These pronouncements are expected to have no significant impact to the financial statements of the Fund upon their initial application.

(d) Financial assets

Financial assets are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss ("FVTPL"), directly attributable transaction costs.

The Fund determines the classification of its financial assets at initial recognition.

(i) Financial assets at FVTPL

A financial asset is measured at fair value through profit or loss if:

- Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and profit ("SPPP") on the principal amount outstanding; or
- It is not held within a business model whose objective is either to collect contractual cash flows or to both collect contractual cash flows and sell; or
- At initial recognition, it is irrevocably designated as measured at FVTPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring asset or liabilities or recognising the gains and losses on them on different bases.

Subsequent to initial recognition, financial assets at FVTPL are measured at fair value. Changes in the fair value of those financial instruments are recorded in 'Net gain or loss on financial assets at fair value through 'profit or loss''. Dividend income elements of such instruments are recorded separately as 'Dividend income'. Exchange differences on financial assets at FVTPL are not recognised separately in profit or loss but are included in net gains or net losses on changes in fair value of financial assets at FVTPL.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

(d) Financial assets (cont'd.)

(ii) Financial assets at amortised cost

Financial assets at amortised cost are those financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are SPPP on the principal amount outstanding. The Fund includes short term receivables and Islamic deposits with financial institutions in this classification.

Subsequent to initial recognition, Islamic financial assets are measured at amortised cost using the effective profit rate method. Gains and losses are recognised in profit or loss when the financial assets are derecognised or impaired, and through the amortisation process.

(e) Impairment of financial assets

The Fund holds financial assets with no financing component and which have maturities of less than 12 months at amortised cost and, as such, has chosen to apply an approach similar to the simplified approach for Expected Credit Losses ("ECL") under MFRS 9 to all its financial assets. Therefore, the Fund does not track changes in credit risk, but instead, recognises a loss allowance based on lifetime ECL at each reporting date.

The Fund's approach to ECLs reflects a probability-weighted outcome, the time value of money and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

(f) Classification of realised and unrealised gains and losses

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised (i.e. sold, redeemed or matured) during the reporting year.

Realised gains and losses on disposals of financial instruments classified as part of FVTPL are calculated using weighted average method. They represent the difference between an instrument's initial carrying amount and disposal proceeds.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

(g) Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund become a party to the contractual provisions of the financial instrument. Financial liabilities are classified as other financial liabilities.

The Fund's financial liabilities which include other payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective profit rate method.

A financial liability is derecognised when the obligation under the liability is extinguished. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

(h) Unit holders' capital

The unit holders' contributions to the Fund meet the definition of puttable instruments classified as Shariah-compliant equity instruments under the revised MFRS 132 Financial Instruments: Presentation.

(i) Dividend distribution

Dividend distributions are at the discretion of the Fund. A dividend distribution to the Fund's unit holders is accounted for as a deduction from realised reserves except where dividend is sourced out of distribution equalisation which is accounted for as a deduction from unit holders' capital. A proposed dividend is recognised as a liability in the period in which it is approved.

Distribution equalisation represents the average distributable amount included in the creation and cancellation prices of units. This amount is either refunded to unit holders by way of distribution and/or adjusted accordingly when units are cancelled.

(j) Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents consist of bank balances and Islamic deposits and Islamic placements with banks and other Islamic financial institutions with original maturity of three months or less, subject to insignificant risk of changes in value.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D.)

(k) Income

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

Dividend income is recognised when the Fund's right to receive payment is established.

Profit income from Islamic deposits with financial institutions is recognised using the effective profit rate method.

(l) Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

No deferred tax is recognised as there are no material temporary differences.

(m) Segment reporting

For management purposes, the Fund is managed by two main portfolios, namely (1) Quoted Shariah-compliant securities and warrants and (2) Islamic deposits with financial institutions. Each segment engages in separate business activities and the operating results are regularly reviewed by the Investment Manager and the Investment Committee. The Fund Manager assumes the role of chief operating decision maker, for performance assessment purposes and to make decisions about resources allocated to each investment segment.

