Source : Lipper for Investment Management

Past performance is not necessarily indicative of future performance. Unit prices and investment returns may go down, as well as up.

The basis of calculating and assumption made in calculating the returns:

$$\text{Percentage Growth} = \frac{N^1 - N^2}{N^2} \times 100$$

N¹ = NAV on the end of the period

N² = NAV on the beginning of the period

$$\text{* Average Total Return} = \frac{\text{Total Sub Period Returns}}{\text{Number of Sub Periods}}$$

$$\text{** Annual Total Return} = (1 + \text{Cumulative Return})^{N^3 / N^4} - 1$$

N³ = Number of periods per year

N⁴ = Total number of periods

Factor in for unit splits and distributions paid out (if any during the period)

TA Global Technology Fund

(For the financial year ended 31 May 2024)

Market Review

Technology has performed very strongly over the last 12 months up to 31 May 2024, driven by investor appreciation of the significance of the coming of Artificial Intelligence (AI), as the fourth wave of technology. This dominated market movement with interest rate volatility subsiding and macroeconomics becoming secondary factors. Geopolitics continued to be supportive of the sector with growing recognition that protecting supply chains, developing energy security and data security as well as green transformation and job protection would hinge on nations developing and investing in their own domestic technology eco-systems.

Contributors and Detractors for the 12-months ending 31 May 2024

Our focus on early beneficiaries of physical AI infrastructure benefited us. Our positioning in NVidia (AI chip leader) and Micron (leader in High Bandwidth memory) within semiconductors led the way as hyperscale cloud providers increased spending to build out their capacity.

Uber contributed positively to performance. Its scale provided competitive advantage in both its ride hailing and delivery businesses, driving profitability beyond market expectations.

We had also reduced our weighting in Apple to its lowest position in over 3 years and this active underweight position contributed to performance as the company lagged due to competitive concerns on Huawei's surprise development of a new high-end smartphone for China and on its lack of leadership in early AI buildouts.

Also related to Chinese weakness, our position in Tencent dragged performance over the period. In addition, our exposure to companies related to the adoption of electric vehicles saw slowing sales – so Aptiv and Infineon were a drag to performance.

We initiated several positions across our key themes, particularly Next-Generation Infrastructure where we added Advanced Micro Devices, Pure Storage and Applied Materials. We also added Cyber Security name CrowdStrike.

(Source: Janus Henderson Investors, as of 31 May 2024)

Market Outlook And Investment Strategy

We remain excited by artificial intelligence (AI) as a new wave of innovation but remain mindful of the hype cycle and remain focused on technology leaders with underappreciated earnings power.

While the fourth wave of innovation is well established, we believe we are still only in the second year of a multiyear investment cycle to facilitate another great wave of technology innovation. We view technology inflections like these as an opportunity for active management, and a very favorable environment for active stock pickers.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

Over the long term, we believe this AI compute wave will deliver significant productivity gains to the economy and to companies, driving lower inflation and profit growth. While there will be volatility around inventory cycles and lagged effects of interest rate rises, we believe our investments around our key themes of Next-Generation Infrastructure (compute, networking, and cloud platforms), Electrification, and Resource and Productivity Optimisation platforms are very well positioned.

Semiconductors, cyber security, and digital advertising have been some of the earliest beneficiaries of AI investment. While we continue to see all these areas as structurally attractive, we also believe that being valuation disciplined and discriminating among product leaders will be increasingly important as AI deployments develop.

We continue to search for areas which will benefit from the fourth wave, but where earnings power remains under appreciated. It will take years rather than months for all of the benefits of AI to come to fruition and so it may take time for the beneficiaries of AI development to become more apparent to investors. We are wary of extrapolating early adoption in a parabolic manner but equally recognise the significant opportunity ahead as AI enables the technology sector to disrupt more of the old economy.

Given our experience in navigating prior compute waves, we continue to stay focused on sustainable barriers to entry, incorporate Environmental, Social and Governance (ESG) insights and rely on our valuation discipline to guide us in identifying those companies that will become or will remain global technology leaders. The technology sector benefits from one of the strongest tailwinds in the equity market, but with more macroeconomic turbulence still to come we believe experienced investment “co-pilots” with proven navigation skills are needed to help chart a smoother path to achieve investors' risk and return objectives.

