#### 1. FUND MANAGER'S REPORT

#### **FUND NAME**

Saturna ASEAN Equity Fund ("the Fund")

#### **TYPE OF FUND**

Growth Fund

#### **CATEGORY OF FUND**

Shariah-compliant Equity

#### **INVESTMENT OBJECTIVE**

To achieve long-term capital growth by investing in Southeast Asian markets.

#### **DISTRIBUTION POLICY**

Subject to availability of income, distributions will be made on a yearly basis.

Any distributions shall be automatically reinvested in additional Units at the date of distribution, unless the Unit Holder specifically requests, in the application or in writing, for distributions to be made via cash payment. Any unclaimed distribution cheques will be automatically reinvested in additional Units at the expiry of the six-month validity period for cheques, based on the prevailing Net Asset Value (NAV) seven (7) Business Days after the validity period of the cheques.

#### **FOREIGN EXCHANGE RATE**

All foreign securities and assets are converted into Ringgit Malaysia ("RM") based on the bid exchange rate quoted by Bloomberg at United Kingdom time 4.00 p.m. the same day.

#### **PERFORMANCE BENCHMARK**

6% absolute return ("the Benchmark").

#### **FUND PERFORMANCE**

In 2024, the Fund registered a return of -5.48% compared to the Benchmark's 6.00%. Underperformance was due to general market weakness across ASEAN from a weaker than expected China recovery, high global inflation, and rising interest rates.

Given our long-term perspective and fundamentals-driven investment strategy, we are committed to meeting the investment objective of the Fund. The past several years have posed a challenging environment for the ASEAN market as it recovers from the COVID-19 pandemic, soaring inflation, and geopolitical tensions. The fund continues to pursue its objective of long term capital growth in value stocks in the region.

The capital growth in the table below indicates the fund's performance based on NAV per unit excluding income distribution.

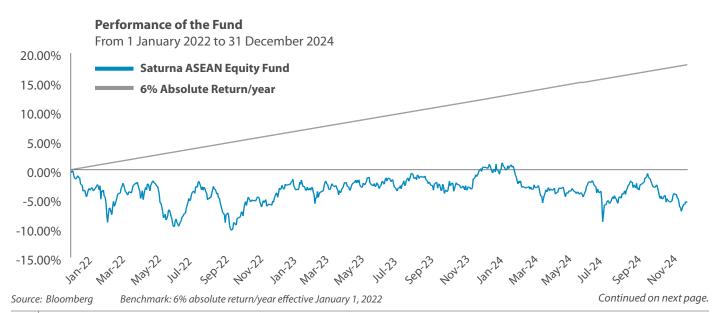

The graph below compares the 5-year performance of the Fund against its benchmark return which used to be Dow Jones Islamic Market ASEAN Total Return Index (DJIM ASEAN TRI) until the end of 2021. Beginning 2022, we changed the benchmark to 6% absolute return as DJIM ASEAN TRI was not truly reflective of the fund characteristics. In the second graph below, we highlight the performance of the Fund against its new benchmark of 6% absolute return since the beginning of 2022.

#### Performance of the Fund

From 1 January 2017 to 31 December 2021

| Official Launching Date                            | 7 February 2014   | 7 February 2014   | 7 February 2014   |
| Conversion to unit trust fund                      | 25 January 2017   | 25 January 2017   | 25 January 2017   |
|  |                   |                   |                   |

#### **Total Expense Ratio**

The total expense ratio for the financial year is 0.71%

Total Expense Ratio is derived from the following calculation:

$$TER = \frac{(A+B+C+D+E+F+G)}{H} \times 100$$

D = Performance Fee H = Average NAV of the Fund calculated on a daily basis

The average NAV of the Fund for the financial year calculated on a daily basis is RM18,196,950.26.

During the current financial year, the decrease in TER is mainly due to no performance fee incurred.

#### **Portfolio Turnover Ratio**

The portfolio turnover ratio for the financial year is 0.26 times.

During the current financial year, the slight decrease in PTR is due to lower trading activities.

The portfolio turnover ratio is derived from the following calculation:

(Total acquisition for the financial year + Total disposal for the financial year)  $\div 2$ 

Average NAV of the Fund for the financial year calculated on a daily basis

#### Where:

total acquisition for the financial year = RM 4,562,781.30 total disposal for the financial year = RM 4,926,893.77

#### ANNUAL TOTAL RETURNS FOR THE FINANCIAL YEARS ENDED 31 DECEMBER (in %)

Total Return is based on NAV to NAV with distribution reinvested. Below is the Total Return of the Fund as at 31 December 2024 since inception.

|                            | (1 Jan 24 –<br>31 Dec 24) | (1 Jan 23 –<br>31 Dec 23) | (1 Jan 22 –<br>31 Dec 22) | (1 Jan 21 –<br>31 Dec 21) | (1 Jan 20 –<br>31 Dec 20) |
|----------------------------|---------------------------|---------------------------|---------------------------|---------------------------|---------------------------|
| The Fund                   | -5.48%                    | 4.00%                     | -4.81%                    | 5.04%                     | 4.53%                     |
| 6% Absolute Return/DJIASNT | 6.00%                     | 6.00%                     | 6.00%                     | 2.33%                     | 8.18%                     |

<sup>\*</sup> Effective January 1st, 2022, the benchmark was changed to 6% absolute annual return. We will adjust the performance results going forward only from that date. Prior to 2022, The Dow Jones ASEAN Total Return Index was used.

Note: Total Return of the Fund is derived by this formula:

#### **AVERAGE TOTAL RETURN (in %)**

Average Total Return is derived by the formula:

|   | 1-year<br>(1 Jan 24 – 31 Dec 24) | 3-year<br>(1 Jan 22 - 31 Dec 24) | 5-year<br>(1 Jan 20 - 31 Dec 24) |
|---|----------------------------------|----------------------------------|----------------------------------|
| The Fund                                  | -5.48%                           | -2.14%                           | 0.55%                            |
| 6% Absolute Return/<br>Dow Jones ASEAN TR | 6.00%                            | 6.00%                            | 5.74%                            |

Unit prices and returns may fluctuate; past performance is not necessarily indicative of future performance.