(n) Significant accounting estimates and judgments

The preparation of the Fund's financial statements requires the Manager to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability in the future.

No major judgments have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

3. MANAGER'S FEE

The Manager's fee is computed on a daily basis at 1.50% per annum (2023: 1.50%) of the NAV of the Fund, before deducting the Manager's and Trustee's fees for that particular day.

4. TRUSTEE'S FEE

The Trustee's fee is computed on a daily basis at 0.08% per annum (2023: 0.08%) of the NAV of the Fund, before deducting the Manager's and Trustee's fees for that particular day.

5. INCOME TAX EXPENSE

	2024 RM	2023 RM
Charge for the financial year	-	-

Income tax is calculated at the Malaysian statutory tax rate of 24% of the estimated assessable income for the financial year.

The tax charge for the financial year is in relation to the taxable income earned by the Fund after deducting tax allowable expenses. In accordance with Schedule 6 of the Income Tax Act 1967, profit income earned from licensed banks and financial institutions is exempted from tax.

A reconciliation of income tax expense applicable to net income before tax at the statutory income tax rate to income tax expense at the effective income tax rate of the Fund is as follows:

	2024 RM	2023 RM
Net income before tax	39,593	207,854
Tax at Malaysian statutory tax rate of 24%	9,503	49,885
Effect of income not subject to tax	(25,980)	(66,587)
Expenses not deductible for tax purposes	<u>16,477</u>	<u>16,702</u>
Tax expense for the financial year	-	-

6. ZAKAT FOR THE FUND

The Manager does not pay zakat on behalf of its unit holders. Thus, unit holders are advised to pay zakat on their own.

16. FINANCIAL INSTRUMENTS (CONT'D.)

(b) Financial instruments that are carried at fair value

The Fund's financial assets at FVTPL are carried at fair value. The fair values of these financial assets were determined using prices in active markets for identical assets.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
2024				
Quoted Shariah-compliant securities	1,424,288	-	-	1,424,288

Fair value is determined directly by reference to their published market bid prices at the reporting date.

For instruments quoted on Bursa Malaysia, the market bid prices are determined by reference to the theoretical closing market price as published by Bloomberg.

16. FINANCIAL INSTRUMENTS (CONT'D.)

- (c) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximations of fair value**

The carrying amounts of the other financial assets and financial liabilities approximate the fair value due to their relatively short term maturity.

17. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES

- (a) Introduction**

The Fund maintains Islamic investment portfolios in a variety of listed and unlisted Shariah-compliant financial instruments as dictated by its Trust Deed and Islamic investment management strategy.

The Fund is exposed to a variety of risks including market risk (which includes profit rate risk, price risk and currency risk), credit risk, and liquidity risk. Whilst these are the most important types of financial risks inherent in each type of financial instruments, the Manager and the Trustee would like to highlight that this list does not purport to constitute an exhaustive list of all the risks inherent in an Islamic investment in the Fund.

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through a process of ongoing identification, measurement and monitoring of risks. Financial risk management is also carried out through sound internal control systems and adherence to the investment restrictions as stipulated in the Trust Deed, the Securities Commission's Guidelines on Unit Trust Funds and the Capital Markets and Services Act 2007.

- (b) Risk management structure**

The Fund's Manager is responsible for identifying and managing risks. The Board of Directors of the Manager is ultimately responsible for the overall risk management approach within the Fund.

17. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(c) Risk measurement and reporting system

Monitoring and managing risks is primarily set up to be performed based on limits established by the Manager (and Investment Manager, if applicable) and Trustee. These limits reflect the Islamic investment strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. In addition, the Fund monitors and measures the overall risk bearing capacity in relation to the aggregate risk exposure across all risk types and activities.