Soft Commission

The Manager retains soft commissions received from brokers only if the goods and services are of demonstrable benefits to the Unitholders as allowed under the Securities Commission's Guidelines on Unit Trust Funds. The soft commission received include research and advisory services which are used to support the investment decision making process and are of demonstrable benefit to Unitholders of the Fund and there was no churning of trades.

State Of Affairs Of The Fund

There has been neither significant changes to the state of affair of the Fund nor any circumstances that materially affect any interests of the Unitholders during the financial year under review.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

TRUSTEE'S REPORT TO THE UNIT HOLDERS OF TA GLOBAL TECHNOLOGY FUND ("Fund")

We have acted as Trustee of the Fund for the financial year ended 31 May 2024 and we hereby confirm to the best of our knowledge, after having made all reasonable enquiries, TA Investment Management Berhad has operated and managed the Fund during the year covered by these financial statements in accordance with the following:

1. Limitations imposed on the investment powers of the management company under the deed, securities laws and Guidelines on Unit Trust Funds;
2. Valuation and pricing is carried out in accordance with the deed; and
3. Any creation and cancellation of units are carried out in accordance with the deed and any regulatory requirement.

We are of the opinion that the distribution of income by the Fund is appropriate and reflects the investment objective of the Fund.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF TA GLOBAL TECHNOLOGY FUND (Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of TA Global Technology Fund (hereinafter referred as "the Fund"), which comprise the statement of financial position as at 31 May 2024, and the statement of comprehensive income, statement of changes in net asset value and statement of cash flows for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 23 to 50.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 May 2024, and of its financial performance and its cash flows for the year then ended in accordance with MFRS Accounting Standards and IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards").

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our auditors' report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Fund and Manager of the Fund in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (*including International Independence Standards*) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information Other than the Financial Statements and Auditors' Report Thereon

The Manager of the Fund is responsible for the other information. The other information comprises the information included in the Annual Report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF TA GLOBAL TECHNOLOGY FUND (Incorporated in Malaysia) (continued)

Information Other than the Financial Statements and Auditors' Report Thereon (Contd.)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager and Trustee for the Financial Statements

The Manager of the Fund is responsible for the preparation of financial statements of the Fund that give a true and fair view in accordance with MFRS Accounting Standards and IFRS Accounting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error. The Trustee is responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of the financial statements.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF TA GLOBAL TECHNOLOGY FUND (Incorporated in Malaysia) (continued)

Auditors' Responsibilities for the Audit of the Financial Statements (Contd.)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Fund.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Fund to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

This report is made solely to the unitholders of the Fund, as a body, and for no other purpose. We do not assume responsibility to any other person for the content of this report.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MAY 2024

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

TA Global Technology Fund ("the Fund") was constituted pursuant to the execution of a deed of Trust ("the Deed") dated 4 March 2011 and First Supplemental Deed dated 29 January 2020 between the Manager, TA Investment Management Berhad, and the Trustee, Maybank Trustee Berhad.

The principal activity of the Fund is to invest in "Permitted Investments" as defined under Division 7.1 of the Deed, which include all types of collective investment schemes including unlisted unit trusts that are regulated and registered/authorised/approved by the relevant authorities in their home jurisdiction and short-term money market instruments. The Fund commenced operations on 26 May 2012 and will continue its operations until terminated by the Manager or the Trustee as provided under Part 12 of the deed.

The Manager, TA Investment Management Berhad, a company incorporated in Malaysia, is a wholly-owned subsidiary of TA Securities Holdings Berhad. Its ultimate holding company is TA Enterprise Berhad. The Manager's principal activities are the establishment and management of unit trust funds and fund management. The Manager is licensed to carry out dealing in securities and fund management activities under the Capital Markets and Services Act 2007.

The financial statements were authorised for issue by the Board of Directors of the Manager in accordance with a resolution on 30 July 2024.

2. BASIS OF PREPARATION

(a) Statement of Compliance

The financial statements of the Fund have been prepared in accordance with MFRS Accounting Standards as issued by the Malaysian Accounting Standards Board ("MFRS Accounting Standards") and IFRS Accounting Standards as issued by International Accounting Standards Board ("IFRS Accounting Standards").