#### **GLOBAL STOCK MARKET REVIEW**

Global equity markets remained strong throughout 2024 with the S&P 500 Index ending the year up 25.0%, the MSCI All Country World Index climbing 18.0%, and MSCI Emerging Markets Index 7.5%. Europe was the only laggard with Stoxx Europe 600 up only 2.5%.

A key market driver for much of the year was the resilience of US and global economies, which continued to grow despite interest rate hikes implemented by the Fed and other central banks post-COVID. The investor sentiment was further boosted by the easing of global inflationary pressures as the year went on. Unsurprisingly, global central banks started to cut their respective policy rates, with the Federal Reserve and European Central Bank taking the lead by lowering the rates by 100 basis points each.

The year was also remarkable for strong investor enthusiasm for artificial intelligence which specifically boosted the performance of the Magnificent Seven stocks, which outperformed the S&P 500 Index by a factor of two. Elsewhere, China increased policy support for its ailing property sector and initiated several stimulus programs, which eased investor worries with Shanghai Composite finishing the year up 13%.

Against these positive market developments, concerns around continuing US-China trade and tech tensions, the on-going Russia-Ukraine war and growing conflict in the Middle East were largely brushed aside by equity investors. However, European political instability and economic stagnation, particularly in France and Germany, did cause equity prices to turn lower in those markets, especially in the fourth quarter. Separately, the re-election of Donald Trump as US President in November raised the specter of a return to 'beggar-thy-neighbor' policies in the US, resulting in continued strength in US markets but significant weakness elsewhere post-election.

#### **ASEAN Stock Market Review**

#### Malaysia

In 2024, the FTSE Bursa Malaysia KLCI Index climbed 17.6% in local currency terms and 20.7% in US dollar (USD) terms. It fell 0.07% and 7.9% respectively in the fourth quarter of 2024.

During the year, the World Bank upgraded its 2024 growth forecast for Malaysia to 4.9% from 4.3%. Additionally, a slew of announcements expected to boost domestic economic growth and corporate profitability boosted sentiment. These included a memoradum of understanding between Malaysia and Singapore to develop a special economic zone,

additional new renewable energy quotas, and plans by the government to draw up a comprehensive strategic plan for the semiconductor sector.

In the fourth quarter, the election of Donald Trump as President raised fears of stickier inflation and higher for longer interest rates in the US, which catalyzed foreign fund outflows, a weaker ringgit and lower stock prices. Going forward, market direction is likely to depend on the ability of the government to execute its infrastructure and stimulus programs, US trade policies and China's economic growth.

#### **Singapore**

Singapore's Straits Times Index was up 23.5% in local currency terms and 19.2% in dollar terms in 2024. In the fourth quarter, it rose 6.4% in Singapore dollar terms but fell 0.2% in US dollar terms.

The market mainly rode on the positive global trends discussed above and release of solid gross domestic product (GDP) growth numbers of 4%, surpassing earlier government estimates of 3.5%. Inflation also softened throughout the year, raising hopes of easier monetary policy by the Monetary Authority of Singapore.

As one of the world's most open economies, Singapore is likely to continue to take direction from the US and other markets. Investors will be keeping a close watch on US growth, inflation and interest rates along with developments in China.

#### Indonesia

The Jakarta Composite Index fell 5.52% in local currency terms (-11.48% in dollar terms) in the fourth quarter of 2024 2024 and declined 4.49% in 2024 in USD terms and 0.16% in Indonesian rupiah terms.

In the fourth quarter, Indonesia's GDP fell below expectations due to sluggish private consumption and trade deficit. Inflation remained under control at around 3%, aided by monetary policy of Bank Indonesia which maintained a benchmark interest rate of 6.00% to manage price stability amid global economic uncertainties.

In 2025, Indonesia's GDP is projected to grow between 5.1% and 5.4% driven by domestic consumption and export diversification. The key sectors which are expected to contribute to GDP growth are manufacturing, agriculture, digital economy, mining and service-based industries.

#### **ASEAN Stock Market Review (continued)**

#### **Philippines**

The Philippine Stock Exchange Index declined 9.77% in local currency terms (-12.54% in USD terms) in the December quarter and fell 1.80% in 2024 in USD terms (+2.44% in Philippine peso terms).

The Philippines' GDP is projected to grow 6% in 2024 compared against the earlier projections of 6.5%. Despite the downward revision, the economy is expected to remain resilient. In the fourth quarter, the Philippines' central bank cut its overnight borrowing rate by 25 basis points to 5.75%. The Philippines has also entered into a free trade agreement with South Korea which is poised to strengthen bilateral relations and boost economic collaboration moving forward.

For 2025, moderating inflation, monetary easing and sustained public spending particularly on major infrastructure projects should support the Philippines' economic growth and GDP forecast of 6.2%. But geopolitical headwinds are expected to continue from likely trade war escalation.

#### **Thailand**

Thailand's SET Index fell 3.05% in local currency terms and was down 8.04% in USD terms in the fourth quarter of 2024 and rose 1.69% in 2024 in USD terms and 1.17% in Thai bhat (THB) terms.

Thailand's economy slowed in the fourth quarter due to decreased activity in the trade sector with the Manufacturing Production Index declining 3.6%. The Thai government has implemented several strategic measures to boost the economy which include visa waiver program for Chinese tourists to boost tourism, tax deductions on domestic travel and cash handouts of THB 10,000 (\$280) to 45 million citizens to stimulate consumer spending.