(d) Risk mitigation

The Fund has Islamic investment guidelines that set out its overall business strategies, its tolerance for risk and its general risk management philosophy. The Manager also has a Compliance Department to ensure that the Fund complies with the various regulations and guidelines as stipulated in its Trust Deed, the Securities Commission's Guidelines on Unit Trust Funds and the Capital Markets and Services Act 2007.

It is, and has been throughout the current and previous financial years, the Fund's policy is that no derivatives shall be undertaken for either investment risk management purposes or for trading.

(e) Excessive risk concentration

Concentration indicates the relative sensitivity of the Fund's performance to developments affecting a particular industry or geographical location. Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

In order to avoid excessive concentration of risk, the Fund's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio in accordance with the Fund's Trust Deed, Investment Manager's guidelines and the Securities Commission's Guidelines on Unit Trust Funds. Portfolio diversification across a number of sectors and industries minimises the risk not only of any single company's securities becoming worthless but also of all holdings suffering uniformly adverse business conditions. Specifically, the Fund's Trust Deed and Securities Commission's Guidelines on Unit Trust Funds limits the Fund's exposure to a single entity/industry sector to a certain percentage of its NAV.

17. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(f) Market risk

(i) Profit rate risk

Profit rate risk is uncertainties resulting from fluctuations in the prevailing level of market profit rates on its Islamic investments and financial position.

As at reporting date, the Fund has no floating rate financial instruments and thus does not have significant exposure to profit rate risk.

(ii) Equity price risk

Equity price risk is the risk of unfavourable changes in the fair values of equities as the result of changes in the levels of equity indices and the value of individual shares. The equity price risk exposure arises from the Fund's investments in quoted Shariah-compliant equity securities and warrants.

Equity price risk sensitivity

Management's best estimate of the effect on the profit for the financial year and other comprehensive income due to a reasonably possible change in equity indices, with all other variables held constant is indicated in the table below:

Market index	%	Effect on NAV Increase RM
2024		
Changes in equity price	+5	71,214
2023		
Changes in equity price	+5	69,000

The Management assumed that the movement of FVTPL investments as at 15 March 2024 moves in line with the movement of the Bursa Malaysia KLCI index.

An equivalent decrease in each of the indices shown above would have resulted in an equivalent, but opposite, impact.

In practice, the actual trading results may differ from the sensitivity analysis below and the difference could be material.

17. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(f) Market risk (cont'd.)

(ii) Equity price risk (Cont'd.)

Equity price risk concentration

The following table sets out the Fund's exposure to equity price risk based on its portfolio of quoted equity instruments as at the reporting date.

	2024		2023	
	Fair value RM	As % of NAV	Fair value RM	As % of NAV
Malaysia	1,424,288	81.4	1,380,004	78.9

The details of Fund's concentration of equity price analysed by the Fund's equity instruments by sector is stated in Note 7.

(g) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities or redeem its units earlier than expected. The Fund is exposed to cash redemptions of its units on a regular basis. Units sold to unit holders by the Manager are redeemable at the unit holder's option based on the Fund's net asset value per unit at the time of redemption calculated in accordance with the Fund's Trust Deed.

It is the Fund's policy that the Manager monitors the Fund's liquidity position on a daily basis. The Fund also manages its obligation to redeem units when required to do so and its overall liquidity risk by requiring a 3-day notice period before redemptions.

The Manager's policy is to always maintain a prudent and sufficient level of liquid assets so as to meet normal operating requirements and expected redemption requests by unit holders. Liquid assets comprise cash, Islamic deposits with Islamic financial institutions and other Shariah-compliant instruments which are capable of being converted into cash within 7 days.

17. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(g) Liquidity risk (cont'd.)

The following table summarises the maturity profile of the Fund's financial assets, financial liabilities and NAV attributable to unit holders in order to provide a complete view of the Fund's contractual commitments and liquidity.

17. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(g) Liquidity risk (cont'd.)