The following are accounting standards, interpretations and amendments of the MFRS Accounting Standards that have been issued by the Malaysian Accounting Standards Board ("MASB") but have not been adopted by the Fund:

MFRS Accounting Standards, interpretations and amendments effective for annual periods beginning on or after 1 January 2024

- Amendments to MFRS 16, *Leases - Lease Liability in a Sale and Leaseback*
- Amendments to MFRS 101, *Presentation of Financial Statements - Non-current Liabilities with Covenants and Classification of Liabilities as Current or Non-current*
- Amendments to MFRS 107, *Statement of Cash Flows* and MFRS 7, *Financial Instruments: Disclosures - Supplier Finance Arrangements*

MFRS Accounting Standards, interpretations and amendments effective for annual periods beginning on or after 1 January 2025

- Amendments to MFRS 121, *The Effects of Changes in Foreign Exchange Rates – Lack of Exchangeability*

TA Global Technology Fund

(For the financial year ended 31 May 2024)

2. BASIS OF PREPARATION (CONTD.)

(a) Statement of Compliance (contd.)

MFRS Accounting Standards, interpretations and amendments effective for annual periods beginning on or after 1 January 2026

- Amendments to MFRS 9, *Financial Instruments* and MFRS 7, *Financial Instruments: Disclosures – Classification and Measurement of Financial Instruments*

MFRS Accounting Standards, interpretations and amendments effective for annual periods beginning on or after 1 January 2027

- MFRS 18, *Presentation and Disclosure in Financial Statements*
- MFRS 19, *Subsidiaries without Public Accountability: Disclosures*

MFRS Accounting Standards, interpretations and amendments effective for annual periods beginning on or after a date yet to be confirmed

- Amendments to MFRS 10, *Consolidated Financial Statements* and MFRS 128, *Investments in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The Fund plans to adopt the above mentioned accounting standards, interpretations and amendments:

- from the annual period beginning on 1 June 2024 for those amendments that are effective for annual periods beginning on or after 1 January 2024, except for amendments to MFRS 16 which are not applicable to the Fund.
- from the annual period beginning on 1 June 2025 for the amendments that are effective for annual periods beginning on or after 1 January 2025.
- from the annual period beginning on 1 June 2026 for those amendments that are effective for annual periods beginning on or after 1 January 2026.
- from the annual period beginning on 1 June 2027 for the accounting standard that is effective for annual periods beginning on or after 1 January 2027, except for MFRS 19 which is not applicable to the Fund.

The initial application of the above mentioned accounting standards, interpretations or amendments is not expected to have any material financial impact to the financial statements of the Fund.

(b) Basis of measurement

The financial statements of the Fund have been prepared on the historical cost basis except for financial assets at fair value through profit or loss ("FVTPL") which are measured at their fair value.

(c) Functional and presentation currency

The financial statements are presented in US Dollar ("USD"), which is the Fund's functional currency.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

2. BASIS OF PREPARATION (CONTD.)

(d) Significant Accounting Estimates and Judgments

The preparation of the Fund's financial statements requires the Manager to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability in the future.

No major judgments have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

3. MATERIAL ACCOUNTING POLICIES

(a) Material accounting policies information

The Fund adopted amendments to MFRS 101, *Presentation of Financial Statements* and MFRS Practice Statement 2 - *Disclosures of Accounting Policies* from 1 June 2023. The amendments require the disclosure of 'material', rather than 'significant', accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Although the amendments did not result in any changes to the Fund's accounting policies, it impacted the accounting policy information disclosed in the financial statements. The material accounting policy information is disclosed in the respective notes to the financial statements where relevant.

(b) Income recognition

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

Interest income is recognised using the effective interest rate method.

4. MANAGER'S FEE

The Manager's fee is computed on a daily basis at 1.8% (2023: 1.8%) per annum of the NAV of the Fund, net of manager's fee rebates ranging from 0.50% to 0.70% (2023: 0.50% to 0.70%) per annum earned from TA Investment Management Berhad and Henderson Management S.A respectively, on the Fund's NAV of investment in other collective investment scheme, as agreed by the Trustee and the Manager.

5. TRUSTEE'S FEE

Trustee's fee is computed on a daily basis at 0.055% (2023: 0.055%) per annum of the NAV of the Fund, subject to minimum of RM12,000 (2023: RM12,000).