#### MARKET OUTLOOK AND INVESTMENT STRATEGY

The ASEAN economic outlook for 2025 presents a promising landscape for investors, with projected GDP growth rates outpacing the global averages. Notably, the Asian Development Bank forecasts Southeast Asia economy to grow by 4.7% in 2025. Key growth drivers include manufacturing sector expansion fueled by supply chain diversification out of China, regional connectivity infrastructure projects and increased focus on green transition and sustainable technologies.

It is also worth mentioning that ASEAN securities continue to trade at around 14-15x earnings, close to or below their 10-year median levels, while offering a respectable earnings growth trajectory.

## SUSTAINABLE AND RESPONSIBLE INVESTMENT FUNDS ("SRI")

The Fund is a qualified Sustainable and Responsible Investment (SRI) fund under the Securities Commission Malaysia's Guidelines on SRI Funds. In the opinion of the Manager, the Fund, for the financial period under review, has complied with the requirements of the Guidelines on SRI Funds based on Saturna's comprehensive environmental, social and governance (ESG) investment process. The investments of the Fund will be subject to the ESG integration methodology, including the selection, retention and realisation of the Fund's investments.

The Manager considers issuers with sustainable characteristics to be those issuers that are generally larger, more established, consistently profitable, financially strong and with low exposure to ESG risks. The underlying investments are consistent with the Fund's sustainable characteristics, i.e. the selected issuers must have sustainable profits, strong balance sheets, management strength, high-quality operations, risk consciousness, low debt and established business. For the period under review, none of the Fund's underlying investments are inconsistent with the SRI requirements. The Manager adopts its own sustainable rating system, as well as relies on third party data to identify companies believed to present low ESG risk profiles. In addition, the Manager uses negative screening to exclude security issuers primarily engaged in higher ESG risk and Shariah non-compliant businesses such as alcohol, pornography, weapons, gambling, and fossil fuel extraction.

The sustainability aspects of the Fund's portfolio are reviewed periodically to ensure the investments of the Fund are consistent with the adopted sustainability considerations. If the companies that the Fund invests in show persistent deterioration in their ESG factors and become inconsistent with any other sustainability considerations, the said investments shall be disposed within an appropriate timeframe.

#### **ASSET ALLOCATION OF THE FUND**

| By Country             | 31 December 2024 | 31 December 2023 | 31 December 2022 |
|------------------------|------------------|------------------|------------------|

#### Sector Allocation as at 31 December 2024

#### **ASSET ALLOCATION OF THE FUND (continued)**

Fund performance from 1 January 2024 to 31 December 2024

|                                    | 31 December 24 | 31 December 23 | % Change |
|------------------------------------|----------------|----------------|----------|
|                                    | RM             | RM             |          |
| Total NAV (Inclusive of Injection) | 17,794,401.94  | 18,798,350.79  | -5.34    |
| NAV/unit                           | 1.0108         | 1.0694         | -5.48    |

NAV per unit at the end of 31 December 2024 decreased by 5.48% compared with 31 December 2023. The Dow Jones Islamic Market ASEAN index rose by 4.56% over the same period. Reflecting on the market performance of 2024, most indices including ASEAN continue to trade at around 14-15x earnings, close to or below their 10-year median levels, while offering a respectable earnings growth trajectory. The economic policies of the incoming US administration pose the greatest potential risk to markets over the short to medium term.

#### Top Five Investments as at 31 December 2024

| Stock                       | % of NAV |
|-----------------------------|----------|
| MANILA ELECTRIC             | 3.99%    |
| SINGAPORE TELECOMMUNICATION | 3.92%    |
| COMFORTDELGRO               | 3.71%    |
| IHH HEALTHCARE              | 3.63%    |
| KPJ HEALTHCARE              | 3.62%    |

| Financial Year                           | 31 December 2024 | 31 December 2023 |  |
|--|------------------|------------------|--|
| Date of Distribution                     | -                | 27 December 2023 |  |
| Distribution per unit                    |                  |                  |  |
| Gross (RM)                               | -                | 0.020            |  |
| Net (RM)                                 | -                | 0.020            |  |
| Net Asset Value before distribution (RM) | -                | 1.0911           |  |
| Less : distribution (RM)                 | -                | (0.020)          |  |
| Net Asset Value after distribution (RM)  | -                | 1.0711           |  |

No unit split was declared for the financial year ended 31 December 2024.

#### **CROSS TRADE TRANSACTIONS**

Cross trade transactions occur when there are inter-fund transactions whereby an investment in one fund is bought by or sold to another fund simultaneously as both funds are managed by the same fund manager. There are no cross trade transactions undertaken for the Fund as this practice is disallowed by the Fund Manager.

#### **SECURITIES FINANCING TRANSACTIONS**

The Fund has not undertaken any securities lending or repurchase transactions since the securities financing transactions are not permitted.

#### **STATE OF AFFAIRS**

There has been neither significant change to the state of affairs of the Fund nor any circumstances that materially affect any interests of the unitholders during the financial period under review.

#### POLICY ON STOCKBROKING, REBATES AND SOFT COMMISSION

The Fund Manager does not retain any rebate from, or otherwise share in any commission with, any broker/dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission will be directed to the account of the Fund.

#### **PURIFICATION**

This is a voluntary provision due to non Shariah-compliant income generated by the companies i.e. riba-based loans and interest income. According to purification guidelines, as stipulated in the Prospectus, per unit amount comes to RM 0.01003384, if you owned units from 1 January to 31 December. Please use the example below to calculate your individual amount. You should channel your purification to charitable bodies of your choice.

#### **Example:**

The calculation: Units Owned x Purification Amount Per Unit = Total Due (RM)

If an investor holds 100,000 units of Saturna ASEAN Equity Fund since 1 January 2024, the calculation of amount to be purified as of 31 December 2024 would be 100,000 units x RM 0.01003384/ unit = RM 1,003.38.