(i) Financial assets

Analysis of financial assets at FVTPL into maturity groupings is based on the expected date on which these assets will be realised. Quoted Shariah-compliant equity instruments have been included in the “Less than 1 month” on the assumption that these are highly liquid investments which can be realised should all of the Fund’s unit holders’ capital be required to be redeemed. For Islamic deposits with financial institutions and other assets, the analysis into maturity groupings is based on the behavioural cash flows, i.e. remaining period from the end of the reporting period to the contractual maturity date or if earlier, the expected date on which the assets will be realised/maturity dates of debt securities.

(ii) Financial liabilities

The maturity grouping is based on the remaining period from the end of the reporting period to the contractual maturity date. When a counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Fund can be required to pay.

(iii) Equity

As unit holders can request for redemption on their units by giving the Manager a 3-day notice period, they have been categorised as having a maturity of “Less than 1 month”. However, the Fund believes that it would be able to liquidate other investments should the need arise to satisfy all the redemption requirements of the Fund.

(h) Credit risk

Credit concentration

Credit concentration risk is associated with the number of underlying Islamic investments or Islamic financial institutions which a Fund invests in or places deposits with. As the Fund is allowed to place Islamic deposits and/or invest in Islamic money market instruments wholly with a single financial institution, the NAV per unit of the Fund would be affected if the financial institution is not able to make timely payments of profit and/or principal.

17. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(h) Credit risk (cont'd.)

Credit default

This refers to the creditworthiness of the respective Islamic financial institutions which Islamic deposits are placed with and their ability to make timely payment of principal and profit. If the Islamic financial institutions become insolvent, the Fund may suffer capital losses with regards to the capital invested and profit foregone, causing the performance of the Fund to be adversely affected.

(i) Reclassification of Shariah status risk

There is a risk that the currently held Shariah-compliant securities and warrants in the portfolio of Funds may be reclassified to be Shariah non-compliant upon review of the securities by the Shariah Advisory Council of the Securities Commission which is performed twice yearly. If this occurs, the value of the Fund may be affected whereby the Manager will then take the necessary steps to dispose of such securities in accordance with the Shariah Advisory Council's Resolutions and Guidelines.

18. CAPITAL MANAGEMENT

The capital of the Fund can vary depending on the demand for redemptions and subscriptions to the Fund. The Fund's approved fund size and units in issue at the end of the financial year is disclosed in Note 10(a).

The Fund's objectives for managing capital are:

- (a) To invest in Islamic investments meeting the description, risk exposure and expected return indicated in its prospectus;
- (b) To achieve consistent returns while safeguarding capital by using various Islamic investment strategies;
- (c) To maintain sufficient liquidity to meet the expenses of the Fund, and to meet redemption requests as they arise; and
- (d) To maintain sufficient fund size to make the operation of the Fund cost-efficient.

No changes were made to the capital management objectives, policies or processes during the current financial year.

19. CHANGES IN GROUP STRUCTURE

Previously, the penultimate and ultimate holding companies of the Manager, MIDF Amanah Asset Management Berhad were Permodalan Nasional Berhad (“PNB”) and Yayasan Pelaburan Bumiputra (“YPB”). The holding companies were incorporated in Malaysia.

On 13 April 2023, Bank Negara Malaysia has granted its approval to Malaysia Building Society Berhad (“MBSB”) to acquire 100% shareholding in MIDF from MIDF’s immediate holding company, PNB.

On 2 October 2023, MBSB completed the acquisition of 480,355,627 ordinary shares in MIDF from PNB, representing 100% of the issued and paid-up share capital of MIDF, for a total consideration of RM1.01 billion comprising 1.05 billion new shares in MBSB at an issue price of RM0.9652 to PNB.

Following the above, the penultimate holding company of the Manager is MBSB, a public limited liability company incorporated in Malaysia and listed on the Main Market of Bursa Malaysia Securities Berhad. Employees Provident Fund (“EPF”), a statutory body established under the Employees Provident Fund Act, 1991 (Act 452) is the ultimate holding company. The holding companies are incorporated in Malaysia.