TA Global Technology Fund

(For the financial year ended 31 May 2024)

6. INCOME TAX EXPENSE

Domestic income tax expense for the year is calculated at the Malaysian statutory tax rate of 24% of the estimated assessable profit for the financial period. Foreign source income is subject to tax after 1 January 2022 and a transitional tax rate of 3% is accorded on the gross amount remitted from 1 January 2022 to 30 June 2022. From 1 July 2022, foreign source income is subject to the prevailing tax rate of 24%.

In accordance with Schedule 6 of the Income Tax Act 1967, interest income earned by the Fund is exempted from Malaysian tax, except for interest paid or credited to a unit trust that is a wholesale fund which is a money market fund.

A reconciliation of income tax expense applicable to net income before tax at the statutory income tax rate to income tax expense at the effective income tax rate of the Fund is as follows:

	2024 USD	2023 USD
Net income before tax	81,786,868	19,039,347
Taxation at Malaysian statutory rate of 24%	19,628,848	4,569,443
Effects of income not subject to tax	(20,150,948)	(8,906,183)
Effects of expenses not deductible for tax purposes	(669,262)	3,443,364
Restriction on tax deductible expenses for unit trust funds	1,124,610	893,376
Income tax expense for the financial year	(66,752)	-

7. INVESTMENTS

	2024 USD	2023 USD
Financial assets at FVTPL:		
Collective investment scheme outside Malaysia	305,476,427	208,084,478
Net income on financial assets at FVTPL comprises:		
Net realised gain on sale of investments	10,177,672	1,117,716
Net unrealised gain on changes in fair value	71,870,715	19,781,148
Net unrealised loss on foreign exchange	(278,133)	(372,209)
Net unrealised gain/(loss) on derivative	1,678,180	(173,910)
	83,448,434	20,352,745

Financial assets at FVTPL as at 31 May 2024 are as below:

Collective investment scheme outside Malaysia

Name of Collective Investment Scheme	Quantity Unit	Cost USD	Fair Value USD	% of NAV %
Janus Henderson Horizon - Global Technology Fund A1 USD	1,502,959	199,701,786	305,476,427	95.72

EXCESS OF FAIR VALUE OVER COST			105,774,641	

TA Global Technology Fund

(For the financial year ended 31 May 2024)

7. INVESTMENTS (CONTD.)

Financial assets at FVTPL as at 31 May 2023 are as detailed below:

Collective investment scheme outside Malaysia

Name of Collective Investment Scheme	Quantity Unit	Cost USD	Fair Value USD	% of NAV %
Janus Henderson Horizon - Global Technology Fund A1 USD	1,446,538	174,177,457	208,084,478	95.76
Total collective investment scheme outside Malaysia	1,446,538	174,177,457	208,084,478	95.76
EXCESS OF FAIR VALUE OVER COST			33,907,021	

The target fund is a sub-fund of Janus Henderson Horizon Fund, an open-ended investment company incorporated in Luxembourg as a Societe d'Investissement A Capital Variable ("SICAV"). The SICAV was incorporated under Luxembourg law and is a recognised Collective Investment Scheme under Section 264 of the United Kingdom's Financial Services and Markets Act, 2000.

The management company of the target fund is Henderson Management S.A., a company incorporated in Luxembourg. The investment manager and distributor of the target fund is Janus Henderson Investors Ltd, a company incorporated in the United Kingdom.

The management fee charged to the target fund by Henderson Management S.A. is 1.20% per annum. The Fund has received rebates from TA Investment Management Berhad and Henderson Management S.A. at the rate of 0.50% per annum and 0.70% per annum respectively as disclosed in Note 4.

8. DERIVATIVE FINANCIAL ASSETS/LIABILITIES

As at the date of statement of financial position, there were 15 forward currency contracts outstanding. The notional principal amount of the outstanding forward currency contracts amounted to USD41,906,000 (2023: USD27,955,000). The forward currency contracts entered into during the financial period were for hedging against the currency exposure arising from the creation and cancellation of units denominated in foreign currency. The change in the fair value of the forward currency contracts are recognised in the statement of comprehensive income.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

9. DEPOSIT WITH A FINANCIAL INSTITUTION

	2024	2023
	USD	USD
Placement with a licensed bank	2,548,025	2,171,782

The weighted average effective interest rate ("WAEIR") per annum ("p.a.") and average remaining maturity of deposit with a financial institution as at the reporting date are as follows:

	WAEIR		Average Remaining	
	(% p.a.)		Maturity	
	2024	2023	(Days)	2023
Short-term placement	2.95	2.95	4	1

10. AMOUNT DUE FROM/(TO) THE MANAGER

Amount due from the Manager relates to the amount receivable from the Manager arising from creation of units amounting to USD6,567,487 (2023: USD2,771,843) and fee rebate of USD258,250 (2023: USD89,346) at the end of the financial year.