#### 2. TRUSTEE'S REPORT

#### TO THE UNITHOLDERS OF SATURNA ASEAN EQUITY FUND

We have acted as Trustee for **Saturna ASEAN Equity Fund** ("the Fund") for the financial year ended 31 December 2024 and we hereby confirm to the best of our knowledge, after having made all reasonable enquiries, **Saturna Sdn. Bhd.** ("the Manager") has operated and managed the Fund during the year covered by these financial statements in accordance with the following:

- a) Limitations imposed on the investment powers of the management company under the deed(s), securities laws and the Guidelines on Unit Trust Funds;
- b) Valuation and pricing is carried out in accordance with the deed(s); and
- c) Any creation and cancellation of units are carried out in accordance with the deed(s) and any regulatory requirement.

# 4. INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF SATURNA ASEAN EQUITY FUND

#### **Report on the Audit Of The Financial Statements**

#### **Opinion**

We have audited the financial statements of Saturna ASEAN Equity Fund ("the Fund"), which comprise the statement of financial position as at 31 December 2024, and the statement of comprehensive income, statement of changes in net asset value and statement of cash flows of the Fund for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 18 to 41.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 December 2024, and of its financial performance and its cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

#### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Independence and Other Ethical Responsibilities**

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

## Information Other than the Financial Statements and Auditors' Report Thereon

The Manager of the Fund ('the Manager") is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibility of the Manager and Trustee for the Financial Statements

The Manager of the Fund is responsible for the preparation of financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager of the Fund is also responsible for such internal control as the Manager of the Fund determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial process. The Trustee is also responsible for ensuring that the Manager of the Fund maintains proper accounting and other records as are necessary to enable fair presentation of these financial statements.

# 4. INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF SATURNA ASEAN EQUITY FUND (continued)

#### Report on the Audit Of The Financial Statements (continued)

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use
  of the going concern basis of accounting and, based
  on the audit evidence obtained, whether a material
  uncertainty exists related to events or conditions
  that may cast significant doubt on the Fund's ability
  to continue as a going concern. If we conclude that
  a material uncertainty exists, we are required to
  draw attention in our auditors' report to the related

disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### **Other Matters**

This report is made solely to the Unitholders of the Fund, as a body, in accordance with the Securities Commission's Guideline on Unit Trust Funds in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

#### 5. SHARIAH ADVISER'S REPORT

#### To the Unit Holders of Saturna ASEAN Equity Fund ("Fund")

We hereby confirm the following:

- To the best of our knowledge, after having made all reasonable enquiries, Saturna Sdn Bhd has operated
  and managed the Fund during the period covered by these financial statements in accordance with the
  Shariah principles and requirements and complied with the applicable guidelines, rulings or decisions
  issued by the Securities Commission Malaysia pertaining to Shariah matters; and
- 2. The asset of the Fund comprises of instruments that have been classified as Shariah compliant except for SATS Ltd and Frasers Property Thailand Industrial REIT which has been reclassified as Shariah non-compliant by the Shariah Adviser. While noted that SATS Ltd has been fully disposed on 15 July 2024, Frasers Property Thailand Industrial REIT shall be disposed in accordance with the Fund's Shariah investment guidelines as provided in the Fund's deed and disclosed in the Fund's prospectus.

Thank you

#### 10. NOTES TO THE FINANCIAL STATEMENTS

#### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

#### 1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

Saturna ASEAN Equity Fund (hereinafter referred to as "the Fund") was constituted pursuant to the execution of a Trust Deed dated 16 December 2013 (hereinafter referred to as "the Deed") between the Manager, Saturna Sdn. Bhd. and the previous Trustee, Deutsche Trustees Malaysia Berhad. Subsequently, pursuant to a Trust Deed dated 23 November 2015, SCBMB Trustee Berhad became the new Trustee.

The principal activity of the Fund is to invest in a diversified portfolio of Shariah-compliant equities across the ASEAN region. The objective of the Fund is to provide long-term capital growth. The Fund's investments comply with Shariah requirements as prescribed by its Shariah Adviser. The Fund was launched on 7 February 2014 and will continue its operations until terminated by the Trustee as provided under Part 11 of the Trust Deed.

The Manager, Saturna Sdn. Bhd. is principally engaged in funds management. The Manager is incorporated in Malaysia.

The financial statements were authorised for issue by the Board of Directors of the Manager in accordance with a resolution of the directors on 24 February 2025.

#### 2. BASIS OF PREPARATION

The financial statements of the Fund are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under material accounting policy information, and in compliance with Malaysian Financial Reporting Standards ("MFRSs") and International Financial Reporting Standards.

**2.1** During the current financial year, the Fund has adopted the following new accounting standards and/or interpretations (including the consequential amendments, if any):

| MFRSs and/or IC Interpretations (Including The Consequential Amendments)        |  |  |
|---|--|--|
| Amendments to MFRS 16: Lease Liability in a Sale and Leaseback                  |  |  |
| Amendments to MFRS 101: Classification of Liabilities as Current or Non-current |  |  |
| Amendments to MFRS 101: Non-current Liabilities with Covenants                  |  |  |
| Amendments to MFRS 107 and MFRS 7: Supplier Finance Arrangements                |  |  |

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) did not have any material impact on the Fund's financial statements of the Fund.

**2.2** The Fund has not applied in advance the following accounting standards and interpretations (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the current financial year:-

| MFRSs and/or IC Interpretations (Including The Consequential Amendments)  | <b>Effective Date</b> |
|---|-----------------------|
| MFRS 18 Presentation and Disclosure in Financial Statements   | 1 January 2027        |
| MFRS 19 Subsidiaries without Public Accountability: Disclosures   | 1 January 2027        |
| Amendments to MFRS 9 and MFRS 7: Amendments to the Classification and Measurement the Financial Instruments               | 1 January 2026        |
| Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture | Deferred              |
| Amendments to MFRS 121: Lack of Exchangeability   | 1 January 2025        |
| Annual Improvements to MFRS Accounting Standards – Volume 11  | 1 January 2026        |

#### 2. BASIS OF PREPARATION (continued)

#### 2.2 (continued)

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) is expected to have no material impact on the financial statements of the Fund upon its initial application except as follows:-

#### MFRS 18 Presentation and Disclosure of Financial Statements

MFRS 18 'Presentation and Disclosure in Financial Statements' will replace MFRS 101 'Presentation of Financial Statements' upon its adoption. This new standard sets out the new requirements for the presentation and disclosure of information in the primary financial statements and notes. The potential impact of the new standard of the financial states of the Fund has yet to be assessed.

#### 3. MATERIAL ACCOUNTING POLICIES

#### **3.1 FINANCIAL INSTRUMENTS**

#### (a) Financial Assets

#### Financial Assets Through Profit or Loss ("FATPL")

The financial assets are initially measured at fair value. Subsequent to the initial recognition, the financial assets are remeasured to their fair values at the reporting date with fair value changes recognised in profit or loss. The fair value changes do not include interest and dividend income.

#### Financial Assets at Amortised Cost

The financial assets are initially measured at fair value plus transaction costs except for trade receivables without significant financing component which are measured at transaction price only. Subsequent to the initial recognition, all financial assets are measured at amortised cost less any impairment losses.

#### Financial Assets Through Other Comprehensive Income

The financial assets are initially measured at fair value plus transaction costs. Subsequent to the initial recognition, the financial assets are remeasured to their fair values at the reporting date with fair value changes taken up in other comprehensive income and accumulated in the fair value reserve, except for the recognition of impairment, interest income and foreign exchange difference of a debt instrument which are recognised directly in profit or loss. The fair value changes do not include interest and dividend income.

#### (b) Financial Liabilities

#### <u>Financial Liabilities Through Profit or Loss</u>

The financial liabilities are initially measured at fair value. Subsequent to the initial recognition, the financial liabilities are remeasured to their fair values at the reporting date with fair value changes recognised in profit or loss. The fair value changes do not include interest expense.

#### Financial Liabilities at Amortised Cost

The financial liabilities are initially measured at fair value less transaction costs. Subsequent to the initial recognition, the financial liabilities are measured at amortised cost.

The above interest rate is a general economic indicator that will have an impact on the management of the fund regardless whether it is a Shariah-compliant fund or otherwise. It does not in any way suggest that the fund will invest in conventional financial instruments. All the investments carried out for the fund are in accordance with Shariah requirements.

#### 3. MATERIAL ACCOUNTING POLICIES (continued)

#### 3.2 CLASSIFICATION OF REALISED AND UNREALISED GAINS AND LOSSES

Unrealised gains and losses comprise changes in the fair value of financial instruments for the year from the reversal of the prior year's unrealised gains and losses for financial instruments which were realised (i.e. sold, redeemed or matured) during the reporting period.

Realised gains and losses on disposals of financial instruments classified as part of 'at fair value through profit or loss' are calculated using weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount or cash payments.

#### 3.3 FUNCTIONAL AND FOREIGN CURRENCIES

#### (a) Functional and Presentation Currency

The financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates, which is the functional currency. The financial statements are presented in Ringgit Malaysia ("RM"), which is also the Fund's functional currency.

#### (b) Foreign Currency Transactions and Balances

Transactions in foreign currencies are converted into the Fund's functional currency on initial recognition, using the exchange rates at the transaction dates. Monetary assets and liabilities at the end of the reporting period are translated at the exchange rates ruling as of that date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. All exchange differences are recognised in profit or loss.

#### 3.4 UNITHOLDERS' CONTRIBUTION

The Unitholders' contributions to the Fund meet the definition of puttable instruments classified as equity instruments

#### 3.5 DIVIDEND DISTRIBUTION

Dividend distributions are at the discretion of the Fund. A dividend to the Fund's Unitholders is accounted for as a deduction from realised reserves except where dividend is sourced out of distribution equalisation which is recognised as a liability in the period in which it is approved.

#### 3.6 CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less.

#### 3.7 INCOME

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

Dividend income is recognised when the Fund's right to receive payment is established.

Profit income from deposits is recognised on an accrual basis using the effective profit method.

#### 3. MATERIAL ACCOUNTING POLICIES (continued)

#### 3.8 INCOMETAX

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities.

Current taxes are measured using tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period and are recognised in profit or loss except to the extent that the tax related to items recognised outside profit or loss, (either in other comprehensive income or directly in equity).

No deferred tax is recognised as there are no material temporary differences.

#### 3.9 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the Fund's financial statements requires the Manager of the Fund to make judgements, estimates, and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions could result in an outcome that could require a material adjustment to the carrying amount of the asset or liability in the future.

No major judgements have been made by the Manager of the Fund in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next year.

#### 3.10 SEGMENT INFORMATION

Operating segments are reported in a manner consistent with the internal reporting used by the Manager of the Fund. The Manager of the Fund is responsible for allocating resources and assessing performance of the operating segments.

#### 4. INVESTMENTS

|  | 2024       | 2023       |
|--|------------|------------|
|  | RM         | RM         |
| Financial assets at FVTPL Quoted Investments | 16,042,927 | 17,763,313 |

All of the investments of the Fund are classified as financial assets at FVTPL.

|  | <b>2023</b><br>RM | <b>2023</b><br>RM |
|--|-------------------|-------------------|
| Net gain/(loss) on financial assets at FVTPL comprised:- |                   |                   |
| Realised (loss) on disposals                             | (243,494)         | (27,826)          |
| Unrealised changes in fair value                         | (1,112,779)       | 341,485           |
|  | (1,356,273)       | 313,659           |

Financial assets designated as FVTPL as at 31 December 2024 are as detailed below:

| 2024                                   | Quantity (Units) | Cost (RM) | Market Value (RM) | % of NAV |

#### 7. MANAGER'S FEE

The Manager is entitled to receive an administrative fee of 0.25% per annum of the NAV of the Fund. The fee is accrued daily and paid monthly out of the Fund.