Amount due to the Manager relates to the amount payable to the Manager arising from cancellation of units amounting to USD11,593,124 (2023: USD2,355,210) and accruals for Manager's fee of USD507,081 (2023: USD329,954) at the end of the financial year.

The normal credit term for creation/cancellation of units is 10 days (2023: 10 days) and the normal credit term for Manager's fee is 30 days.

11. AMOUNT DUE FROM STOCKBROKER

Amount due from stockbroker relates to disposal of investments which remained outstanding as at the end of the financial year. The normal credit term for this balances is 3 days.

12. DISTRIBUTION

Distributions paid to unitholders during the financial year are as follows:

Dates	Classes	Units In	Currency	Gross/Net
		Circulation		Distribution
				Per Unit
06.02.2024	USD	6,357,181	USD	0.0700
06.02.2024	MYR	1,431,557,062	MYR	0.0700
06.02.2024	AUD Hedged	8,469,092	AUD	0.0700
06.02.2024	SGD Hedged	5,522,448	SGD	0.0700
06.02.2024	EUR Hedged	501,421	EUR	0.0700
06.02.2024	MYR Hedged	226,193,504	MYR	0.0700
06.02.2024	RMB Hedged	13,265,371	CNY	0.0700

TA Global Technology Fund

(For the financial year ended 31 May 2024)

12. DISTRIBUTION (CONTD.)

Distributions paid to unitholders during 2023 financial year are as follows:

Dates	Classes	Units In Circulation	Currency	Gross/Net Distribution Per Unit
29.05.2023	USD	5,552,607	USD	0.0400
29.05.2023	MYR	1,100,031,567	MYR	0.0500
29.05.2023	AUD Hedged	7,284,383	AUD	0.0400
29.05.2023	SGD Hedged	3,850,461	SGD	0.0400
29.05.2023	EUR Hedged	592,601	EUR	0.0400
29.05.2023	MYR Hedged	165,808,182	MYR	0.0400
29.05.2023	RMB Hedged	12,314,609	CNY	0.0400

Distributions to unitholders were made from the following sources:

	2024 USD	2023 USD
Interest income	29,419	18,514
Net realised gain on sale of investments	25,849,143	14,153,485
	<u>25,878,562</u>	<u>14,171,999</u>
Less: Expenses	(244,147)	(160,565)
Distribution out of realised reserve (Note 13)	<u>25,634,415</u>	<u>14,011,434</u>
Analysed as:		
(i) Cash distribution		
- distribution payable	-	27,663
- distribution cash payout	72,376	-
(ii) Reinvestment of units		
- distribution paid	<u>25,634,415</u>	<u>13,983,771</u>
	<u>25,706,791</u>	<u>14,011,434</u>

Distribution is at the discretion of the Fund. A distribution to the Fund's unitholders is made from realised gains or realised income as at the point of time of distribution declaration, except where distribution is sourced out of distribution equalisation which is accounted for as a deduction from unitholders' capital. A proposed distribution is recognised as a liability in the period in which it is approved and remains a liability as at the period end if it is not paid out.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

13. NET ASSET VALUE ATTRIBUTABLE TO UNITHOLDERS

		2024	2023
	Note	USD	USD
Unitholders' capital	(a)	151,164,092	105,477,580
Retained earnings			
- Realised reserve	(b)	59,899,173	77,295,615
- Unrealised reserve	(c)	108,069,963	34,521,068
		<u>319,133,228</u>	<u>217,294,263</u>

(a) Unitholders' capital

	2024	2023
	USD	USD
At beginning of the financial year	105,477,580	105,890,971
Creation of units	428,453,849	68,853,025
Reinvestment of units	25,608,082	13,991,150
Cancellation of units	<u>(408,375,419)</u>	<u>(83,257,566)</u>
At end of the financial year	<u>151,164,092</u>	<u>105,477,580</u>

The unitholders' capital of the Fund is classified as an equity instrument.