The Manager is also entitled to a performance fee from the daily increase in the NAV of the Fund. The performance fee is 10% of the amount by which the NAV cumulatively increases or decreases each day in the financial year.

The Fund reimburses the Manager up to 0.25% of the average Net Assets Value per year for its marketing and distribution expenses.

#### 8. TRUSTEE'S FEE

Trustee's fee is computed on a daily basis at 0.05% per annum of the NAV of the Fund.

#### 9. INCOME TAX EXPENSE

| Tax expense for the financial year                               | 42,145                                | 149,350                               |

#### **10. DISTRIBUTION**

No distribution was declared for the financial year ended 31 December 2024

Distribution declared on 27 December 2023 to members is distributed from the following sources:

| 2023  | RM        |
|---|-----------|
| Profit from Short-term Shariah-based deposits | 17,227    |
| Dividend income                               | 727,552   |
| Net realised loss on sale of investments      | (27,826)  |
| Net realised loss on foreign exchange         | (5,096)   |
| Prior financial year's realised income        | 207,645   |
|   | 919,502   |
| Less: Expenses                                | (398,860) |
| Realised income available for distribution    | 520,642   |
| Distribution during the financial year        | 344,262   |
| Gross distribution per unit                   | 0.020     |
| Net distribution per unit                     | 0.020     |

Gross distribution per unit is derived from distribution during the financial year divided by the number of units in circulation. Net distribution per unit is derived from distribution during the financial year divided by the number of units in circulation.

#### 11. UNITS HELD BY RELATED PARTIES

|  | 2024         |            | 202          | 23         |
|--|--------------|------------|--------------|------------|
|  | No. of Units | RM         | No. of Units | RM         |
| Manager  | 4,769,066    | 4,820,479  | 4,769,066    | 5,100,245  |
| Employees of the Manager                       | 76,120       | 76,941     | 67,086       | 71,745     |
| Directors of the Manager                       | 509,150      | 514,639    | 505,855      | 540,984    |
| Related parties to the Director of the Manager | 11,340,451   | 11,462,708 | 11,267,062   | 12,049,483 |
|  | 16,694,787   | 16,874,767 | 16,609,069   | 17,762,457 |

The above units were transacted at prevailing market price. The units are held legally and beneficially by the Manager and related parties.

#### 12. TRANSACTIONS WITH INVESTMENT BANKS

Details of transactions with investment banks for the financial year from 1 January 2024 to 31 December 2024 are as follows:-

| 2024   | Value of Trade<br>RM | Percentage of<br>Total Trade<br>% | Brokerage Fees<br>RM | Percentage of Total<br>Brokerage Fees<br>% |
|--|----------------------|-----------------------------------|----------------------|--|
| CGS International Securities Malaysia<br>Sdn Bhd | 1,898,491            | 19.99                             | 3,199                | 16.55                                      |
| Maybank Investment Bank Berhad                   | 3,994,245            | 42.06                             | 8,923                | 46.16                                      |
| RHB Investment Bank Berhad                       | 3,603,724            | 37.95                             | 7,207                | 37.29                                      |
|  | 9,496,460            | 100.00                            | 19,329               | 100.00                                     |

Details of transactions with investment banks for the financial year from 1 January 2023 to 31 December 2023 are as follows:-

| 2023                           | Value of Trade<br>RM | Percentage of<br>Total Trade<br>% | Brokerage Fees<br>RM | Percentage of Total<br>Brokerage Fees<br>% |
|--------------------------------|----------------------|-----------------------------------|----------------------|--|
| CGS-CIMB Securities Sdn Bhd    | 5,264,388            | 47.53                             | 5,264                | 39.89                                      |
| Maybank Investment Bank Berhad | 4,243,199            | 38.31                             | 4,793                | 36.32                                      |
| RHB Investment Bank Berhad     | 1,568,042            | 14.16                             | 3,140                | 23.79                                      |
|                                | 11,075,629           | 100.00                            | 13,197               | 100.00                                     |

The above transactions were in respect of listed securities.

#### 13. TOTAL EXPENSE RATIO

The total expense ratio for the financial year is 0.71%

Total Expense Ratio is derived from the following calculation:

$$TER = \frac{(A+B+C+D+E+F+G)}{H} \times 100$$

A = Administration Fee E = Audit Fee B = Distribution Fee F = Tax Agent's Fee C = Trustee Fee G = Other Expenses

D = Performance Fee H = Average NAV of the Fund, calculated on a daily basis

The average NAV of the Fund for the financial year calculated on a daily basis is RM18,196,950.26

#### 14. Portfolio Turnover Ratio

The portfolio turnover ratio for the financial year is 0.26 times.