(b) Realised reserve

		2024	2023
	Note	USD	USD
At beginning of the financial year		77,295,615	91,502,731
Net realised income/(loss) for the financial year		8,237,973	(195,682)
Distribution	12	<u>(25,634,415)</u>	<u>(14,011,434)</u>
At end of the financial year		<u>59,899,173</u>	<u>77,295,615</u>

The realised gains and losses on sale of investments are measured as the difference between the net disposal proceeds and the carrying amount of the investments. The carrying amount for determining the realised gains and losses on sale of investments is based on the weighted average cost method.

(c) Unrealised reserve

	2024	2023
	USD	USD
At beginning of the financial year	34,521,068	15,286,039
Net unrealised income for the financial year	73,548,895	19,235,029
At end of the financial year	<u>108,069,963</u>	<u>34,521,068</u>

Unrealised losses comprise changes in the fair value of financial instruments for the financial period.

Year	Class	Unit split	Declaration date
2024	MYR	One additional unit for every three units (1:3)	20/07/2023

Included in the MYR class unit creation is 365,496,651 units arising from unit split on 20/07/2023

14. TRANSACTIONS WITH BROKER

Details of transactions with the broker during the financial year are as follows:

Name of Broker	2024		2023	
	Value of trade USD	Percentage to total value of trade %	Value of trade USD	Percentage to total value of trade %
Janus Henderson Investors Ltd	120,158,355	100.00	35,965,080	100.00

There is no brokerage fee paid to the broker.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

15. TOTAL EXPENSE AND PORTFOLIO TURNOVER RATIOS

(a) Total Expense Ratio

The total expense ratio for the financial year ended 31 May 2024 was 0.73% (2023: 0.72%). This ratio represents total expenses expressed as an annualised percentage of the Fund's average NAV, calculated on a daily basis.

(b) Portfolio Turnover Ratio

The portfolio turnover ratio for the financial year ended 31 May 2024 was 0.23 times (2023: 0.09 times). This ratio represents the average of the total acquisitions and disposals of the Fund for the year over the average NAV of the Fund for the financial year, calculated on a daily basis.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

16. SEGMENT INFORMATION

The Manager and the Investment Committee of the Fund are responsible for allocating resources available to the Fund in accordance with the overall investment strategies as set out in the Investment Guidelines of the Fund. The Fund is managed under two segments:

- A portfolio of collective investment schemes; and
- A portfolio of money market instruments.

The investment objective is to provide income and long-term capital appreciation by mainly investing in a collective investment scheme, which invests mainly in a collective investment scheme of Janus Henderson Horizon Fund - Global Technology Fund A1 USD. There have been no changes in reportable segments in the current financial year.

The segment information is presented below:

	Collective investment scheme portfolio USD	Money market instrument portfolio USD	Total USD
2024

(For the financial year ended 31 May 2024)

17. FINANCIAL INSTRUMENTS (CONTD.)

(b) Financial instruments that are carried at fair value

The Fund's financial assets at FVTPL are carried at fair value. The fair value of these financial assets were determined as follows:

Collective investment scheme

Fair value are determined directly by reference to its published NAV per unit as at the statement of financial position date.

Derivative financial assets/liabilities

The fair value of forward exchange contracts is estimated by discounting the difference between the contractual forward price and the current forward price for the residual maturity of the contract using a risk-free interest rate (based on government bonds).

(c) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts approximate the fair values due to their short term nature.

- Deposit with a financial institution
- Amount due from/(to) the Manager
- Amount due from/(to) stockbroker
- Interest receivable
- Other receivables
- Cash at banks
- Amount due to Trustee
- Distribution payable
- Other payables and accruals

(d) Fair value hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES

(a) Introduction

The Fund maintains investment portfolio in a variety of financial instruments as dictated by its Trust Deed and investment management strategy.

The Fund is exposed to a variety of risks including market risk (which includes interest rate risk, equity price risk and currency risk), credit risk and liquidity risk. Whilst these are the most important types of financial risks inherent in each type of financial instrument, the Manager and the Trustee would like to highlight that the list does not purport to constitute an exhaustive list of all the risks inherent in an investment in the Fund.

The Fund's objective in managing risks is the creation and protection of unitholders' value. Risk is inherent in the Fund's activities, but it is managed through a process of ongoing identification, measurement and monitoring of risk. Financial risk management is also carried out through sound internal control systems and adherence to the investments restrictions as stipulated in the Deed, the Securities Commission's Guidelines on Unit Trust Funds and the Capital Markets and Services Act 2007.

(b) Risk management structure

The Fund's Manager is responsible for identifying and managing risks. The Board of Directors of the Manager are ultimately responsible for the overall risk management approach within the Fund.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

(c) Risk measurement and reporting system

Risk monitoring and controlling risks mechanism are primarily set up to be performed based on limits established by the Manager and the Trustee. These limits reflect the investment strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. In addition, the Fund monitors and measures the overall risk bearing capacity in relation to aggregated risk exposure across all risks type and activities.

(d) Risk mitigation

The Fund has investment guidelines that set out its overall business strategies, its tolerance for risk and its general risk management philosophy. The Manager also has a Compliance Department to ensure that the Fund complies with the various regulations and guidelines as stipulated in its Deed, the Securities Commission's Guidelines on Unit Trust Funds and the Capital Markets and Services Act 2007.

(e) Excessive risk concentration

Risk concentration indicates the relative exposure of the Fund's performance to developments affecting a particular industry or geographical location. Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their abilities to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of foreign exchange risk may arise if the Fund has a significant net position in a single foreign currency, or aggregate net position in several currencies that tend to move together.

As a feeder fund, the Fund relies on the risk management activities undertaken by the Target Fund Manager to avoid or minimise excessive risk concentration.

(f) Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rate, equity prices and currency rates. The maximum risk resulting from financial instruments equals their fair values at the reporting date.

(i) Interest rate risk

Interest rate is a general economic indicator that will have an impact on the management of the Fund regardless whether it is a unit trust fund or otherwise.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

(f) Market risk (contd.)

(i) Interest rate risk (contd.)

Interest rate risk sensitivity

The sensitivity is the effect of the assumed changes in interest rate on the net profit/(loss) for one year, based on the floating rate financial asset held at the end of the reporting period.

The Fund's assets that have an exposure to interest rate as at the financial year end are not sensitive to interest rate risk as the deposit with financial institution has fixed interest rates.

Interest rate risk exposure

The following table analyses the Fund's interest rate risk exposure.

2024	Interest bearing instruments USD	Non-interest bearing instruments USD	Total USD	WAEIR %
Assets				
Investments	-	305,476,427	305,476,427	
Deposit with a financial institution	2,548,025	-	2,548,025	2.95
Derivative financial assets		601,680	601,680

(For the financial year ended 31 May 2024)

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

(f) Market risk (contd.)

(i) Interest rate risk (contd.)

2023	Interest bearing instruments USD	Non-interest bearing instruments USD	Total USD	WAEIR %
Assets				
Investments	-	208,084,478	208,084,478	
Deposit with a financial institution	2,171,782	-	2,171,782	2.95
Other assets	-	10,841,593	10,841,593	
Total assets	<u>2,171,782</u>	<u>218,926,071</u>	<u>221,097,853</u>	
Liabilities				
Derivative financial liabilities	-	1,076,500	1,076,500	
Other liabilities	-	2,727,090	2,727,090	
Total liabilities	<u>-</u>	<u>3,803,590</u>	<u>3,803,590</u>	
Total interest sensitivity gap	<u>2,171,782</u>	<u>215,122,481</u>	<u>217,294,263</u>	

(ii) Equity price risk

Equity price risk is the risk of unfavourable changes in the fair values of equities as the result of changes in the level of equity index and the value of individual investments. The equity price risk exposure arises from the Fund's investment in collective investment scheme.

Equity price risk sensitivity

Management's best estimate of the effect on the income for the financial year and NAV due to a reasonably possible change in equity index, with all other variables held constant is indicated in the table below:

Market Index	Change in equity index %	Effect on income USD	Effect on NAV USD
As at 31.05.2024			
Collective investment scheme	+5.0	15,273,821	15,273,821

TA Global Technology Fund

(For the financial year ended 31 May 2024)

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

(f) Market risk (contd.)

(ii) Equity price risk (Contd.)

Equity price risk sensitivity (Contd.)

Market Index	Change in equity index %	Effect on income USD	Effect on NAV USD
As at 31.05.2023			
Collective investment scheme	+5.0	10,404,224	10,404,224

An opposite movement in the index shown above would have resulted in an equivalent, but opposite impact.