The portfolio turnover ratio is derived from the following calculation:

(Total acquisition for the financial year + Total disposal for the financial year)  $\div$ 

Average NAV of the Fund for the financial year calculated on a daily basis

#### Where:

total acquisition for the financial year = RM 4,562,781.30 total disposal for the financial year = RM 4,926,893.77

#### 15. SEGMENT INFORMATION

For management purposes, the Fund is organised into one main operating segment, which invests in quoted equities and the analysis of the Fund's investment income is as follows:

| Regional Location | 1 January 2024 to<br>31 December 2024 | 1 January 2023 to<br>31 December 2023 |
|-------------------|---------------------------------------|---------------------------------------|
|                   | RM                                    | RM                                    |
| Indonesia         | (610,821)                             | (69,055)                              |
| Malaysia          | 613,409                               | 500,608                               |
| Philippines       | (88,290)                              | 30,728                                |
| Singapore         | (101,782)                             | 697,010                               |
| Thailand          | (490,570)                             | (96,847)                              |
|                   | (678,054)                             | 1,062,444                             |

#### **16. FINANCIAL INSTRUMENTS**

#### (a) Classification of Financial Instruments

The Fund's financial assets and financial liabilities are measured on an ongoing basis at either fair value or at amortised cost based on their respective classification. The material policies in Note 3 describe how the classes of financial instruments are measured, and how income and expenses, including fair value gains and losses, are recognised. The following table analyses the financial assets and liabilities of the Fund in the statement of financial position at the end of the reporting period by the class of financial instruments to which they are assigned, and therefore by the measurement basis.

|                                      | Financial Asset<br>at FVTPL | Financial Asset At<br>Amortised Cost | Financial Liabilities at Amortised Cost | Total      |
|--------------------------------------|-----------------------------|--------------------------------------|---|------------|

#### (b) Fair Value Measurements

Profit income derived from amortised cost

As of end of the financial year, the Fund held the following financial assets carried at fair value:

| Financial Instruments Carried At Fair Value     |            |    |    |            |            |
|---|------------|----|----|------------|------------|
| Level 1 Level 2 Level 3 <b>Total Fair Value</b> |            |    |    |            |            |
| 2024  | RM         | RM | RM | RM         | RM         |
| Financial Assets at FVTPL                       |            |    |    |            |            |
| Quoted Investments                              | 16,042,927 | _  | -  | 16,042,927 | 16,042,927 |

| Financial Instruments Carried At Fair Value     |            |    |    |            |            |
|---|------------|----|----|------------|------------|
| Level 1 Level 2 Level 3 <b>Total Fair Value</b> |            |    |    |            |            |
| 2023  | RM         | RM | RM | RM         | RM         |
| Financial Assets at FVTPL                       |            |    |    |            |            |
| Quoted Investments                              | 17,763,313 | -  | -  | 17,763,313 | 17,763,313 |

The Fund's financial asset at FVTPL is carried at fair value. The fair value of this financial asset was determined using prices in active market for identical assets.

#### **Quoted equity instruments**

Fair value is determined by references to the last done price for all the investments and assets of the Fund quoted on the stock exchange on which they are listed.

#### 17. FINANCIAL RISK MANAGEMENT POLICIES

#### (a) Introduction

The Fund maintains investment portfolios in a variety of listed financial instruments as dictated by its Trust Deed and investment management strategy.

The Fund is exposed to a variety of financial risks, including market risks (which include profit rate risk, equity price risk and currency risk), credit risk and liquidity risk. Whilst these are the most important types of financial risk inherent in each type of financial instruments, the Manager and the Trustee would like to highlight that this list does not purport to constitute an exhaustive list of all the risks inherent in an investment in the Fund.

The Fund's objective in managing risk is the creation and protection of Unitholders' value. Risk is inherent in the Fund's activities, but it is managed through a process of ongoing identification, measurement and monitoring of risks. Financial risk management is also carried out through sound internal control systems and adherence to the investment restrictions as stipulated in the Trust Deed, the Securities Commission's Guidelines on Unit Trust Funds and the Capital Market and Services Act, 2007.

#### (b) Risk Management Structure

The Manager is responsible for identifying and controlling risks. The Board of Directors of the Manager is ultimately responsible for the overall risk management approach within the Fund.

The key feature in the Manager's approach is that tailoring of the level of portfolio risk taken is through Tactical Asset Allocation between liquid assets and equity. At least 70% of the Fund's NAV are to be allocated to Shariah-compliant equities in ASEAN countries and up to 30% of the Fund's NAV are allocated to Islamic liquid assets including Islamic money market instruments and Islamic deposits with Islamic financial institutions.

To achieve its objective, the Fund invests in a diversified portfolio of Shariah-compliant equities across the ASEAN region. Asset allocation decisions are made after a review based of macroeconomic and currency trends in the Southeast Asian economies.

The Fund generally follows a relative value investment style, favoring companies with potential for earnings growth. The Fund Manager analyses the direction of GDP growth, interest rates, inflation, currencies, and government policies. The Fund Manager will then assess the outlook for corporate earnings and determine if there are any predictable trends. The criteria for stock selection would include improving fundamentals and growth at reasonable valuations. Stock valuation fundamentals considered are sales growth, profit margin, cash generation, earnings per share, return on equity, price earnings ratio and net tangible asset multiplies.

The Fund's investments comply with Shariah requirements as prescribed by its Shariah Adviser.

The Fund generally invests for the long-term, with annual portfolio turnover not expected to exceed 30%. The Fund will not engage in short-term trading or speculative investments.

The Fund does not invest in debt instruments and investments that might be considered higher risk compared to equities, such as derivatives.

The Fund is allowed to hold cash at the discretion of the Fund Manager and/or for defensive purposes.

#### 17. FINANCIAL RISK MANAGEMENT POLICIES (continued)

#### (c) Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as profit rates, foreign exchange rates, and equity prices. The maximum risk resulting from financial instruments equals their fair value.

#### (i) Profit Rate Risk

Profit rates are inclined to fluctuate over time. A rise in the general level of profit rates may affect the short-term deposits.

Cash and short-term deposits are particularly sensitive to movements in profit rates. When profit rates rise, the return on cash will rise thus affecting the NAV of the Fund.

#### Profit rate risk sensitivity

The following table demonstrates the sensitivity of the Fund's profit for the period to a reasonably possible change in profit rates, with all other variables held constant.