In practice, the actual trading results may differ from the sensitivity analysis above and the difference could be material.

Equity price risk concentration

The following table sets out the Fund's exposure to equity price risk based on its place of domicile of equity instruments as at the reporting date:

	2024		2023	
	USD	% of NAV	USD	% of NAV
Luxembourg	305,476,427	95.72	208,084,478	95.76

(iii) Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rate. Accordingly, the value of the Fund's assets may be affected favourably or unfavourably by fluctuations in currency rates and therefore the Fund will be subject to foreign exchange risks.

Currency risk sensitivity

The following table indicates the currency to which the Fund has significant currency risk exposure at the end of reporting period on its financial assets. The analysis calculates the effect of a reasonably possible movement of the currency rate against USD on income and NAV with all other variables held constant.

TA Global Technology Fund

(For the financial year ended 31 May 2024)

SGD	241,876	7.58%	130,086	5.99%

TA Global Technology Fund

(For the financial year ended 31 May 2024)

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

(g) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge its obligation. The Fund is exposed to the risk of credit related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations to make timely payment of interest, principal and proceeds from realisation of investments.

The Manager manages the Fund's credit risk by undertaking credit evaluation and close monitoring of any changes to the issuer/counterparty's credit profile to minimise such risk. It is the Fund's policy to invest with reputable counterparties. The Manager also closely monitors the creditworthiness of the Fund's counterparties (e.g. dealer, custodian, bank, etc.) by reviewing their credit ratings and credit profile.

Financial assets that are either past due or impaired

There are no financial assets that are either past due or impaired at the end of reporting period.

Credit risk exposure

As at the end of the reporting period, the Fund's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position.

Credit quality of financial assets

TA Global Technology Fund

(For the financial year ended 31 May 2024)

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

(h) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting its obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities or redeem its units earlier than expected. The Fund is exposed to the risk of cash redemption of its units on a regular basis. Units sold to unitholders by the Manager are redeemable at the unitholder's option based on the Fund's NAV per unit at the time of redemption calculated in accordance with the deed.

It is the Fund's policy that the Manager monitors the Fund's liquidity position on a daily basis. The Fund also manages its obligation to pay for redemption of units when required to do so and its overall liquidity risk by requiring a 3-days notice period before redemption.

The Manager's policy is to always maintain a prudent and sufficient level of liquid assets so as to meet normal operating requirements and expected redemption requests by unitholders.

The following table summarises the maturity profile of the Fund's financial assets and financial liabilities. The table also analyses the maturity profile of the Fund's financial assets against the Fund's contractual commitments to provide an overview of the Fund's liquidity.

	Less than 1 month	
	2024	2023
	USD	USD

TA Global Technology Fund

(For the financial year ended 31 May 2024)

18. FINANCIAL RISKS AND MANAGEMENT OBJECTIVES AND POLICIES (CONTD.)

(h) Liquidity risk (contd.)

Notes:

(i) Financial assets

Analysis of financial assets at FVTPL into maturity groupings is based on the expected date on which these assets can be realised. Collective investment scheme has been included in the "Less than 1 month" category on the assumption that this is highly liquid investment which can be realised immediately should all of the Fund's unitholders' capital are required to be redeemed. For other assets, the analysis into maturity grouping is based on the remaining period from the end of the reporting date to the contractual maturity date or if earlier, the expected date on which the assets will be realised.

(ii) Financial liabilities

The maturity grouping is based on the remaining period from the end of the reporting date to the contractual maturity date. When a counterparty has a choice of when the amount is to be paid, the liability is allocated to the earliest period in which the Fund can be expected to pay.

(iii) Equity

As unitholders can request for redemption on their units by giving the Manager a 3-days notice period, equity is categorised as having a maturity of "Less than 1 month". However, the Fund believes that it would be able to liquidate all its investments should the need arise to satisfy all the redemption requirements of the Fund.

19. CAPITAL MANAGEMENT

The primary objective of the Fund's capital management is to ensure that it maximises unitholder's value by expanding its fund size to benefit from economies of scale and achieving growth in NAV from the performance of its investments.

The Fund manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Fund may issue new or bonus units, make distribution payment, or return capital to unitholder by way of redemption of units.

No changes were made in the objectives, policies or processes during the financial years ended 31 May 2024 and 31 May 2023.