The sensitivity is the effect of the assumed changes in profit rates on:

|      | Changes in Basis Points | Sensitivity of Profit Income and<br>Profit Increase<br>RM | Sensitivity of Changes in Fair<br>Value of Investments Increase<br>RM |
|------|-------------------------|---|---|
| 2024 | +10                     | +319  | N/A   |
|      |                         |   |   |
|      | Changes in Basis Points | Sensitivity of Profit Income and<br>Profit Increase<br>RM | Sensitivity of Changes in Fair<br>Value of Investments Increase<br>RM |
| 2023 | +10                     | +597  | N/A   |

<sup>\*</sup> The assumed movement in basis points for profit rate sensitivity analysis is based on the currently observable market environment.

An equivalent decrease in each of the indices shown above would have resulted in a similar, but opposite, impact.

#### Profit rate risk exposure

The following table analyses the Fund's profit rate risk exposure. The Fund's assets and liabilities are included at fair value and categorised by the earlier of contractual re-pricing or maturity dates.

| 2024<br>Assets                    | 0 – 3 Months<br>RM | 3 Months – 5 Years<br>RM | Total<br>RM | Effective Profit Rate % |
|-----------------------------------|--------------------|--------------------------|-------------|-------------------------|
| Short-term Shariah-based deposits | 325,072            | -                        | 325,072     | 3.02                    |
|                                   |                    |                          |             |                         |
| 2023                              | 0 – 3 Months       | 3 Months – 5 Years       | Total       | Effective Profit Rate   |
| Assets                            | RM                 | RM                       | RM          | %                       |
| Short-term Shariah-based deposits | 315,445            | -                        | 315,445     | 2.90                    |

<sup>\*</sup> Computed based on profit rate bearing assets only.

#### 17. FINANCIAL RISK MANAGEMENT POLICIES (continued)

#### (c) Market Risk (continued)

#### (ii) Equity Price Risk

Equity price risk is the risk of unfavourable changes in the fair values of equities as the result of changes in the levels of equity indices and the value of individual shares. The equity price risk exposure arises from the Fund's investments in quoted equity securities.

#### Equity price risk sensitivity

The table below summarises the sensitivity of the Fund's net asset value and profit after tax to movements in prices of investments. The analysis is based on the assumption that the prices of the investments fluctuates by 5% with all other variables held constant.

| 2024 | Changes in Equity Price% | Market Value RM | Impact on Profit After Tax and<br>Net Asset Value RM |
|------|--------------------------|-----------------|--|
|      | -5                       | 15,240,781      | (802,146)  |
|      | 0                        | 16,042,927      | -  |
|      | 5                        | 16,845,073      | 802,146  |

| 2023 | Changes in Equity Price% | Market Value RM | Impact on Profit After Tax and<br>Net Asset Value RM |
|------|--------------------------|-----------------|--|
|      | -5                       | 16,875,147      | (888,166)  |
|      | 0                        | 17,763,313      | -  |
|      | 5                        | 18,651,479      | 888,166  |

In practice, the actual trading results may differ from the sensitivity analysis above and the difference could be material.

#### Equity price risk concentration

The Fund's concentration of equity price risk analysed by the Fund's equity instruments by geographic and sector is as per Note 4 in the Notes to the Financial Statements.

#### (iii) Currency Risk

The Fund is exposed to foreign currency risk on transactions and balances that are denominated in currencies other than Ringgit Malaysia. The currencies giving rise to this risk are primarily Indonesian Rupiah ("IDR"), Philippine Peso ("PHP"), Singapore Dollar ("SGD") and Thai Baht ("THB"). Foreign currency risk is monitored closely on an ongoing basis to ensure that the net exposure is at an acceptable level.

#### Foreign currency exposure

An equivalent increase in each of the indices shown above would have resulted in a similar, but opposite, impact.

#### (iv) Counterparties Risk

The Fund will transact most of its investments through financial institutions including but not limited to banks, brokers and dealers. The risk is that a financial institution may default on its obligations.

The Manager manages the Fund's counterparties risk by undertaking credit evaluation and close monitoring of any changes to the issuer/counterparty's credit profile to minimise such risk. It is the Fund's policy to enter into financial instruments with reputable counterparties. The Manager also closely monitors the creditworthiness of the Fund's counterparties (e.g., brokers, custodian, banks, etc.).

#### Credit risk exposure

At the reporting date, the Fund's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position.

#### 17. FINANCIAL RISK MANAGEMENT POLICIES (continued)

#### (c) Market Risk (continued)

#### (iv) Counterparties Risk (continued)

#### Assessment of Impairment Losses

The Fund's investment portfolio continues to be classified as fair value through profit or loss and other financial assets which are held for collection continue to be measured at amortised cost. The Fund measures credit risk and expected credit losses ("ECL") using probability of default, exposure at default and loss given default. The Manager considers both historical analysis and forward-looking information in determining any ECL. The Manager considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowances has been recognised based on the 12-month ECL as any such impairment would be wholly insignificant to the Fund.

#### (v) Liquidity Risk

Investments that are relatively less liquid in nature can cause their value and hence the value of the Fund to drop. The Fund may not be able to realise illiquid investments at the desired prices. The risk managed by careful stock or asset selection and portfolio diversification.

It is the Fund's policy that the Manager monitors the Fund's liquidity position on a regular basis. The Fund also manages its obligation to redeem units required to do so and its overall liquidity risk by requiring a maximum of 7 business days notice period before redemptions.

The Manager's policy is to always maintain a prudent and sufficient level of liquid assets so as to meet normal operating requirements and expected redemption requests by unitholders. Liquid assets comprise cash, deposits with financial institutions and other instruments which are capable of being converted into cash within 3 months.

The following table sets out the maturity profile of the Fund's issue (classified as equity instruments) and financial liabilities. Balances due within six months equal their carrying amounts, as the impact of discounting is insignificant. The table also analyses the maturity profile of the Fund's financial assets (undiscounted where appropriate) and equity in order to provide a complete view of the Fund's contractual commitments and liquidity.
